Subject: Proposed Project on Valley Blvd, Rialto

Hi Jeremy,

We are working on a traffic study for a proposed project in the City of Rialto. It is located along Valley Boulevard between Spruce Avenue and Cactus Avenue. As part of the scoping with Gene Klatt at the City of Rialto, he recommended I reach out to you to get more information about the following topics:

1. Verify the trip distribution is acceptable
2. Update on the Cedar / I-10 interchange – is that you or SBCTA?
3. Anything else we should be aware of as we do our traffic study?

I obtained information on the Valley Corridor Specific Plan from Linda Mawby so I can include that into the traffic study.

I have attached our signed scoping agreement with the City of Rialto for reference.

Mychal Loomis, P.E.
