Bridge Development Partners – 382,018 square foot warehouse
GPA No. 2018-0001 & SPA No. 2019-0002

How will this impact the residents and traffic
on an already congested street that is unable to
be widened. How will you accommodate the
residents during construction

- The residents ~~need~~ need to review the environmental impact that will be affecting the residents that live far away from the proposed project.
- Provide information to the public about traffic impact.
- What is the health impact towards the kids that ~~attend~~ ^{attend} the schools in that area?
- Recommend that the city condition only ^{permanent} ~~union~~ jobs come in.
