**F.5  
Resolution No. 7798 Requesting the State  
of California Delay SB 1383 by Five Years**

Mayor Pro Tem Scott stated it is supposed to take effect on January 1<sup>st</sup>, 2022. I would vote against this item if it was before us tonight. I have a real problem voting on Items that have already been mandated by the State of California by people that we elect as legislators, have voted for this, they've put into place. They mandate us as a City to do it. Then we have to take a vote to implement it when it's already a mandated program. It makes it look to our community that we are putting these ridiculous regulations in place, and we get blamed for it. This is an Item that I will not vote for when it does come forward. So I do support a five-year extension. It's important to note that this involves food waste. The additional fee to the residents will be between \$5.00-10.00 per month on trash bills. If you compost, you still have to pay the additional fee. Monitoring of watering City landscape will be required. That will be expensive. This is something that has been put in place by Sacramento that has not been well thought out. It needs to be looked at. It needs to be changed and adjusted. I'm all for conservation but educating people to reuse food waste and green waste is a much better idea than mandating it be put in plastic bags and put in trash containers.

I encourage my fellow City Council Members to take a good look when it when it comes before us again.

0o0

City Clerk McGee stated there is a speaker.

0o0

**ORAL COMMUNICATION**

Ana Gonzales with CCAEJ Center for Community Action and Environmental Justice addressed the City Council urging not to adopt Resolution No. 7798.

0o0

Mayor Pro Tem Scott stated that if the City does not adopt Resolution No. 7798 by the first of the year, the City will be fined by the State if we do not extend it. Ms. Gonzales has good ideas about education versus mandates. I hope the State realizes there's a better way to do this.

**TAB 1  
Receive an Update and Confirm the Continued Existence of and Provide Further Direction to the Local Emergency in Response to COVID-19 Outbreak**

Mayor Pro Tem Scott inquired on President Biden’s direction for mandatory vaccinations for businesses with more than 100 employees. I know it’s been stayed by a Federal judged. I assume something will happen eventually.

What is the City’s policy on vaccinations? Have we moved towards mandatory vaccinations?

0o0

City Attorney Vail stated currently the City does not have a mandatory vaccination requirement that’s imposed locally. It’s currently under the existing CAL-OSHA requirements. The new Federal OSHA requirement will apply to Cities in the State of California because California has an approved Federal plan that makes us subject to the new OSHA rule. There’s some time before it’s implemented. At least the Fifth Circuit Federal Court has stayed. It is unclear whether that stay affects all other circuits. Rialto is in the 9<sup>th</sup> Circuit. Our indication is that we are likely going to have to comply with that rule. In basic terms, the rule says all employees will have to be vaccinated. And if they’re not, they’ll have to be tested for COVID-19 weekly. We’ll provide you further update with that as soon as we have a little more clarity on some of those issues.

0o0

Mayor Pro Tem Scott stated the Fire Union has taken a stand of opposing mandatory vaccinations. I assume our police have too. I just want to state for the record that I support them in that opposition. I’m not an anti-vaxxer. I’ve had all three vaccines. I’ve had COVID-19 in the middle of those vaccines, but I think it’s a personal choice. I don’t think it should be mandated. I stand solid with Rialto Firefighters and Rialto Police on that issue.

0o0

Motion by Council Member Carrizales, second by Council Member Perez and carried by a 4-0 vote to Receive an Update on and Confirm the Continued Existence of and Provide any Further Direction in Relation to the Local Emergency Throughout the City of Rialto in Response to the COVID-19 Outbreak.

Council Member Trujillo asked if the current sales tax revenue will be used for operations or project purposes.

0o0

**TAB 2  
General Fund Revenue and Expenditures  
First Quarter of FY 2021-22**

City Manager Fuller stated at the mid-year update there will be more conversation because that's when the budget will be amended and determine what will be done with the increased revenue in the budget. We don't know what effort will occur with the State Legislature in trying to pull that revenue away from cities with fulfillment centers so it's hard to plan long term if that revenue is going to be recurring and determine if the State can clock back if they decide to do something a few years from now how far back.

We have to be involved with the California Cities, our efforts with our State Legislatures because it will have a real direct impact on cities like Rialto with fulfillment centers. It's hard to answer the question at this point. In my mind, it's one time revenue, until we know and have some confidence there won't be a political effort to take it away from cities like Rialto.

Motion by Council Member Carrizales, second by Council Member Trujillo and carried by a 4-0 vote to Receive and File the General Fund Revenue and Expenditures for First Quarter of Fiscal Year 2021-22. Mayor Robertson was absent.

**TAB 4  
Amnesty Program for Unpermitted  
Construction During the COVID-19  
Pandemic**

Marcus Fuller, City Manager, presented staff report to Request City Council to Review and Consider Approval of the Proposed Rialto Amnesty Program for Unpermitted Construction During the COVID-19 Pandemic.

0o0

Mayor Pro Tem Scott stated this program had been discussed for three or four years. We should offer an opportunity for people to be permitted and up to code so that we should offer amnesty and not have to pay a permit fee. We want to encourage people to get their projects permitted and up to date.

0o0

**TAB 4  
Amnesty Program for Unpermitted  
Construction During the COVID-19  
Pandemic**

Mayor Pro Tem Scott stated the City has a bad habit of permitting projects and never doing final inspections. I believe we have a number of projects that have been completed and never been final inspected. In most of those cases, they have gone most of the year. I think we ought to follow up on those projects and include that in the amnesty if all they need is a final inspection we wouldn't recharge them the fee for the permit. I would like to see it included in there. We should have a timeframe. We have talked about 90 days. We should have a program that we roll out, it's well advertised, and give people the opportunity in legal compliance with everything they have done on their property.

0o0

Council Member Trujillo asked if this information would be translated as well and requested to add the agency contact information to the advertisement.

0o0

City Manager Fuller stated yes, it would be. And the information will be added.

0o0

Council Member Carrizales emphasized the roll out needs to give the community enough time and stressed the importance of reaching out to the Spanish-speaking community as well.

0o0

City Manager Fuller suggested 60 days to allow for a community outreach program then 90 days thereafter to let this be successful.

0o0

Council Member Carrizales believed it will require more than 90 days for outreach.

0o0

Mayor Pro Tem Scott stated the time can be extended.

0o0

Council Member Carrizales recommended a year especially for those who are coming out of COVID-19, having the means getting the permits.

0o0

Mayor Pro Tem Scott stated it will waive permit fees.

0o0

0o0

Council Member Carrizales stated he just wants to make certain there is enough time so the entire need is captured.

0o0

Mayor Pro Tem Scott recommended City Manager's suggestion, the 60 days; then 90 days. Then extend it if necessary.

Motion by Council Member Perez, second by Council Member Carrizales and carried by a 4-0 voted to approve the Proposed Rialto Amnesty Program for Unpermitted Construction During the COVID-19 Pandemic for 60 days; 90 days thereafter.
