Surrounding Area

To the north of the project site are existing apartments, to the south, east and west, are existing commercial businesses. Eisenhower High School located west of Willow Avenue as well.

ANALYSIS/DISCUSSION:

Project Proposal

The applicant, TexGreen Inc, proposes placing two green metal collection bins (each approximately 6.5' h x 4' w x 4' d) for recycling clothes within the parking lot of the project site (**Exhibit B**). The bins will be in one parking space approximately 68 feet north of the Taco Bell building (**Exhibit C**). The applicant will empty, clean and maintain the bin at least five (5) times per week, and in case of urgent need will respond within 12 hours to address any issues.

Entitlement Requirements

Per Section 18.108.040. of the Rialto Municipal Code, the placement of a small recycling bin for the purpose of clothing donation requires submittal and Planning Commission approval of a Conditional Development Permit (CDP2024-0020).

Parking

The use of one parking space for the bins will not affect the shopping center's minimum parking requirement. The existing shopping center has 760 parking spaces. This quantity exceeds the minimum parking requirement (730 spaces) as shown in the parking calculation chart below and as required by Chapter 18.58.050 (Off-Street Parking) of the Rialto Municipal Code:

Type of Use		Floor Area (square feet)	Parking Ratio	Number of spaces required
<u>Commercial</u>	Ground floor Above ground	182,458 0	1 / 250 1 / 300	730 0
Total Required/Total Provided				730/760

Land Use Compatibility

The project is compatible with the Community Shopping Center (C-1A) zone, the surrounding uses, and Chapter 18.108 (Regulation of Recycling Facilities) of the Rialto Municipal Code. The project site currently contains retail uses, which are generally compatible with the proposed recycling bin. The project is anticipated to be a benefit to the community by creating a convenient location to donate clothing.

GENERAL PLAN CONSISTENCY:

The project is consistent with the following goal of the Land Use Element of the Rialto General Plan:

Goal 2-34: Achieve waste recycling levels that meet or exceed State mandates. Achieve maximum waste recycling in all sectors of the community: residential, commercial, industrial, institutional, and construction.

Policy 2-34.2: Utilize source reduction, recycling, and other appropriate measures to reduce the amount of solid waste generated in Rialto that is disposed of in landfills.

ENVIRONMENTAL IMPACT:

The project is Categorically Exempt from requirement of the California Environmental Act (CEQA) in accordance with CEQA Section 15311 Accessory Structures, which allows for the placement of accessory structures within existing commercial developed properties, such as the project.

PUBLIC NOTICE:

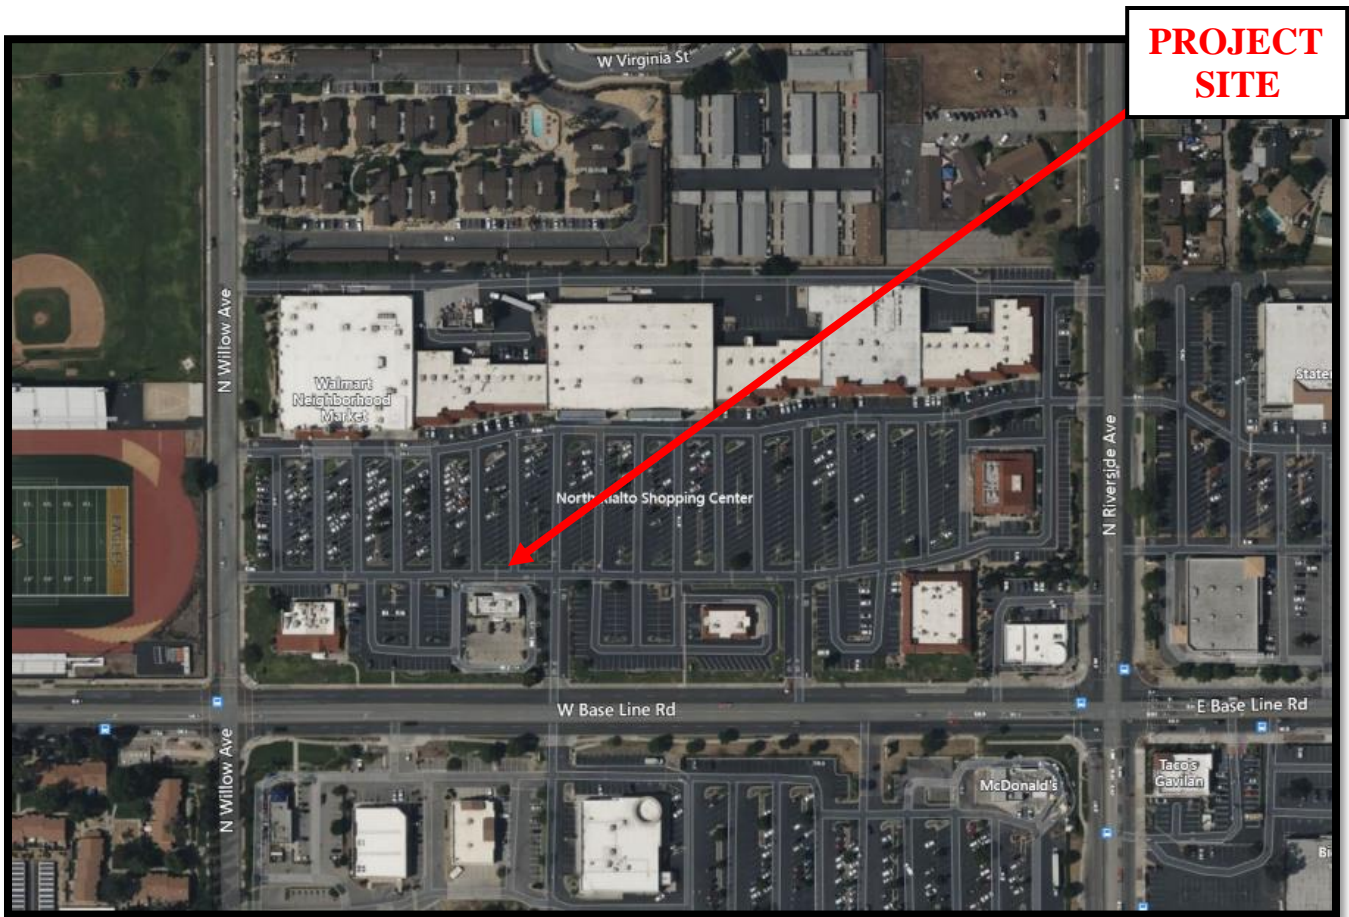

The City mailed public hearing notices for the proposed project to all property owners within 660 feet of the project site, posted public notices at the site and City Hall, and published the public hearing notice in the *San Bernardino Sun* newspaper as required by State law.

RECOMMENDATION:

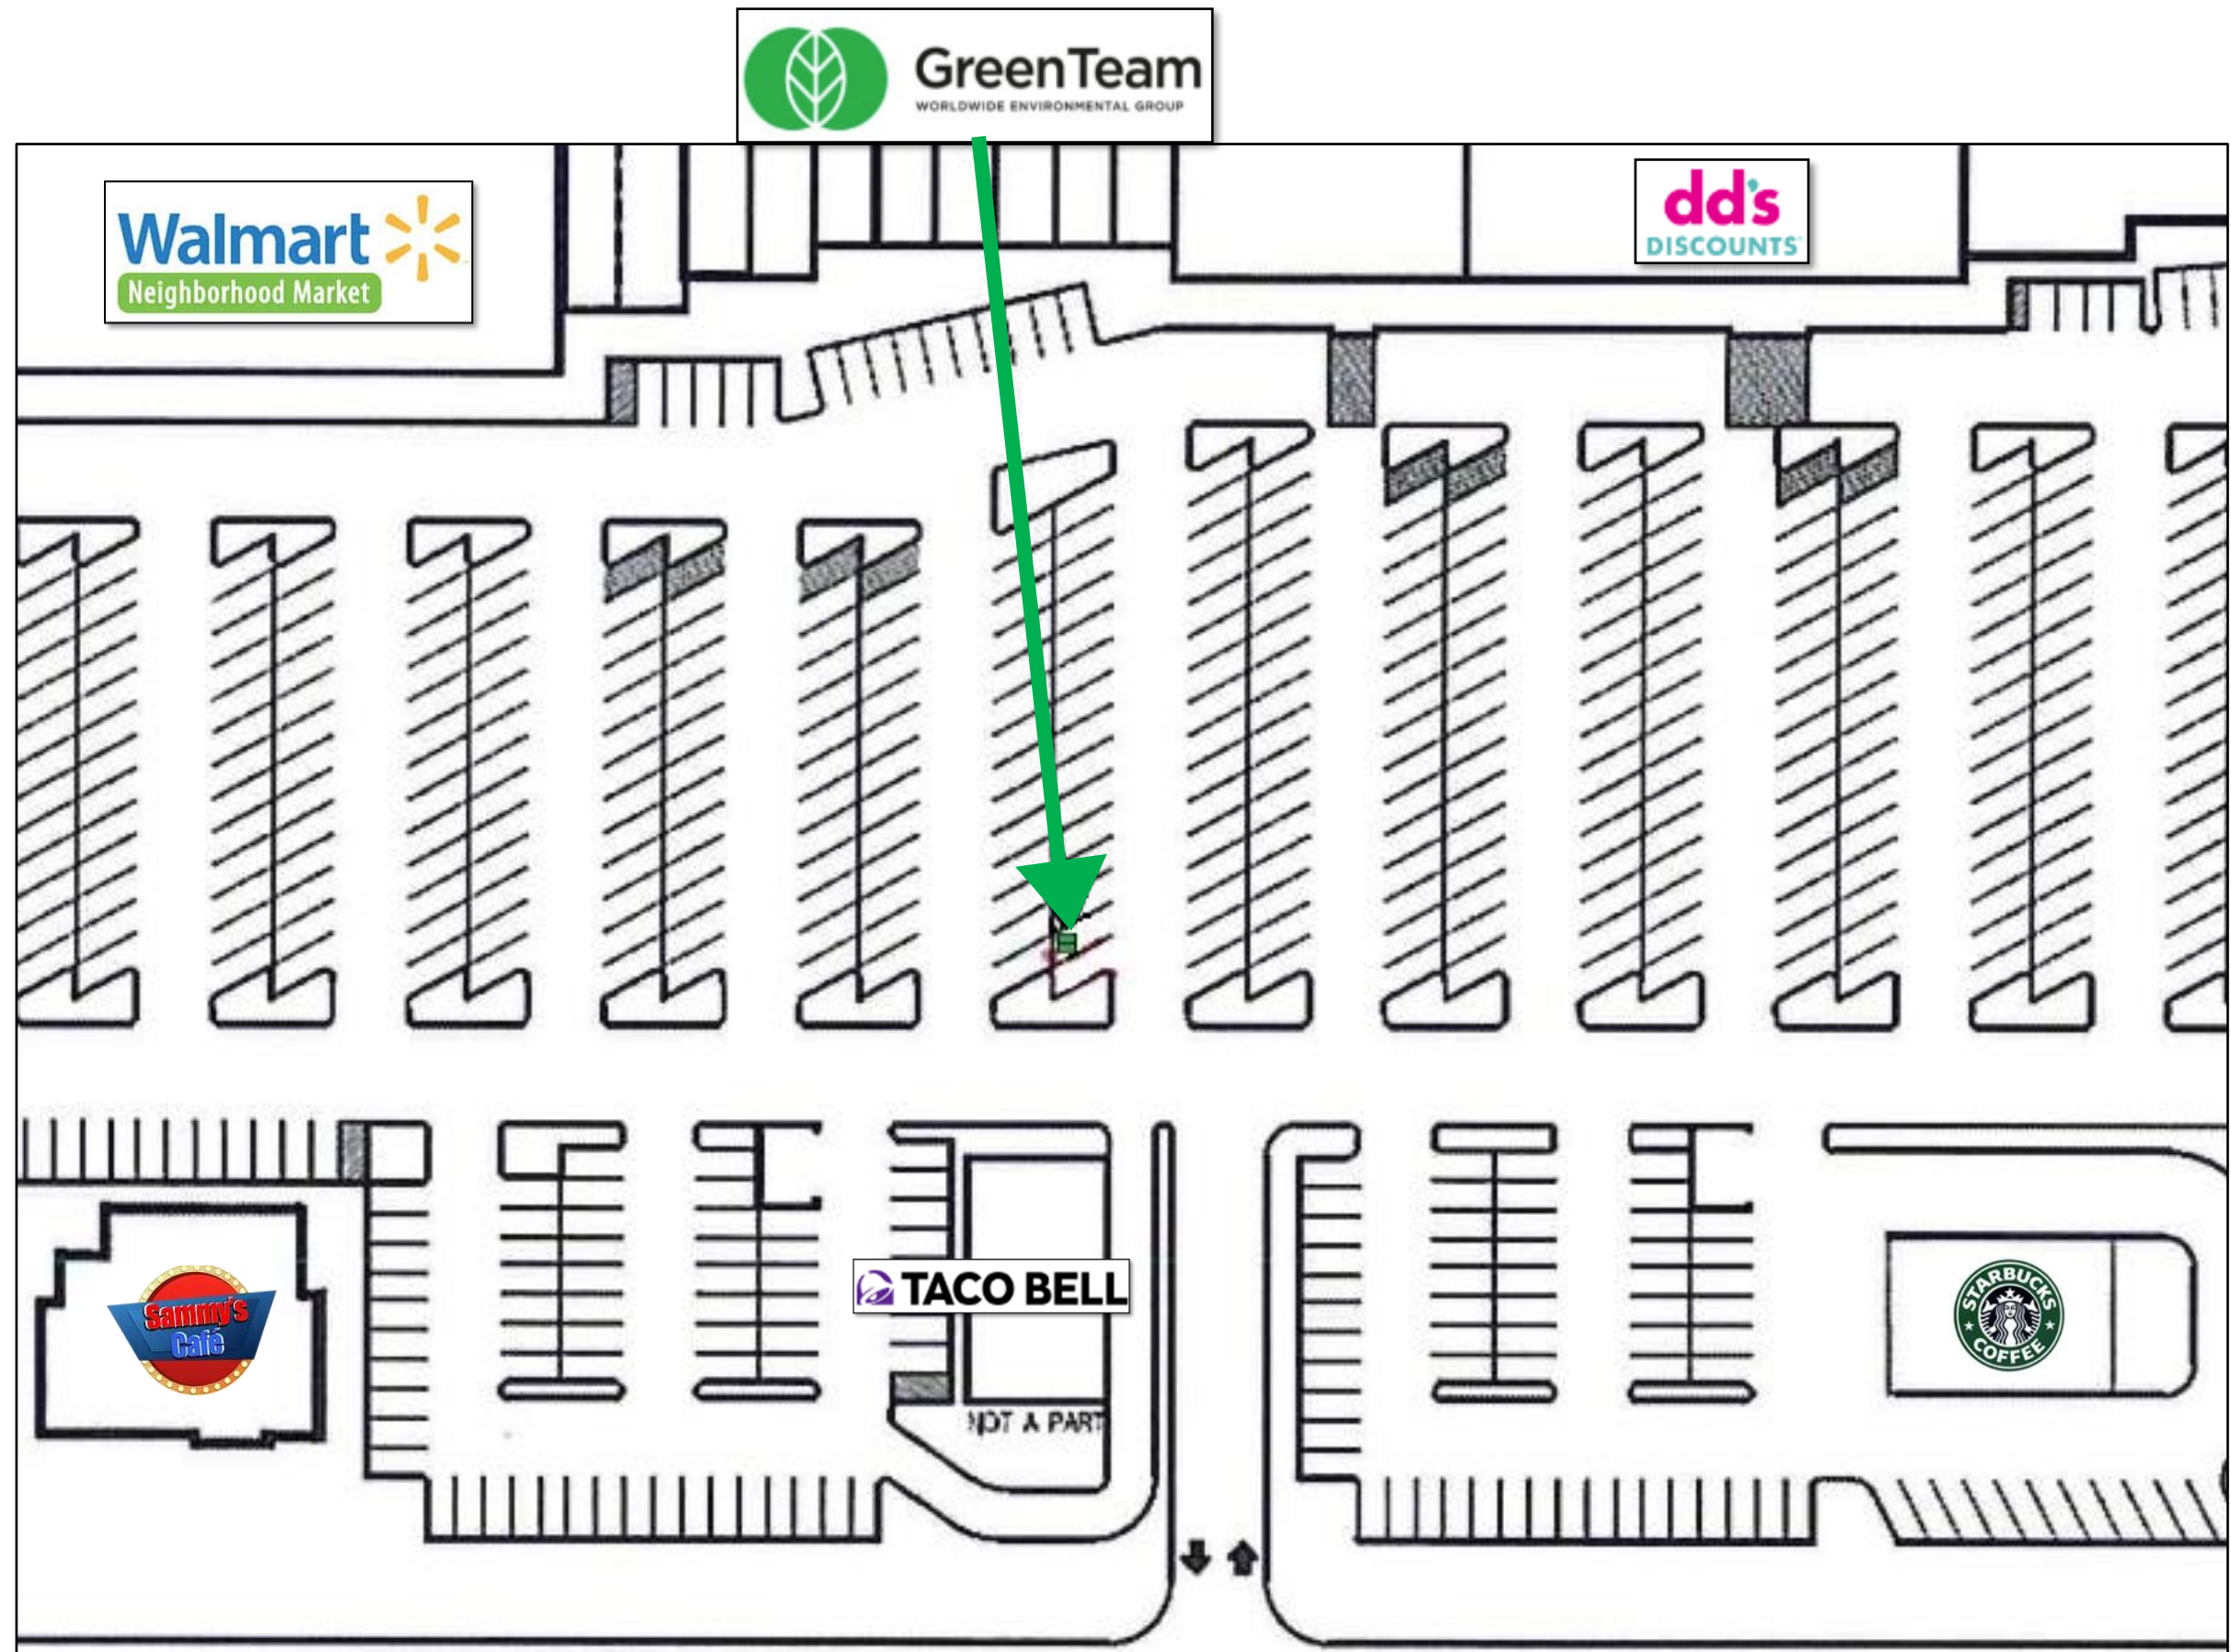

The Planning Division recommends that the Planning Commission:

1. Determine that the project is categorically exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Section 15311, Accessory Structures, of the CEQA Guidelines and direct Staff to file the Notice of Exemption with County of San Bernardino; and,
2. Approve Conditional Development Permit No. 2024-0020 (**Exhibit D**) subject to the attached findings and conditions of approval.

RESOLUTION NO. 2025-XX

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF RIALTO, CALIFORNIA APPROVING CONDITIONAL DEVELOPMENT PERMIT NO. 2024-0020 ALLOWING THE PLACEMENT OF TWO SMALL RECYCLING BINS FOR CLOTHING DONATION PURPOSES WITHIN AN EXISTING COMMERCIAL SHOPPING CENTER LOCATED AT 240 W. BASELINE ROAD (APN: 0127-261-07) WITHIN THE COMMUNITY SHOPPING CENTER (C-1A) ZONE.

WHEREAS, the applicant, TexGreen Inc., proposes to place two small recycling bins for clothing donation purposes within an existing commercial shopping plaza located at 240 West Baseline Road (APN: 0127-261-07) in a Community Shopping Center (C-1A) zone; and

WHEREAS, pursuant to Section 18.108.030(B) of the Rialto Municipal Code, the placement of a small collection recycling facility for clothing donation purposes, such as the Project, requires a conditional development permit, and the applicant has applied for a conditional development permit (“CDP No. 2024-0020”); and

WHEREAS, on September 3, 2025, the Planning Commission of the City of Rialto conducted a duly noticed public hearing, as required by law, on CDP No. 2024-0020, took testimony, at which time it received input from staff, the city attorney, and the applicant; heard public testimony; discussed the proposed CDP No. 2024-0020; and closed the public hearing; and

WHEREAS, all legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Rialto as follows:

SECTION 1. The Planning Commission hereby specifically finds that all of the facts set forth in the recitals above of this Resolution are true and correct and incorporated herein.

SECTION 2. Based on substantial evidence presented to the Planning Commission during the public hearing conducted with regard to CDP No. 2024-0020, including written staff reports, verbal testimony, site plans, other documents, and the conditions of approval stated herein, the Planning Commission hereby determines that CDP No. 2024-0020 satisfies the requirements of

Section 18.108.030 of the Rialto Municipal Code pertaining to the findings which must be made precedent to granting a conditional development permit. The findings are as follows:

1. The proposed use is deemed essential or desirable to provide a service or facility which will contribute to the convenience or general well-being of the neighborhood or community; and

This finding is supported by the following facts:

The Project will provide a benefit to the community and neighborhood by providing residents and visitors a convenient and accessible location for residents to properly donate their clothing.

2. The proposed use will not be detrimental or injurious to health, safety, or general welfare of persons residing or working in the vicinity; and

This finding is supported by the following facts:

The properties to the north of the Site consist of existing multi-family residential homes within the Multi-Family Residential (R-3) zone. The properties to the south consist of existing shopping centers in C-1A and Neighborhood Commercial (C-1) zones. The property to the east consists of an existing shopping center in a C-1A zone. The property to the west consists of Eisenhower High School in a Single-Family (R-1C) zone.

The proposed small recycling bins are consistent with the C-1A zone, Chapters 18.58 (Off Street Parking) and 18.108 (Regulation of Recycling Facilities) of the Rialto Municipal Code, and the surrounding land uses. Two small recycling bins for clothing donation purposes are generally compatible with the other retail uses and services found on the Site.

3. The site for the proposed use is adequate in size, shape, topography, accessibility, and other physical characteristics to accommodate the proposed use in a manner compatible with existing land uses; and

This finding is supported by the following facts:

The Site is developed with twelve commercial buildings, parking areas, landscaping, and street access to North Willow Avenue, West Baseline Road, and North Riverside Avenue. The proposed small recycling bins are proposed to be in one parking space approximately 68 feet north of Taco Bell that will not disrupt or obstruct any vehicular access areas, minimum parking requirements, pedestrian access areas, or landscaped areas.

4. The site has adequate access to those utilities and other services required for the proposed use; and

1 *This finding is supported by the following facts:*

2 The Site has adequate access to all utilities and services required through main water, electric,
3 sewer, and other utility lines that are already hooked up to the Site. The small recycling bin
4 itself will not require any utilities.

- 5 5. The proposed use will be arranged, designed, constructed, and maintained so as it will not
6 be injurious to property or improvements in the vicinity or otherwise be inharmonious
7 with the General Plan and its objectives, the Commercial Shopping Center (C-1A) zone,
8 or any zoning ordinances; and

9 *This finding is supported by the following facts:*

10 The proposed small recycling bin will be located within an existing shopping center that will
11 be maintained in a manner that is consistent with the C-1A zone. The operation of two small
12 recycling bins is consistent with the C-1A zone. If all Conditions of Approval contained
13 within CDP No. 2024-0020 are satisfied, the Project should not negatively impact any of the
14 neighboring land uses.

15 Additionally, the proposed use is consistent with Goal 3-1 of the General Plan by contributing
16 to the strengthen and diversify the economic base and employment opportunities, and
17 maintain a positive business climate.

- 18 6. Any potential adverse effects upon the surrounding properties will be minimized to every
19 extent practical and any remaining adverse effects shall be outweighed by the benefits
20 conferred upon the community or neighborhood.

21 *This finding is supported by the following facts:*

22 The Conditions of Approval contained herein will minimize the Project's impacts. The
23 granting of CDP No. 2024-0020, allowing the placement of two small recycling bins, will
24 provide residents and visitors an additional option for recycling un-used articles of
25 clothing. Therefore, any potential adverse effects are outweighed by the benefits conferred
26 upon the community and neighborhood.

27 Additionally, the proposed use is consistent with Goal 2-34 of the General Plan by achieving
28 waste recycling levels that meet or exceed State mandates. Achieve maximum waste recycling
in all sectors of the community: residential, commercial, industrial, institutional, and
construction.

29 SECTION 3. The project is Exempt in accordance with the categorical exemption
30 requirements of the California Environmental Quality Act (CEQA) Section 15311 Accessory
31 Structures. The project consists of the placement of two small recycling bins for clothing donation

1 purposes within an existing commercial development. No further environmental review is required
2 for CDP No. 2024-0020.

4 and application on file with the Planning Division, subject to the following conditions:
