LOW PROFILE GATE DESIGN

NO MORE CUMBERSOME D-RINGS, ANCHOR POINTS
THAT DON'T GET IN YOUR WAY

HYDRAULIC LIFT SYSTEM

SELF-CONTAINED, MAINTENANCE FREE HYDRAULIC
SYSTEM

LED Panel Interior Light

The interior is illuminated with a bright LED panel light for increased visibility when using the trailer at night.

Galvanized Cambered Roof

The roof construction is cambered and galvanized for a weather-resistant design that doesn't allow the pooling of water.

Recessed Storage Tray

The added interior space provided by the rounded nose is finished out and utilized as a large recessed storage tray.

Low Ramp Angle

Extremely low profile ramp angle allows for even the lowest of machinery to be loaded up effortlessly.

Finger Tip Control

A simple point of control for both the up and down functionality of the trailer. Deck raises / lowers in less than 10 seconds.

Brakes on All Wheels

Each wheel is armed with heavy duty brakes capable of stopping even the heaviest of loads when you need it.

Lever Latch Coupler

A single lever latch coupler makes hitching to a Drop Deck Depot trailer as simple and easy as possible.

Curbside Un/Loading

The ability to stop the deck at any point of raising or lowering allows you to unload on any terrain.

Variety of Options
