## Project 7 Tactical Entry Vest

Brand: PROJECT 7  
(/products/brand/project-7)

Project 7 Tactical Armor is a revolutionary collaboration between AARDVARK and The Safariland Group. Everything about Project 7 was selected to make the final product more flexible, more athletic, lightweight, and more comfortable. Project 7 is made with only the industry's finest materials and components. The Project 7 Tactical Entry Vest features a unique flexible external yoke design, combined with special built upper arm protection. This provides an unprecedented range of motion and flexibility. Available in two closure systems: First Spear Tubes, or Safariland's patent pending One Way Velcro. Project 7 also features a flexible cummerbund design with a unique quick adjust sizing system. Available in a variety of ballistic packages. Tailor your vest to your mission profile.

\(/products/b3x/overview/colors\)](#)[FEATURES \(/PRODUCTS/B3X/FEATURES\)](#)**B3X: BALLISTIC BATTLE BELT**

Traditional duty belts miss the mark in 3 crucial areas; protection, shape, and weight distribution. The P7 Ballistic Battle Belt (B3X) is designed to fill the gaps that duty belts leave behind. The unique patented 3-piece design utilizes a BOA connector and single snap pivot point to create a belt that shapes itself around the hips as it is tightened. It conforms to the operator instead of remaining uncomfortably circular like duty belts. This design is not only more comfortable to wear, but it also helps to distribute the load of the belt and accessories more evenly.
