Reasons why project is exempt: Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alternation of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. The type of "existing facilities" to be considered exempt is determined by whether the project involves negligible or no expansion of an existing use, and includes existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities. The project includes the repair, maintenance, and minor alteration of existing streets; therefore, the 2017/18 Street Overlay Project, City Project No. 180804, is considered categorically exempt from CEQA.
