TREASURER'S PORTFOLIO

396,617,330.41	100%
-----------------------	-------------

The City's Treasurer expects to have sufficient cash for the next six months.

The City of Rialto's Investments and funds management is in compliance with the City's Investment Policy and State Mandates. Pooled Investments have liquidity below 30 days, and therefore carry Market Value at Issued Value. Wells Fargo Advisors, JP Morgan Advisors and Clearwater Analytics provided the Market Value of the investments held in custody. US Bank (Corporate Trust Dept.) provided Fiscal Agent information.

TREASURER'S REPORT - GLOSSARY OF TERMS

- ❖ **Accrued Interest** - The interest that has accumulated on a bond since the last interest payment up to, but not including, the settlement date. Accrued interest occurs as a result of the difference in timing of cash flows and the measurement of these cash flows.
- ❖ **Call Date** - The call date is the date on which a bond can be redeemed before maturity. If the issuer feels there is a benefit to refinancing the issue, the bond may be redeemed on the call date at par or at a small premium to par.
- ❖ **Coupon Rate** - A coupon rate is the yield paid by a fixed-income security; a fixed-income security's coupon rate is simply just the annual coupon payments paid by the issuer relative to the bond's face or par value.
- ❖ **Credit Rating** - The credit rating is a financial indicator to potential investors of debt securities such as bonds. These are assigned by credit rating agencies such as Moody's, Standard & Poor's, and Fitch, which publish code designations (such as AAA, B, CC) to express their assessment of the risk quality of a bond.
- ❖ **Original Cost/Amount Invested** - The original cost of an asset takes into consideration all of the costs that can be attributed to its purchase and to putting the asset to use.
- ❖ **Market Value** - is the price an asset would fetch in the marketplace, or the value that the investment community gives to a particular equity or business.
- ❖ **Par Value** - The face value of a bond. Par value is important for a bond or fixed-income instrument because it determines its maturity value as well as the dollar value of coupon payments.
- ❖ **Realized Gain/(Loss)** - Realized gain/loss is the cumulative amount of realized gains and losses resulting from the sale of securities. A realized loss is the monetary value of a loss that results from a trade
- ❖ **StageCoach Sweep Account** – A sweep account automatically transfers cash funds into a safe but higher interest-earning investment option at the close of each business day, e.g. into a money market fund. Sweep accounts try to minimize idle cash drag by capitalizing on the immediate availability of higher-interest accounts.

TREASURER'S REPORT - GLOSSARY OF TERMS

- ❖ **Unrealized Gains/(Loss)** - a profitable/(losing) position that has yet to be cashed in. The actual gain/(loss) is not realized until the position is closed. A position with an unrealized gain may eventually turn into a position with an unrealized loss, as the market fluctuates and vice versa.
- ❖ **Yield** - The income return on an investment. This refers to the interest or dividends received from a security and is expressed as a percentage based on the investment's cost and its current market value.
