Re: Claim for Ginger Rooksby Grable
Date of Loss: 6/30/2024
Location of Loss: Alder and Sunrise Street in the City of Rialto

Dear City of Rialto,

Please accept this letter as a formal request to settle my bodily injury claim due to the negligence of the City of Rialto. On the morning of June 30, 2024, I was out for a walk on a Rialto City sidewalk with my husband on the West side of North Alder, just North of Sunrise Street. As I was walking, all of the sudden I tripped and fell directly onto my face due to a large joint separation in the concrete sidewalk, caused by city tree roots pushing up under the sidewalk. Due to the amount of blood and me screaming in dire pain, my husband frantically called 911 in which I was transported to Arrowhead Regional Medical Center emergency department.

I am a healthy, active, 72 year old woman who is very cautious and aware of my surroundings at all times. Due to a prior accident where I was run over by a scooter, resulting in fracturing my hip and elbow, I am extra cautious and careful when I am out for walks due to my eggshell status. I was wearing comfortable, walking tennis shoes. I have never walked this particular path prior to this incident and was not aware of the dangerous sidewalk that the City of Rialto has failed to upkeep. Had the City of Rialto upkept their sidewalks, this incident would have never occurred. In fact, as evidenced in photos provided, the city had recently been out to that location as there were fresh paint marks on the sidewalks nearby.

Liability:

There is no denying that the City of Rialto is responsible for the upkeep and maintaince of their city sidewalks to ensure pedestrians can safely walk without any tripping hazards. There are no property owners in this specific location that would bear any liability for upkeep at this location as it is all city property. Across the street from where I fell, there is a City of Rialto Fire department. There is also a city public school on the other side of the street. There is fresh paint on the crosswalk near where I fell, as well as paint marks on the sidewalk indicating that city representatives have been out to this location prior to this incident where there was a defect in the sidewalk, yet nothing was done to fix the problem. I have also attached a police report from the officer who came out to the scene. Even city police officer Rusty Lamm

contacted Lieutenant Quarker to make sure that they notified public works that they need to come and fix the defected sidewalk. Your own city employee agreed this was a hazardous condition that needed to be fixed. And yet, here we are almost 5 months post loss and the sidewalk has still yet to be fixed, showing additional negligence on the City of Rialto.

Injuries:

As mentioned above, I was transported to Arrowhead Regional Medical Center via ambulance. My entire face was battered and bruised, and there was an enormous amount of blood, as shown in the attached photographs. My cuts were so severely deep, that they required over 11 stitches to my face. I pride myself on keeping up with my looks, even at my young age of 72, and this absolutely destroyed me. My self-confidence of going out in public and my overall quality of life has changed since this accident. I now live with 2 very noticeable scars on my face that do not appear to be getting any better at this point. I have had to have some aesthetic procedures done to try to cover up and help with the overall appearance of my face, however, it looks like I am ultimately going to need a scar revision surgery. Please see my medical bills to date attached:

City of Rialto Ambulance Service: $1,833.25
Arrowhead Regional Medical Center: $19,890.10
Reverse Gravity Aesthetics: $2,178.50
Future Scar Revision: $7,500-$15,000
Total Specials: $38,901.85

Conclusion:

This incident has taken a tremendous toll on my life, and I can only hope that the city takes responsibility for their negligence in this matter. Further, the city needs to have this fixed so there are no further incidents with other pedestrians. I look forward to hearing from you within 45 days from the date of this letter with regards to a settlement offer. I would like to resolve this issue outside of litigation, but I am prepared to take the next steps should we not come to an amicable agreement to resolve my injury claim. I look forward to hearing from you.

Sincerely,

Ginger Rooksby Grable
