0o0

TAB 5
Status of Urgency Ordinance No. 1698

Mayor Pro Tem Scott expressed his disappointment that staff has not followed through on his request related to the moratorium that becomes problematic when approving projects. This had nothing to do with AB 98, but City staff mixed it in together and hopes it can be resolved.

He inquired about the Renaissance Parkway zone between Linden Avenue and Alder Avenue. The City Council gave clear direction related to the properties currently zoned warehouse that any existing, vacant properties be re-zoned for retail/commercial.

It is the belief of the City Council that it would add more opportunities for retail/commercial along Renaissance Parkway by the freeway that would be very beneficial to the community. He is surprised that it is not marked. He would like to see that return to the City Council and clear zoning conflicts. It needs to be resolved prior to new projects start.

0o0

Director of Community Development Taylor stated she understood.

0o0

Mayor Baca inquired about the truck routes and asked if the truck-zone areas are in compliance with SBCTA as well as traffic congestion. He stated AB 98 is being revised and unsure what the requirements will be. He stated that the moratorium expires today.

0o0

City Attorney Vail stated the City does not have the ability to continue the moratorium. It expires today. Staff has not noticed it for an extension. A report would have to be done.

0o0

Director of Community Development Taylor stated that the information will be addressed at the Economic Development Committee meeting in September 2025. They can bring truck route information as well.

0o0

Mayor Baca stated that it will be very important to have related to changing the warehouse zoning into retail and commercial.

0o0

Mayor Pro Tem Scott clarified that the whole City was not involved in the moratorium, only the marked areas.

0o0

Director of Community Development Taylor stated that the moratorium applied to anything that would have been considered indoor storage based on the code. It applied Citywide to those types of uses.

0o0

Director of Community Development Taylor stated if any were filed after September 30, 2024, they are subject to AB 98.

0o0

Mayor Pro Tem Scott stated that AB 98 is stringent as the moratorium was. AB 98 has to be followed on any project.

0o0

Director of Community Development Taylor stated that is correct.

0o0

Mayor Pro Tem Scott stated there was an extensive transportation study on truck routes. It will need to be revisited for Mayor Baca and EDC's benefit. It is unfortunate that the City allowed the moratorium to expire without doing what needed to be done.

0o0

Mayor Baca asked what can be done.

0o0

City Attorney Vail stated that tonight it will be received and filed. The City Council has given staff direction related to what needs to be revisited. There will be an amendment that makes the City compliant with AB 98 with zone changes.
