PE Trail Expansion Feasibility Study

Presentation April 05, 2022

Study Goals

- Expansion of the existing PE Trail across the entire city
- Recreational opportunities for disadvantaged and lowincome residents
- Public health enhancements through reduced vehicle trips
- A safe route for non-motorized travel between residences, workplaces, points of interest and schools

Scope of Work

- Data Collection/Analysis
- Community Outreach/Involvement
- 30% Concept Plan Development
- Feasibility Study
- Grant Application

Data Collection/Analysis

- Topographic Survey
- Existing Bicycle Facilities
- Transit Accessibility
- Land Use
- Median Household Income
- No Access to Vehicle
- CalEnviroScreen 3.0
- Healthy Place Index
- Level of Traffic Stress and Service Area
- Bicycle and Pedestrian Involved Collisions

Community Outreach/ Involvement

- Community Surveys
- Promotional Graphics
- Outreach Activities
- Technical Advisory Committee
- Project Website

Community Surveys

THE CITY OF RIALTO
WANTS TO ADD
A NEW MULTIUSE
TRAIL BETWEEN
CACTUS AVENUE
AND PEPPER AVENUE.

LA CIUDAD DE RIALTO QUIERE AGREGAR UN NUEVO CAMINO DE MULTIUSO ENTRE CACTUS AVENUE Y PEPPER AVENUE.

Once built, the new trail will allow residents to walk and bike to get to parks, schools, employment, groceries, and healthcare.

Una vez construido, el nuevo camino permitirá a los residentes caminar y andar en bicicleta para llegar a los parques, escuelas, empleo, las provisiones y atención médica.

WE WANT TO HEAR FROM YOU!

iQUEREMOS OÍR DE TI!
