Receive an Update and Confirm the Continued Existence of and Provide Further Direction to the Local Emergency in Response to COVID-19 Pandemic; Continuing “Hybrid” Public Meetings

Brian Park, Rialto Fire Chief, presented staff report to Request City Council to: (1) Receive an Update on and Confirm the Continued Existence of the Local Emergency Throughout the City of Rialto in Response to the COVID-19 Pandemic; (2) Make Findings for Continuing “Hybrid” Public Meetings Pursuant to AB 361; and (3) Provide any Further Direction in Relation thereto.

0o0

Council Member Perez inquired about monkey pox transmissible levels at super spreader events.

0o0

Fire Chief Park stated intimate contact is prevalent with close relationships as opposed to casual or verbal contact such as with COVID. However, safety measures will be considered as more data is available.

0o0

Mayor Robertson asked more data information on the current reported deaths and the location of the County-reported cases.

0o0

Fire Chief Park stated he will include that in a subsequent report.

0o0

Mayor Robertson also inquired as to how the schools are addressing the matter with sports.

0o0

Fire Chief Park stated it is more difficult at the County level to obtain data. The State has been very good at providing information. Thirty percent of the cases are between 35-44.

0o0

Council Member Trujillo asked about monkeypox home tests.

0o0

Fire Chief Park stated he does not believe that is available as yet, but he will continue to research it and will continue the social outreach to increase awareness.

0o0

Mr. Nguyen stated groundbreaking will be in a couple of weeks. Twelve months from now, it is anticipated first residents will be in. Six to 12 months project will be completed.

0o0

Mayor Robertson clarified within a year anticipate project completed.

0o0

Mr. Nguyen stated for sure.

0o0

Mayor Pro Tem Scott reminded the City Council that this Item has already come before the Planning Commission and the City Council. This Item is strictly a fee reimbursement agreement.

They had some issues with the fee agreement. That is why I asked the questions I asked.

0o0

Mayor Robertson stated this was discussed in the EDC meeting. It is nice for a representative to commit to this community and the project is moving forward.

Tom Crowley, Utilities, Manager, presented staff report to Request City Council/Rialto Utility Authority Board to End the Moratorium on Water Disconnections and Late Penalties for Water and Wastewater Accounts that are in the Arrears in Accordance with SB 998 Requirements Effective January 1, 2023.

0o0

TAB 7

**City Council/Rialto Utility Authority Board
to End the Moratorium on Water
Disconnections and Late Penalties for
Water and Wastewater Accounts that are
in Arrears**

Mayor Robertson asked why it took four months to implement the payment process.

0o0

Robert Lee, Veolia, Customer Service Manager, stated for two reasons. He wanted to make certain arrearage payments for water and wastewater is applied so monthly payment to customer is the smallest possible. Second, to minimize confusion to the customer. There was no process in place to present correct information on the bill related to payment range amount. We had to work with the bill print vendor to modify the bill template and reprogram.

0o0

Mayor Pro Tem Scott emphasized shame on the City for not getting it done sooner. If a vendor can't perform, you fire them. If Veolia can't do that, then we can certainly fire Rialto Water Services. That's not a good excuse. It has gone long enough. Mayor Robertson and I have attempted different plans to resolve the problem.

He asked if the majority of late payers were the same habitual late payers the City had prior to COVID. What is the percentage?

0o0

Mr. Crowley stated 75 to 80 percent. In water and sewer, it would parallel that.

0o0

Mayor Pro Tem Scott stated this may be an opportunity to catch these people who are behind because it's really hard to catch up. This should have been in place a long time ago. The community should know it only applies to Rialto Water Services customers. It's not West Valley customers.

Does West Valley have a plan? It would be nice to know as a City.

0o0

Mr. Crowley stated he would contact West Valley.

The sewer customers that are in West Valley are in the Fontana service area. Those are handled differently as they did with the tax roll.

0o0

Mayor Pro Tem Scott asked if the customers that live in the City of Rialto that get West Valley water, are put on a tax roll and not working out payment plans for their sewer arrearages.

0o0

Mr. Crowley stated that at the end of June 2022 when those customers were adopted. Direction was not to include first-time offenders. Those were not included. We can come back and offer payment plans.

0o0

TAB 7

**City Council/Rialto Utility Authority Board

Mayor Pro Tem Scott asked if they're all on the same sewer system, why would it be different for someone that's getting West Valley water versus Rialto Water Services.

0o0

Mr. Crowley stated one of the reasons is the moratorium shutoff.

0o0

Mayor Pro Tem Scott stated that is no excuse. Why would we be treating sewer customers differently that get their water from West Valley versus those that get their water from Rialto Water Services?

0o0

Mr. Crowley stated the tax roll option available to them at the end of the year, and there are no customers who have arrearages that are over a year old.

0o0

Mayor Pro Tem Scott asked if Rialto Water Services customers are given the tax roll option.

0o0

Mr. Crowley stated they are not.

0o0

Mayor Robertson asked when the City received \$525,885 for wastewater arrearages, did that include sewer customers in the West Valley District. Were their arrears applied?

0o0

Mr. Crowley stated yes, we did.

0o0

Mayor Robertson asked so how did we manage to calculate to the State on an application to get money for them in their arrears on wastewater but then we could not extend to them the same.

0o0

Mr. Crowley stated it can be done. In this group that we are doing the payment plan, we have only identified the water and sewer customers. That doesn't mean we cannot get direction and do the wastewater customers.

0o0

**TAB 7
City Council/Rialto Utility Authority
Board to End the Moratorium on Water
Disconnections and Late Penalties for
Water and Wastewater Accounts that are

Mayor Pro Tem Scott asked if tax rolls for sewer were placed on vacant properties, vacant houses and vacant buildings.

0o0

Mr. Crowley stated no.

0o0

Mayor Pro Tem Scott clarified if you are a West Valley Water customer, and your sewer bill is not paid, it is placed on the tax roll.

0o0

Mr. Crowley stated correct.

0o0

Mayor Robertson stated we oversee the wastewater bill. We're either billing directly or we are having West Valley capture the sewer bill.

Mayor Pro Tem Scott asked for an explanation.

Mr. Crowley stated West Valley does not capture the sewer bill.

0o0

Mayor Pro Tem Scott asked what is the difference between a Rialto Water customer and a West Valley customer as it relates to sewer. It's all in the same sewer. You can't shut it off. So why would we be doing something different.

0o0

Mr. Lee stated the City has two resolutions. One for water and one for sewer. The City's current sewer resolution allows for the tax roll. Also, because the water customers don't get to the point where they are typically tax rolled. Processes are in place following SB 998 to notify the customers that the water will get disconnected for nonpayment. Customers will pay the payment so they will be up to current so the water is not disconnected so the wastewater charges will not build up as if they were sewer-only customers who gets the water from different agencies who we do not any recourse to say that your wastewater will get disconnected.

0o0

TAB 7

**City Council/Rialto Utility Authority Board
to End the Moratorium on Water
Disconnections and Late Penalties for
Water and Wastewater Accounts that are
in Arrears**

Mayor Pro Tem Scott asked if someone was affected by COVID living in the West Valley service area and couldn't pay your water bill, and their sewer was on their tax bill and the San Bernardino County was not providing any leeway on tax bills, then you had to pay your tax bill whether you were destitute or not.

0o0

Mr. Lee stated the San Bernardino County did have a waiver program for the last two years. However, following the City's decision this year, only the customers who were repeat tax-rolled were tax rolled. First-time tax-rolled were excluded. Once tax-rolled, customers who have a mortgage, who have an impound account or escrow account, their payment will stay the same. If their tax roll was removed for one year, their payment would decrease. Next year, when tax roll payment would increase double on the escrow side to cover the shortfall of the tax roll.

0o0

Mayor Robertson asked if the moratorium was in place on both water and wastewater.

0o0

Mr. Lee stated the penalties were applied on both water and wastewater. The disconnection only applied to the water customers since you cannot disconnect wastewater.

0o0

Council Member Trujillo asked what kept RWS from creating payment plans throughout the moratorium.

0o0

Mr. Lee stated payment plans were available to customers this whole time. The process was the customer had to contact RWS and request the payment plan for 12 months or sometimes longer.

0o0

Council Member Trujillo asked if the payment plans were marketed to the customers.

0o0

Mr. Lee stated the disconnection notice does state the payment arrangement and SB 998 also required payment arrangement.

0o0

Council Member Trujillo clarified communication was one way. Customers had to approach RWS.

0o0

TAB 7

**City Council/Rialto Utility Authority Board

Disconnections and Late Penalties for
Water and Wastewater Accounts that are

Mr. Lee stated payment plan information notification was sent out to low-income residents and in the CARES Program.

0o0

Mayor Pro Tem Scott stated we wanted everyone on an automatic payment plan such as Southern California Edison and Southern California Gas Company. It makes it easier for people. People are now two years behind, maybe three. It would have been a lot easier to have had them on a payment plan a year or two ago. No one listened.

0o0

Council Member Trujillo asked why is the informational presentation not separated. What percentages of customers are residential and commercial?

0o0

Mr. Lee stated the number has not been disclosed in the graph to make it concise. I did have that data at one point. I don't have the exact percentage, but it was in the single digits.

0o0

Mayor Pro Tem Scott asked if anyone from Rialto Water Services is present.

0o0

Mr. Crowley stated no.

Mayor Pro Tem Scott asked why not.

He is requesting this Item be tabled for four weeks.

0o0

Council Member Trujillo stated there are still a lot of questions remaining. He suggested Director of Community Services Alvarado-Crawford be present at the next meeting to provide a CDBG Utility Assistance update.

0o0

Mayor Robertson recommended a representative from Rialto Water Services be present at the next City Council meeting.

0o0

Mayor Pro Tem Scott emphasized that the moratorium remains in place.
