0o0

No one came forward.

0o0

Motion by Mayor Pro Tem Scott, second by Council Member Montoya, Jr. and carried by a 5-0 vote to close the Public Hearing.

0o0

Mayor Pro Tem Scott inquired about the future maintenance of the facility and asked if funding has been identified and if any will be through grant funding.

0o0

Interim Director of Utilities Rossi stated it will not be funded by grant funding. The operational costs have not yet been identified. They will need to work with Public Works and Community Services. The maintenance of the pumps will be on a minor scale. Plants and materials have not been identified.

0o0

Mayor Pro Tem Scott inquired about the water facility and asked if it will be maintained and operated through a separate contract with RWS.

0o0

Interim Director of Utilities Rossi stated or it could also be operated by City staff. It has not been determined, but it will not be part of the concession agreement.

0o0

Mayor Baca asked how long the construction project will last.

0o0

Mr. Pivovarov with Dopudja & Wells stated approximately 18 months.

TAB 1

Adopt Resolution No. 8344 Approving a Mitigated Negative Declaration for project in Accordance with the California Environmental Quality Act and RUA Resolution No. 08-41 Approving a Mitigated Negative Declaration for project in Accordance with the California Environmental Quality Act

Mayor Baca asked for clarification that the lake will not be available for swimming or fishing. The public should be made aware.

0o0

Interim Director of Utilities Rossi stated that is correct.

0o0

Mayor Baca asked if there would be a fence preventing the public from utilizing the lake.

0o0

Mr. Pivovarovoff stated there will be a three-rail picket fence in certain areas. They will work with staff about signage or guardrails along the walking trails. There will be fencing along the steeper slopes by the community center.

0o0

Interim Director of Utilities Rossi stated the public has access to the river and channels. Safety will be addressed.

0o0

Mayor Baca asked if signage will include trail hours.

0o0

Mayor Pro Tem Scott stated that the public will be visiting for educational purposes and will always be accompanied by habitat staff or volunteer member. The public will not be allowed to walk the trail themselves.

0o0

Mayor Baca asked about the trail.

0o0

Mayor Pro Tem Scott stated the trail will have the same model as the two habitats in Orange County. Staff and volunteers will always be joining them.

0o0

Mayor Baca stated that, essentially, the public cannot walk on their own.

0o0

Interim Director of Utilities Rossi stated correct.

TAB 4

Provide Direction to Staff to Continue the use of City Standards and other approved Standards; allow modifications to these Standards

Tim Sullivan, Assistant City Manager, presented staff report to Request the City Council to: 1) Provide Direction to Staff to Continue the use of City Standards and Other approved Standards, and 2) Allow Modifications to These Standards Where Applicable and Approved by the City Engineer.

0o0

Mayor Baca inquired about the curb ramp designs and referenced the current design and asked if it was ADA compliant.

0o0

Assistant City Manager Sullivan stated it is ADA compliant for the present sidewalk.

0o0

Mayor Baca stated there is no sidewalk to the right.

0o0

Assistant City Manager Sullivan stated correct. There is no sidewalk there. There is no right of way.

0o0

Council Member Carrizales stated there is sidewalk to the north.

0o0

Mayor Baca stated that if one wanted to go in the direction to the right, there is no right of way because of the way it's built.

0o0

Assistant City Manager Sullivan stated in this case, one would have to walk across the street. There is a sidewalk on the opposite side and then head upwards.

0o0

Mayor Baca asked if this also applies to bicycle trails.

0o0

Assistant City Manager Sullivan stated ADA standards do apply to bicycle trails. On the Pacific Electric trail, alternations would be transitions from the bicycle path to the sidewalk or end of the roadway. The P.E. trail would steer away from these modifications to a standardized method and build the wider path to handle the volume of travel.

0o0

Mayo Baca stated it is a misdemeanor to ride your bicycle on the sidewalk, and riders could receive a citation. You have to use the bicycle trails. The public is not aware. He sees children riding on the sidewalks.

0o0

TAB 4

Provide Direction to Staff to Continue the use of City Standards and other approved Standards; allow modifications to these Standards

Assistant City Manager Sullivan thanked Council Member Carrizales that spoke on the type of cobble. The City needs to focus on one type of cobble and be the standard.

0o0

Mayor Pro Tem Scott referenced curb ramp design SC-215 Case B Type 2 and clarified that that design is to denote that it is not a sidewalk area and it is generally done for vision-impaired individuals.

0o0

Assistant City Manager Sullivan stated that is one benefit of using cobble.

0o0

Mayor Pro Tem Scott asked when does that prevail over children's safety at a school crossing.

0o0

Assistant City Manager Sullivan stated the designated path of travel is the sidewalk itself not the parkways.

0o0

Mayor Baca commented that pedestrians would need to take a walking detour to get to the opposite side of the street since there are no sidewalks.

0o0

Assistant City Manager Sullivan stated that the use of cobble is not consistent on the height and spacing.

0o0

Mayor Pro Tem Scott commented that an intersection near a school by Sycamore Avenue with a lot of foot traffic and not enough sidewalk space causes the students to walk over the cobble creating a safety concern.

He asked if the cobble should be limited to certain locations.

0o0

Assistant City Manager Sullivan stated that a concrete deck would be an alternative to cobble. This may create a higher than the standard eight-inch curb for the visually impaired pedestrians. There needs to be a delineation between the colors for clear visibility for pedestrians.

0o0

Mayor Baca recommended a policy or procedure in place and suggested a study on the cobble curb design location for ADA and school safety purposes.

0o0

TAB 4

Provide Direction to Staff to Continue the use of City Standards and other approved Standards; allow modifications to these Standards

Assistant City Manager Sullivan stated he will develop a plan and bring it before the City Council.

0o0

Council Member Carrizales thanked Assistant City Manager Sullivan for the due attention to this topic. The City Council is looking for standardization across the City and schools. As a former Rialto Neighborhood & Housing Preservation & Beautification Commissioner, he sees this as an opportunity to beautify the City. The quality of work being delivered and proper investment are highly important. Concrete projects are for a lifetime, so they need to be done right.

0o0

Motion by Council Member Carrizales, second by Mayor Pro Tem Scott. and carried by a 5-0 vote to Provide Direction to Staff to Continue the use of City Standards and Other approved Standards and Allow Modifications to These Standards Where Applicable and Approved by the City Engineer.
