25 WHEREAS, all legal prerequisites to the adoption of this Resolution have occurred.

26 NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Rialto
27 as follows:
28

1 SECTION 1. The Planning Commission hereby specifically finds that all of the facts set forth
2 in the recitals above of this Resolution are true and correct and incorporated herein.

3 SECTION 2. Based on substantial evidence presented to the Planning Commission during
4 the public hearing conducted with regard to CDP No. 2023-0027, including written staff reports,
5 verbal testimony, site plans, other documents, and the conditions of approval stated herein, the
6 Planning Commission hereby determines that CDP No. 2023-0027 satisfies the requirements of
7 Section 18.66.020 of the Rialto Municipal Code pertaining to the findings which must be made
8 precedent to granting a conditional development permit. The findings are as follows:

- 9 1. The proposed use is deemed essential or desirable to provide a service or facility
10 which will contribute to the convenience or general well-being of the neighborhood
11 or community; and

12 *This finding is supported by the following facts:*

13 The Project is anticipated to be a benefit to the community and an improvement to the
14 surrounding area by providing a fueling choice for consumers at a convenient location near
15 the intersection of Pepper Avenue and the SR-210 Freeway, which is one of the busiest
16 intersections in the City of Rialto, and is currently void of any vehicle fuel stations. The
Project will provide a more diverse economic base for the surrounding area and will
provide necessary goods and services for the residents and travelers within the City.

- 17 2. The proposed use will not be detrimental or injurious to health, safety, or general
18 welfare of persons residing or working in the vicinity; and

19 *This finding is supported by the following facts:*

20 The development of a vehicle fuel station on the Site is consistent with the underlying
21 Community Commercial (CC) land use district of the Pepper Avenue Specific Plan, which
22 conditionally permits the development and operation of vehicle fuel stations. To the north
23 of the Site is approximately 1.18 acres of vacant land planned for the development of a
24 restaurant building with drive-thru service, and to the east is approximately 11.65 acres of
25 vacant land planned for the development of a 224,566 square foot industrial warehouse
26 building. To the south is approximately 23.82 acres of vacant land entitled for the
27 development of a 470,000 square foot industrial warehouse building, and to the west,
28 across Pepper Avenue, is approximately 3.83 acres of vacant land. There are no sensitive
use adjacent to or across the street from the Site. The project is not expected to negatively
impact any uses with the successful implementation of measures such as landscape
buffering and aesthetic building enhancements.

- 1 3. The site for the proposed use is adequate in size, shape, topography, accessibility and
2 other physical characteristics to accommodate the proposed use in a manner
3 compatible with existing land uses; and

4 *This finding is supported by the following facts:*

5 The Site consists of 1.46 acres of vacant land that is fairly level and adjacent to one (1) public
6 street. The Site will be accessible from a sixty-five (65) foot wide signalized shared
7 driveway connected to Pepper Avenue on the south end of the Site. Upon completion of
8 the Project, the Site will contain 32 parking spaces, seventeen (17) more parking spaces
9 than required by Chapter 18.58 (Off-Street Parking) of the Rialto Municipal Code. In
10 addition, the development will have a trash enclosure, lighting, and accessible pathways
11 leading to the public right-of-way.

- 12 4. The site has adequate access to those utilities and other services required for the
13 proposed use; and

14 *This finding is supported by the following facts:*

15 The Site has adequate access to all utilities and services required through main water, electric,
16 sewer, and other utility lines that will be hooked up to the Site as part of the proposed Project.

- 17 5. The proposed use will be arranged, designed, constructed, and maintained so as it will
18 not be injurious to property or improvements in the vicinity or otherwise be
19 inharmonious with the General Plan and its objectives, the Foothill Boulevard Specific
20 Plan, or any zoning ordinances; and

21 *This finding is supported by the following facts:*

22 The Project is consistent with the underlying Community Commercial (CC) land use
23 district of the Pepper Avenue Specific Plan. The Project will feature a high-quality
24 building exterior designed in compliance with the City's Design Guidelines. Landscaping
25 has been abundantly incorporated into the site. The landscape coverage for the Project is
26 21.8 percent, which greatly exceeds the minimum required amount of 10.0 percent.
27 Landscape planters containing trees spaced every thirty (30) linear feet will be installed
28 along the entire perimeter of the Site. Furthermore, the Project includes the installation of
29 32 parking spaces, seventeen (17) more parking spaces than required by Chapter 18.58
30 (Off-Street Parking) of the Rialto Municipal Code.

- 31 6. Any potential adverse effects upon the surrounding properties will be minimized to
32 every extent practical and any remaining adverse effects shall be outweighed by the
33 benefits conferred upon the community or neighborhood as a whole.

34 *This finding is supported by the following facts:*

1 The Project's effects will be minimized through the implementation of the Conditions of
2 Approval contained herein, and through the implementation of Conditions of Approval
3 imposed by the Development Review Committee during the Precise Plan of Design
4 Process, such as extensive landscaping, a decorative trash enclosure, decorative paving,
5 and enhanced architectural features. The development of a vehicle fuel station, a
6 convenience market, and a car wash along a major arterial street, such as Pepper Avenue,
7 will provide additional employment opportunities and a convenient location for residents
8 and visitors to purchase fuel and other goods. Additionally, the applicant will implement
9 landscape buffering and a Crime Prevention Plan, which has been endorsed by the Rialto
10 Police Department, as a means to minimize crime and nuisance activities generated by the
11 Project. Therefore, any potential adverse effects are outweighed by the benefits conferred
12 upon the community and neighborhood as a whole.

9 SECTION 3. An Addendum to the Pepper Avenue Specific Plan Amendment and Industrial
10 Development Project Subsequent Environmental Impact Report (Environmental Assessment Review
11 No. 2023-0048) has been prepared for the Project in accordance with the California Environmental
12 Quality Act (CEQA), and it has been determined that the proposed Project would result in no new
13 significant impacts that were not analyzed in the Pepper Avenue Specific Plan Amendment and
14 Industrial Development Project Subsequent Environmental Impact Report ("SEIR"), nor would the
15 proposed Project cause a substantial increase in the severity of any previously identified
16 environmental impacts. The potential impacts associated with proposed Project would either be the
17 same or less than those described in the SEIR. In addition, there are no substantial changes to the
18 circumstances under which the proposed Project would be undertaken that would result in new or
19 more severe environmental impacts than previously addressed in the SEIR, nor has any new
20 information regarding the potential for new or more severe significant environmental impacts been
21 identified. The Planning Commission hereby adopts the Addendum to the Pepper Avenue Specific
22 Plan Amendment and Industrial Development Project Subsequent Environmental Impact Report
23 (Environmental Assessment Review No. 2023-0048) for the Project.

24 SECTION 4. CDP No. 2023-0027 is hereby granted to Newcastle Rialto Associates, LLC,

the Entitlements. The applicant shall execute an agreement to indemnify, protect,
defend, and hold the City harmless as stated herein within five (5) days of approval of
CDP No. 2023-0027.

8. The privileges granted by the Planning Commission pursuant to approval of this Conditional Development Permit are valid for one (1) year from the effective date of approval. If the applicant fails to commence the project within one year of said effective date, this conditional development permit shall be null and void and any privileges granted hereunder shall terminate automatically. If the applicant or his or her successor in interest commence the project within one year of the effective date of approval, the privileges granted hereunder will continue inured to the property as long as the property is used for the purpose for which the conditional development permit was granted, and such use remains compatible with adjacent property uses.
9. Approval of CDP No. 2023-0027 will not become effective until the applicant has signed a statement acknowledging awareness and acceptance of the required conditions of approval contained herein.
10. In the event, that any operation on the Site is found to be objectionable or incompatible with the character of the City and its environs due to excessive noise, excessive traffic, loitering, criminal activity or other undesirable characteristics including, but not strictly limited to, uses which are or have become offensive to neighboring property or the goals and objectives of the Community Commercial (CC) land use district of the Pepper Avenue Specific Plan and/or the City's General Plan, the applicant shall address the issues as quickly as reasonably possible after being notified by the City.
