Interests & Experiences

Why are you interested in serving on a board or commission?

I am a proud homeowner in Rialto as are my parents who are not only homeowners but have retired in Rialto. Like my parents, I chose Rialto for its family focused community and potential to be a model community. I want to be an active member of the Neighborhood & Housing Preservation & Beautification Commission because it is important that as a citizen I take an active role in the appearance and safety of our neighborhood to create and sustain a desirable environment where we live, work, study and play. To accomplish this goal, it is important to engage in an active role to assess, create, implement and maintain effective policies that encourage neighborhood development programs. This goal can be accomplished as serving as a liaison between the citizens and the city departments. I want to promote neighborhood beautification by addressing neighborhood issues and promoting neighborhood quality of life. My professional career background and genuine interest is in promoting sustainable housing. Additionally, I am in a position to devote the necessary volunteer time to attend meetings and engage with committee members, city officials and neighbors to promote the goals, mission and values of the Neighborhood & Housing Preservation & Beautification Commission. My resume is attached for your review. Sincerely, Albert Calderon

Interests & Experiences

Why are you interested in serving on a board or commission?

As a resident of Rialto and a Licensed Real Estate Agent, I believe that I have the tools necessary to bridge the gap between owners and renters in the City of Rialto that dwell in Mobile Homes. I would mediate between park owners and mobile home owners to facilitate mutual agreements ensuring a cohesive unit while remaining mindful of reasonable rental agreements for all involved parties.

Please see the resume attached pertaining to my application and my personal statement below:

Being born and raised in the city of Rialto did not resonate for me during my adolescence. I went to school, I participated in community basketball leagues, and frequented Fergusson Park with my family on the weekends. What I failed to comprehend was the opportunity, value, and joy that Rialto provided for me. Without Rialto's school district, I would never have cultivated close relationships with highly invested teachers, relationships that furthered my desire for education and propelled me to higher academic standards. Without Rialto's myriad of basketball leagues, I wouldn't have learned the importance of teamwork nor would I have been exposed to a wide array of individuals, all from unique and distinct backgrounds. Ultimately, Rialto shaped me as a young boy and molded me in countless ways that I had yet to grasp. As an established professional and as an honors graduate from the University of Miami, I yearn for the opportunity to not only impact and assist the city that has given so much to me, but to also immerse myself in my community and help drive that same impact in the lives of others. Whether it be using my professional prowess as a financial analyst, or thinking critically regarding various city proposals, I aim to utilize my skills and abilities in any position that I may attain. I have listed a slew of various boards in my application, and would be greatly honored to be selected for any of which, so long as it anoints me with the opportunity and capacity to assist in my Rialto community.
