### Type of Transaction

☐ Direct Sale (equipment to become property of the Customer upon payment of Selling Price indicated below in full)

☒ System to remain property of ADT.

ADT may remove or upon written notice to the Customer, abandon in whole or in part, all devices, instruments, appliances, cabinets, and other materials associated with the system, upon termination of this agreement, without obligation to repair or re-decorate any portion of the Customer's premises upon such removal, and the removal or abandonment of such materials shall not be held to constitute a waiver of the right of ADT to collect any charges which have been accrued or may be accrued hereunder

### Customer Acceptance

Date \_\_\_\_\_

The Customer represents that any vault to be protected by ADT heretofore by sound or vibration detector systems has the minimum protection characteristics prescribed by the Underwriters' Laboratories, Inc. The Customer agrees to test any ultrasonic, microwave, capacitance or other electronic equipment designated on the Schedule of Protection prior to setting the alarm system for closed periods according to procedures prescribed by ADT and to notify ADT promptly in the event that such equipment fails to respond to the test.

If Customer has agreed on the reverse side to a 5 day Familiarization Period following completion of installation, and if needed an extension period, for Customer to become familiar with the system operation, then during this Familiarization Period Customer agrees that in the event any signal (including an alarm signal) of any nature registers at ADT's central station, ADT shall not respond to any signals, endeavor to notify the authorities, Customer or Customer's designated representative, or undertake any other action with regard to any signal, whether or not due to an actual emergency event.

**Communication Facilities - A. AUTHORIZATION** - Customer authorizes ADT to make requests for information, service, orders or equipment in any respect on behalf of Customer to a telephone company (the "Telephone Company") or other entity providing facilities or services for transmission of signals under this Agreement. **B. DIGITAL COMMUNICATOR** - If connection to the ADT Central Station is to be by Digital Communicator, the Customer agrees to provide a connection via a registered telephone jack to a telephone channel required by the ADT equipment. Such connector shall be electrically first before any other telephone or Customer equipment, and shall be within 10 feet of the ADT Control Panel. If requested by the Customer, ADT shall provide such connection at the cost of the Customer. The Customer understands that if a digital communicator is installed under this Agreement, it uses standard telephone lines as the transmission mode of sending signals and obviates the need for dedicated telephone facilities and the large cost increases frequently imposed on such facilities. Customer also understands that ADT does not receive signals when the transmission mode is or becomes non-operational and that signals from the Telephone Company, in connection with the services to be provided to the Customer hereunder, include what is generally described as Derived Local Channel service; and which may be provided under specific service marks or service names of individual Telephone Companies. These facilities and services relate to the provision of lines, signal paths, scanning and transmission. The Customer agrees that the liability of the Telephone Company is limited in accordance with and the Telephone Company may invoke the provisions of Paragraph 5 of this Agreement. **C. DERIVED LOCAL CHANNEL** - The facilities and services provided from the Telephone Company, in connection with the services to be provided to the Customer hereunder, include what is generally described as Derived Local Channel service; and which may be provided under specific service marks or service names of individual Telephone Companies. These facilities and services relate to the provision of lines, signal paths, scanning and transmission. The Customer agrees that the liability of the Telephone Company is limited in accordance with and the Telephone Company may invoke the provisions of Paragraph 5 of this Agreement. **D. RADIO INTERFACE** - If connection to the ADT Central Station is to be by any radio frequency method, such as cellular or private radio, then Customer understands due to the very nature of radio waves that there may be times when the system is unable to secure maintain or transmit an alarm signal and, thus, the utilization of an additional communications means is recommended.

**Warranty** - Except as is indicated on the reverse side, any part of the system, including the wiring, installed under this Agreement which proves to be defective in material or workmanship within ninety (90) days of the date of completion of installation will be repaired or replaced at ADT's option with a new or functionally operative part. Labor and material required to repair or replace such defective components will be free of charge for a period of ninety (90) days following the completion of the original installation.

The Warranty does not apply to the conditions listed below and in the event Customer calls ADT for service under the Warranty and upon inspection by ADT's representative it is found that one of these conditions has led to the inoperability or apparent inoperability of the system, a charge will be made for the service call of ADT's representative whether or not he actually works on the system. Should it actually be necessary to make repairs to the system due to one of the conditions not covered by Warranty, a charge will be made for such work at ADT's then applicable rates for labor and materials. Service will be furnished by ADT during ADT's normal working hours of 8:00 A.M. to 4:30 P.M. Monday through Friday, except holidays.

Conditions not covered by Warranty: A) Damage resulting from accidents, acts of God, alteration, misuse, tampering or abuse. B) Failure of the Customer to properly follow operating instructions provided by ADT at time of installation or at a later date. C) Adjustments necessitated by mechanical gain of CCTV cameras, improper adjustment of monitor brightness and contrast, or misalignment of the area viewed by the cameras. D) Trouble due to interruption of commercial power or to the phone service.

**THE FOREGOING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE PURCHASER'S EXCLUSIVE REMEDY WITH RESPECT TO ANY AND ALL LOSSES OR DAMAGES RESULTING FROM ANY CAUSE WHATSOEVER, INCLUDING ADT'S NEGLIGENCE, SHALL BE REPAIR OR REPLACEMENT AS SPECIFIED ABOVE. ADT SHALL IN NO EVENT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY NATURE, INCLUDING WITHOUT LIMITATION, DAMAGES FOR PERSONAL INJURY OR DAMAGES TO PROPERTY AND HOWEVER OCCASIONED, WHETHER ALLEGED AS RESULTING FROM BREACH OF WARRANTY OR CONTRACT BY ADT OR NEGLIGENCE OF ADT OR OTHERWISE.**

**C. Maintenance** - If the reverse side of this agreement indicates this service is being provided, ADT will, upon Customer's request, provide ordinary maintenance and repair of such system due to normal wear and tear and bear the expense thereof. The expense of all extraordinary maintenance and repair due to alterations in the Customer's premises, alterations of the system made at the request of the Customer or made necessary by changes in the Customer's premises, damage to the premises or to the alarm system, or to any cause beyond the control of ADT, shall be borne by the Customer. The Customer agrees to furnish any necessary electric current through the Customer's meter and at the Customer's own expense with an outlet within 10 feet of the ADT Control Panel. It is mutually agreed that the work of installation and ADT's repairs of the system shall be performed between ADT's normal working hours of 8:00 A.M. to 4:30 P.M. Monday through Friday, except holidays.

**EXCLUSIONS** - Maintenance on the following devices will be provided only on a time and material basis: (1) window, (2) security screens, (3) any exterior mounted devices, (4) PROM (Programmable Read Only Memory). (5) Conditions not covered by warranty listed above in paragraph B.

It is understood and agreed that ADT's obligation relates to the maintenance of the specific protection system and that ADT is in no way obligated to maintain, repair, service, replace, operate or assure the operation of any device or device of the Customer or of others not installed by ADT.

If not contacted by ADT before the expiration of the Warranty, ADT will enter into a Maintenance Service Contract only after inspecting the system and making any necessary repairs or replacements to the system at a charge to the Customer for labor and/or material at ADT's then prevailing rates.

**INSPECTIONS** - ADT will provide the number of inspections of the Alarm system only as specified on the reverse side of this Agreement between ADT's normal working hours of 8:00 A.M. to 4:30 P.M. Monday through Friday, except holidays and subject to the exclusions set forth above for maintenance.

**D. IF INVESTIGATOR RESPONSE SERVICE** is being furnished as indicated on the reverse side, the levels available are as follows:

**Level I - Exterior Investigation** - Upon receipt of a single alarm signal from the Customer's premises, ADT in addition to notifying the Police Department as indicated above, will endeavor to notify the Customer's designated representative and also endeavor to dispatch a representative to the Customer's premises. The representative will make an investigation of the exterior of the premises, from a vehicle. At the conclusion of the investigation, the representative will notify the Customer's designated representative of the results of the investigation.

**Level II - Interior Investigation** - Upon receipt of a burglar alarm signal from the Customer's premises, ADT in addition to notifying the police department as indicated above, will endeavor to dispatch a representative. The representative will conduct an exterior investigation and then enter the Customer's premises with keys which must be provided by the Customer and make an interior investigation whenever it is deemed necessary. The ADT representative will terminate his investigation until the cause is known. The Customer's representative will then be notified if there has been an attack. Otherwise a notice of the alarm will be left at the Customer's home.

For either level of investigation, the Customer authorizes and directs ADT to cause the arrest of any person or persons unauthorized to enter his premises and to hold him or them until released by the Customer or an authorized known representative and in such cases to indemnify ADT against any liability cost or expense in consequence of such arrest.

If the Customer requests that the ADT Representative remain at the premises pending Customer's arrival, and ADT agrees to comply, the Customer will be charged at ADT's then prevailing rate for labor.

**IT IS UNDERSTOOD THAT ADT IS NOT AN INSURER, THAT INSURANCE, IF ANY, SHALL BE OBTAINED BY THE CUSTOMER AND THAT THE AMOUNTS PAYABLE TO ADT HEREUNDER ARE BASED UPON THE VALUE OF THE SERVICES AND THE SCOPE OF LIABILITY AS HEREIN SET FORTH AND ARE UNRELATED TO THE VALUE OF THE CUSTOMER'S PROPERTY OR PROPERTY OF OTHERS LOCATED IN CUSTOMER'S PREMISES. CUSTOMER AGREES TO LOOK EXCLUSIVELY TO CUSTOMER'S INSURER TO RECOVER FOR INJURIES OR DAMAGE IN THE EVENT OF ANY LOSS OR INJURY AND RELEASES AND WAIVES ALL RIGHT OF RECOVERY AGAINST ADT ARISING BY WAY OF SUBROGATION. ADT MAKES NO GUARANTEE OR WARRANTY, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS, THAT THE SYSTEM OR SERVICES SUPPLIED, WILL AVERT OR PREVENT OCCURRENCES OR THE CONSEQUENCES THEREFROM, WHICH THE SYSTEM OR SERVICE IS DESIGNED TO DETECT. IT IS IMPRACTICAL AND EXTREMELY DIFFICULT TO FIX THE ACTUAL DAMAGES, IF ANY, WHICH MAY PROXIMATELY RESULT FROM FAILURE ON THE PART OF ADT TO PERFORM ANY OF ITS OBLIGATIONS HEREUNDER. THE CUSTOMER DOES NOT DESIRE THIS CONTRACT TO PROVIDE FOR FULL LIABILITY OF ADT AND AGREES THAT ADT SHALL BE EXEMPT FROM LIABILITY FOR LOSS, DAMAGE OR INJURY DUE DIRECTLY OR INDIRECTLY TO OCCURRENCES, OR CONSEQUENCES THEREFROM, WHICH THE SERVICE OR SYSTEM IS DESIGNED TO DETECT OR AVERT, THAT IF ADT SHOULD BE FOUND LIABLE FOR LOSS, DAMAGE OR INJURY DUE TO A FAILURE OF SERVICE OR EQUIPMENT IN ANY RESPECT, ITS LIABILITY SHALL BE LIMITED TO A SUM EQUAL TO 10% OF THE ANNUAL SERVICE CHARGE OR \$1,000, WHICHEVER IS GREATER AS THE AGREED UPON DAMAGES AND NOT AS A PENALTY, AS THE EXCLUSIVE REMEDY; AND THAT THE PROVISIONS OF THIS PARAGRAPH SHALL APPLY IF LOSS, DAMAGE OR INJURY, IRRESPECTIVE OF CAUSE OR ORIGIN, RESULTS DIRECTLY OR INDIRECTLY TO PERSON OR PROPERTY FROM PERFORMANCE OR NONPERFORMANCE OF OBLIGATIONS IMPOSED BY THIS CONTRACT OR FROM NEGLIGENCE, ACTIVE OR OTHERWISE, STRICT LIABILITY, VIOLATION OF ANY APPLICABLE CONSUMER PROTECTION LAW OR ANY OTHER ALLEGED FAULT ON THE PART OF ADT, ITS AGENTS OR EMPLOYEES. NO SUIT OR ACTION SHALL BE BROUGHT AGAINST ADT MORE THAN ONE (1) YEAR AFTER THE ACCRUAL OF THE CAUSE OF ACTION THEREFOR. IT IS FURTHER AGREED THAT THE LIMITATIONS ON LIABILITY, EXPRESSED HEREIN, SHALL INURE TO THE BENEFIT OF AND APPLY TO ALL PARTIES (BOTH DIRECT AND INDIRECT), SUBSIDIARIES AND AFFILIATES OF ADT IF THE CUSTOMER DESIRES ADT TO ASSUME A GREATER LIABILITY, ADT SHALL AMEND THIS AGREEMENT BY ATTACHING A RIDER SETTING FORTH THE AMOUNT OF ADDITIONAL LIABILITY AND THE ADDITIONAL AMOUNT PAYABLE BY THE CUSTOMER FOR THE ASSUMPTION BY ADT OF SUCH GREATER LIABILITY PROVIDED HOWEVER, THAT SUCH RIDER AND ADDITIONAL OBLIGATION SHALL IN NO WAY BE INTERPRETED TO HOLD ADT AS AN INSURER. IN THE EVENT ANY PERSON, NOT A PARTY TO THIS AGREEMENT, SHALL MAKE ANY CLAIM OR FILE ANY LAWSUIT AGAINST ADT IN ANY WAY RELATING TO THE EQUIPMENT OR SERVICES THAT ARE THE SUBJECTS OF THIS AGREEMENT, INCLUDING FOR FAILURE OF ITS EQUIPMENT OR SERVICE IN ANY RESPECT, CUSTOMER AGREES TO INDEMNIFY AND HOLD ADT HARMLESS FROM ANY AND ALL SUCH CLAIMS AND LAWSUITS INCLUDING THE PAYMENT OF ALL DAMAGES, EXPENSES, COSTS AND ATTORNEYS' FEES. IF THIS AGREEMENT PROVIDES FOR A DIRECT CONNECTION TO A MUNICIPAL POLICE OR FIRE DEPARTMENT OR OTHER ORGANIZATION, THAT DEPARTMENT OR OTHER ORGANIZATION MAY INVOKE THE PROVISIONS HEREOF AGAINST ANY CLAIMS BY THE CUSTOMER DUE TO ANY FAILURE OF SUCH DEPARTMENT OR ORGANIZATION.**

**F. In the event INTRUSION DETECTION SERVICE or WATCHMAN'S REPORTING SERVICE is furnished under this Agreement, the service will be provided in accordance with ADT's FORM NUMBER 837 or 839, which shall be attached to and made a part of this Agreement.**

**G. If CCTV EQUIPMENT IS INVOLVED**, Customer will provide adequate illumination under all operational conditions for the proper operation of the closed circuit television camera and will provide the 110 AC power supply where required or, as shelf or desk space for monitors.

**H. A Direct Connection to the Municipal Police, Fire Department or other Agency shown shall be provided if the reverse side of this Agreement provides for such direct connection service.**

It is mutually understood and agreed that signals transmitted hereunder will be monitored in Municipal Police and/or Fire Departments or other location and that the personnel of such Municipal Police and/or Fire Departments or other location are not the agents of ADT nor does ADT assume any responsibility for the manner in which such signals are monitored or the response, if any, to such signals.

If at ADT's option, the Customer may be charged for any false alarm caused by the Customer or for any unnecessary service run.

**J. CANCELLATION** - If Central Station or Direct Connection is terminated, this Agreement may be terminated at the option of ADT if ADT's Central Station is substantially damaged by fire or catastrophe, or if ADT is unable to have connections or pathways necessary to transmit signals between the Customer's premises, ADT's Central Station or the Municipal Fire or Police Department or other agency and ADT shall not be liable for any damages or subject to any penalty as a result of such termination.

It is understood and agreed that this Agreement may be terminated by ADT in the event that the Customer fails to follow any recommendations ADT may make for the repair or replacement of defective parts of his system not covered under the Warranty or Maintenance Service Contract or in the event that the Customer's failure to follow the operating instructions provided by ADT results in an undue number of false alarms or if the premises in which the system is installed are so modified or altered after installation as to render continuation of service impractical.

**K. ADT ASSUMES NO LIABILITY FOR DELAYS IN INSTALLATION OF THE EQUIPMENT OR FOR THE CONSEQUENCES THEREFROM, HOWEVER CAUSED, OR FOR INTERRUPTIONS OF SERVICE OR FOR THE CONSEQUENCES THEREFROM DUE TO STRIKES, RIOTS, FLOODS, ACTS OF GOD OR ANY CAUSES BEYOND THE CONTROL OF ADT, AND WILL NOT BE REQUIRED TO SUBMIT TO SUCH DELAYS OR CONSEQUENCES.**
