1. PROBLEM STATEMENT

The City of Rialto was founded in 1911. In 1950 Rialto was a small community that consisted of only 3,000 residents. The city population and economic activity have grown exponentially in recent years due to the building of major distribution centers in the region.

As of the 2020 Census, Rialto had a population of 104,114 residents. Rialto continues to flourish and is now ranked as the 68th largest city in California and 6th largest in San Bernardino County based on official 2020 estimates from the US Census Bureau. The current city is approximately 28 square miles with an estimated daily population over 200,000. This number includes the thousands of people who visit, shop, or work in the city every day.

In 2018, the Renaissance Marketplace opened adjacent to SR-210 on the north side of our city. Renaissance Marketplace spans across 2.5 acres with almost half million square feet of shopping, entertainment, and eateries. The shopping center brings many shoppers and visitors into the city daily. Renaissance Marketplace hosts many popular restaurants, bars, and entertainment including the Cinemark, Septembers, Texas Roadhouse, and Olive Garden. Vehicular traffic is extremely congested in the retail center and surrounding streets.

In recent years the City of Rialto commercial development has significantly increased. Rialto is home to several commercial warehouses to include, 4-Amazon Warehouses, 2 Target Warehouses, Monster Energy, Medline, Under Armour, Apple, Ricoh, and many others. These commercial warehouses encompass over 20 million square feet and collectively employ over 30,000 people. The majority of whom do not reside in the City of Rialto and utilize the roadways to traverse through the city. The drastic increase in commuter traffic has generated an immense increase in traffic related calls for service as well as complaints from hundreds of residents and employers. The increase in commuter traffic directly related to increased major injury and fatal crashes.

California State Alcoholic Beverage Control reports 47 on-site alcohol consumption licenses for restaurants, bars, and businesses within Rialto. In addition, 61 liquor, convenience and grocery stores have off-site alcohol sales. In 2019, Rialto reported 319 DUI arrests, with an OTS ranking of 48/59 for the year of Group "B" cities. Alcohol related offenses continue to remain a consistent problem. Rialto's continued growth and development of the downtown has led to an increase in bars and alcohol consumption. Preliminary number of DUI arrests for 2020 have increased to 406. Impaired drivers are a consistent problem in the City of Rialto ranging from alcohol, narcotics, to nitrous oxide. The City of Rialto has dedicated two officers strictly assigned to DUI Enforcement which allows coverage throughout the week. The OTS ranking would not be possible without the continuous enforcement from officers dedicated to DUI enforcement and OTS grant funds provided to conduct DUI saturations. Most notably during the first quarter of the 2022 OTS grant the City of Rialto experienced an approximate 300% increase in alcohol involved crashes with injuries.

Based upon OTS ranking for Group "B" cities the City of Rialto ranks 18/59, for fatal/injury traffic crashes, 17/59 for alcohol involved fatal/injury crashes, 28/59 for speed related fatal/injury crashes, and 7/59 for nighttime fatal/injury crashes. Statistical data from OTS indicates the City of Rialto alcohol and speed involved crashes is of growing concern. Specific targeted enforcement is of the upmost importance to protect the motoring public. Although the Rialto Police Department has recognized the concern for traffic safety and has increased the traffic bureau. Increased grant funding for selective enforcement and DUI saturations is a necessity for more visibility and enforcement by officers.

The Rialto Police Department has seen an increase in pedestrian related fatal and major injury traffic crash. The City of Rialto currently has 1.5 miles of the Pacific Electric Trail (PET) converted into a pathway for pedestrians and bicyclists. This distance is continually growing, which will increase the amount of pedestrian and bicycle traffic. The PET intersects with several large intersections, some which we have experienced fatal crashes. Many of these passages do not allow for a standard motorcycle or a patrol vehicle. Secondly, the City of Rialto has enhanced the Downtown shopping district with multiple eateries and bars. The increase in retail has created a growth in the amount of pedestrian traffic, and has correlated to major injury traffic crashes. Often, the department motorcycles are cumbersome and inadequate to address the concerns of pedestrian traffic. The utilization of electric motorcycles will allow the department to utilize green energy and effectively educate and enforce traffic laws to ensure pedestrians and bicyclists are safe. With the addition of the motorcycles, it will increase the available number of officers to aid in the effort of reducing pedestrian/bicycle related crashes.

The City of Rialto has identified traffic education and enforcement as an essential part of law enforcement and works cohesively with the Community Service Bureau to educate the community. An increase in education and enforcement have been shown to reduce traffic offenses, injuries, and fatalities.

The Rialto Police Department has established a positive working relationship with neighboring cities to include the San Bernardino Police Department, San Bernardino Sheriffs-Rancho Cucamonga, and Upland Police Department. The collective partnership and additional enforcement have shown to be a beneficial attribute throughout the year. A continual partnership will allow for increased enforcement and safer roadways. The increased manpower to the Rialto Police Department Traffic Bureau will allow for increased collaborative traffic and DUI enforcement operations.

The Rialto Police Department's Traffic division is currently staffed by (1) Sergeant, (5) motors, (2) daytime traffic cars, (2) commercial enforcement officers, and (2) nighttime DUI Enforcement/Accident Investigation (DUI/AI) officer. The motors work 0600-1600 hours, Monday through Friday whereas the one Traffic enforcement officer provides coverage seven days a week. The 400% increase in staffing to the bureau was in direct correlation to rising concern from fatal and injury crashes.

3. METHOD OF PROCEDURE	
A. <u>Phase 1 – Program Preparation</u> (1st Quarter of Grant Year)	

- The department will develop operational plans to implement the “best practice” strategies outlined in the objectives section.
- All training needed to implement the program should be conducted this quarter.
- All grant related purchases needed to implement the program should be made this quarter.
- In order to develop/maintain the “DUI BOLOs,” research will be conducted to identify the “worst of the worst” repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. The Hot Sheets may include the driver’s name, last known address, DOB, description, current license status, and the number of times suspended or revoked for DUI. DUI BOLOs should be updated and distributed to traffic and patrol officers at least monthly.
- Implementation of the STEP grant activities will be accomplished by deploying personnel at high crash locations.
- Media Requirements Issue a press release approved by the OTS PIO announcing the kick-off of the grant by November 15, but no sooner than October 1. The kick-off release must be approved by the OTS PIO and only distributed after the grant is fully signed and executed. If you are unable to meet the November 15 deadline to issue a kick-off press release, communicate reasons to your OTS coordinator and OTS PIO.

B. Phase 2 – Program Operations (Throughout Grant Year)

- The department will work to create media opportunities throughout the grant period to call attention to the innovative program strategies and outcomes.

Media Requirements

The following requirements are for all grant-related activities:

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the Coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, press releases, social media graphics, videos or posts, or any other OTS-supplied educational material. However, copy the OTS PIO at pio@ots.ca.gov and your OTS coordinator when any material is distributed to the media and public, such as a press release, educational material, or link to social media post. The OTS-supplied kick-off press release templates and any kickoff press releases are an exception to this policy and require prior approval before distribution to the media and public.
- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy to your OTS Coordinator. Optimum lead time would be 7 days prior to the scheduled release date, but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Press releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event highlights or announcements, event invites) are exempt from the OTS PIO approval process. The OTS PIO and your Coordinator should still be notified when the grant-related activity is happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).
- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are exempt from the PIO approval process. However, announcements and results of activities should still be copied to the OTS PIO at pio@ots.ca.gov and your Coordinator with embargoed date and time or with “INTERNAL ONLY: DO NOT RELEASE” message in subject line of email.

- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval. Please send to the OTS PIO at pio@ots.ca.gov for approval and copy your grant coordinator at least 3 business days prior to the scheduled release date.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.
- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult your OTS Coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any press releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- Contact the OTS PIO or your OTS Coordinator for consultation when changes from any of the above requirements might be warranted.

 - Provide a brief summary of quarterly accomplishments and explanations for objectives not completed or plans for upcoming activities.
 - Collect, analyze and report statistical data relating to the grant goals and objectives.

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the “Final Evaluation” section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant’s accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.
