

SAN GABRIEL VALLEY WATER COMPANY

July 9, 2018

Mr. Robb Steel
Interim City Administrator
City of Rialto
335 West Rialto Avenue
Rialto, CA 92376

Subject: Installation of Water Facilities
Alder Avenue S/Walnut Avenue
Rialto, California
Our Job No. 6217F

Dear Mr. Steel:

In accordance with your request, we have prepared plans, priced materials, and obtained contract labor proposals to install the water facilities required to serve at the subject location. Our estimate of the cost to install those facilities and the required deposit are as follows:

<u>Item</u>	<u>Estimated Cost</u>
Fire Hydrant Installation Agreement for the installation of one 6-inch fire hydrant	\$52,215.00
Service Installation Agreement (265) for the installation of three 1-inch diameter domestic services with 5/8-inch meters	12,950.00
Direction to Perform Work form to make two 6-inch cut and plugs	<u>8,000.00</u>
Total estimated cost and required deposit	<u>\$73,165.00</u>

Under current state and federal tax regulations, payments to public utilities for the installation of water facilities are taxable income to the utility. Accordingly, the estimated cost shown above includes the applicable Income Tax Component.

Mr. Robb Steel

July 9, 2018

Please sign the enclosed Fire Hydrant Installation Agreement, Service Installation Agreement (265), and Direction to Perform Work form, and return it along with a signed copy of this letter and wire the balance of the estimated cost and required deposit to the bank account shown on Attachment "A." Upon receipt of the foregoing, we will procure the necessary materials and schedule the work which can follow approximately three weeks thereafter. When such work is completed, the deposit is subject to adjustment or refund.

The Company's rules require that each applicant for a new water service provide, at the applicant's expense, a shut-off valve for the discharge side of the water meter. Such a valve is also required by the California Plumbing Code. Please furnish us a valve for the domestic services so we may install them at the time the services are installed.

Also enclosed herewith for your review and file is a copy of our construction plans which show the size and location of the facilities we plan to install for this development. If you have any question about our plans or any of the foregoing, please contact Virginia C. Garavito, San Gabriel Valley Water Company's Senior Engineering Assistant, at vcgaravito@sgvwater.com or (626) 774-2271.

Very truly yours,

Matt Y. Yucelen, P.E.
Vice President – Engineering

If you have any questions regarding the wire instructions, please contact Silvia via the above e-mail or phone at (626) 774-2237.

FIRE HYDRANT INSTALLATION AGREEMENT

FONTANA WATER COMPANY, a division of SAN GABRIEL VALLEY WATER COMPANY,
("Utility") acknowledges the request of

CITY OF RIALTO

("Applicant") for the installation of one 6-inch fire hydrant(s) as required by

San Bernardino County Fire Department

at or near the following location and/or within the following tract or property:

Alder Avenue S/Walnut Avenue
Rialto, California

Upon receipt of the sum of \$52,215.00, the estimated cost of said fire hydrant(s), and upon approval and acceptance of the terms and conditions of this agreement, Utility agrees to construct said hydrant(s). Adjustment of the above sum shall be made, either by additional payment by Applicant or by refund by Utility of any difference between the above sum and the actual completed cost, within sixty (60) days after said cost has been determined by Utility. Thereafter, no refunds will be made.

FONTANA WATER COMPANY

SERVICE INSTALLATION AGREEMENT (265)

Date June 9, 2018

Deposit \$ 12,950.00

By Matt Y. Yucelen, P.E.

Service Size 1-inch

Applicant CITY OF RIALTO

Service Address Alder Avenue S/Walnut Avenue, Rialto, California

Collection Address 335 West Rialto Avenue, Rialto, California, 92376

Description Installation of three 1-inch diameter domestic water services with 5/8-inch meters.

The amount deposited herewith is the estimated cost of installing the water facilities necessary for providing the requested service. The deposit will be adjusted to actual cost after installation of the water facilities is completed. If the deposit is insufficient to cover the actual cost of installation, Applicant will pay the difference upon presentation of a bill. Refund of any excess deposit is to be made to Applicant by check mailed to the above collection address.

Under current income tax regulations, payments to water utilities for the installation of certain water service connections are taxable income to the utility. Guidelines prescribed by the Public Utilities Commission require that the deposit shown above includes \$2,300.00 for the tax applicable to your project.
