RIALTO POLICE DEPARTMENT
MEMORANDUM

TO: Purchasing Division
FROM: Joshua M. Lindsay, Sergeant
SUBJECT: Advanced LE TraumaPAK
DATE: April 7, 2020

The Rialto Police Department currently issues small medical kits as part of their safety equipment to sworn officers. Staff has reviewed recent technical advances and design improvements that have been developed by various manufacturers. Staff has determined the TraumaPAK manufactured by High Threat Innovations, incorporates features/equipment that far exceed the currently issued medical kits.

The TraumaPAK has quick attachment design to allow for a rapid deployment. Additionally, the TraumaPAK is similar in size and weight to the currently issued medical kit, but the quick clip design coupled with a thigh leg strap allows for a more secure deployment. The TraumaPAK is manufactured by High Threat Innovations, which is a local vendor (Rancho Cucamonga) and would be easily accessible for any customer service related issues. They offer a 5-year free replacement of all lifesaving equipment used from the kit, and the TraumaPAKs are custom made in the configuration of our choice by the vendor.

High Threat Innovations has been recognized by the Staff as a sole source manufacturer of the TraumaPAK. It is requested the city approve the requested vendor for the above reasons.

Thank you for your consideration,
