Asian Pacific, Inc. – 61 Single-Family Residences

GPA No. 2019-0001 & ZC No. 2019-0001

- ① 61 homes in the new development is way to many homes.
- ② Randall needs to be widen (Randall to Acacia)
- ③ too many homes more for too many extra people
which causes traffic

I am absolutely against changing the general plan and zoning to allow 61 homes. That is too many homes in the 8.67 acres. You just approved 18 homes on a little less than .5 acre APNs 0131-131-13+14 and made it remain R-1 zoning. That is too many homes for 8.67 acres. A traffic study needs to be done for a light at Merrick and Acacia. The traffic is horrific when school starts or ends.

I am against so many homes in that small
an area. It will bring our property values down.
A traffic study needs to be done when children
are going to or coming from school. They speed
on Acacia

How am I supposed to exit and enter my property with so much traffic going in and out of the 1 exit?

How do all the new students coming in and going to school safely ride their bike to school? Or walk?

Can those exits allow safe flow out in case of an emergency?
