INTRODUCTORY SECTION

City of Rialto

California

April xx, 2020

Honorable Mayor, Members of the City Council and Citizens of Rialto:

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the City of Rialto, California (City) for the fiscal year ended June 30, 2019. Responsibility for the accuracy of this data, and the completeness and fairness of its presentation, including all disclosures, rests with the City. To the best of our knowledge, the enclosed data are accurate in all material respects and are reported in a manner which presents fairly the financial position and operational results of the City. All disclosures necessary to enable the reader to gain an understanding of the City's activities have been included.

The financial statements are prepared in accordance with the Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board (GASB). This report consists of management's representations concerning the finances of the City of Rialto, California. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft and misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls have been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Teaman, Ramirez & Smith, Inc., a public accounting firm fully licensed and qualified to perform audits of the State and local governments within the State of California. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Rialto, California, for the fiscal year ended June 30, 2019, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and, evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, there was a reasonable basis for rendering an unmodified opinion that the City of Rialto, California's financial statements for the fiscal year ended June 30, 2019, and they are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of Federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair representation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of Federal awards. These reports will be available in the City's separately issued Single Audit Report.

GAAP requires management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement and should be read in conjunction with the MD&A. The City's

MD&A can be found immediately following the independent auditors report in the financial section of the CAFR.

THE REPORTING ENTITY AND ITS SERVICES

The financial reporting entity includes all the funds of the City as well as all of its component units. The City is the primary government. The component units are the Rialto Public Financing Authority (the Financing Authority), the Rialto Utility Authority (the Utility Authority), the Rialto Nonprofit Public Building Authority (the Building Authority) and the Rialto Housing Authority (the Housing Authority).

The City was incorporated in 1911 as a general law city and operates under a Council-Manager form of government.

The Financing Authority was formed in 1988 to provide a financing mechanism for the public projects of the City and the Redevelopment Agency of the City of Rialto (Agency). The Agency is now dissolved, but the Authority still continues to exist.

The Rialto Utility Authority (Utility Authority) was created on May 1, 2001. The Utility Authority was formed to provide for the lease, ownership, operation, maintenance, construction and financing of the Water and Wastewater Utility systems and any other utility system or service.

The Rialto Nonprofit Public Building Authority (Building Authority) was established in 1988 to provide financial assistance to the City by financing, refinancing, acquiring, constructing, improving, leasing, selling or otherwise conveying property of any kind to the City.

The Rialto Housing Authority (Housing Authority) was created on November 4, 2003. The Housing Authority enables the City to engage in more aggressive housing market intervention, including the acquisition of property, rehabilitation and/or development of affordable housing.

SUCCESSOR AGENCY to the REDEVELOPMENT AGENCY of the CITY of RIALTO

The Agency was formed in 1977 with the objective of providing long-term financing of capital improvements designed to eliminate physical and economic blight in the designated project area. On December 29, 2011, the California Supreme Court upheld Assembly Bill x1 26 ("the Bill") that provides for the dissolution of all redevelopment agencies in the State of California. The Bill provides that upon dissolution of a redevelopment agency, the entity that established the redevelopment agency may elect to serve as the "Successor Agency". The Successor Agency holds the assets of the former redevelopment agency until they are distributed to other units of state and local government after the payment of enforceable obligations that were in effect as of the signing of the Bill. On September 27, 2011, the City elected to become the Successor Agency. On February 1, 2012, the Agency was dissolved and the Successor Agency to the Redevelopment Agency of the City of Rialto (Successor Agency) was created. The Successor Agency is included as a fiduciary fund (private purpose trust fund).

PROFILE OF THE CITY OF RIALTO

The City of Rialto provides a full range of services to its residents with a total regular full-time staff of approximately 333 and part-time staff of approximately 85 employees. Major services such as attorney, library, transit, street sweeping and landscape maintenance are provided through contractual arrangements. The City provides services such as fire, police, affordable housing, economic development, planning, code compliance, recreation programs, vector/animal control, park and facilities maintenance, street maintenance, city engineering, and administrative management services with city employees.

HISTORY OF THE CITY OF RIALTO

In 1851, the Mountain Family purchased part of the Lugo family's Rancho San Bernardino, and claimed several other portions of the bench which later became known as Rialto. This claim was later amended by the United States Government, permitting them a smaller fraction of the initial purchase.

In the fall of 1888, the first school was built and Brooke School District was formed. Records show that up until 1920, the Brooke School District was in continuous operation, except for a very short time in 1888. The prominent Rialto Trapp family bought the first school house in 1921, remodeled the building, and members of the family resided in it until it was destroyed by fire. The Rialto School District (today Rialto Unified School District), was formed in 1891. The staff consisted of two teachers and a principal with separate play areas for the boys and girls.

The Chamber of Commerce was established in 1907. The Chamber incorporated in the spring of 1911. By 1911 the population had grown to 1,500 with 40 businesses and a local newspaper. The election results on October 31 of the same year were 135 for the incorporation of the city and 72 against. The City was incorporated with a Council-Manager form of government. The Mayor is elected at large to serve a four-year term. The four Council Members are elected at large to serve staggered four-year terms. The City of Rialto is 4 miles (6.4 km) wide and 8.5 miles (13.7 km) long and is currently at a population of approximately 107,271 (source: California Department of Finance).

BUDGETARY CONTROL

The City prepares an annual budget consistent with Generally Accepted Accounting Principles (GAAP) for all governmental funds on a modified accrual basis where revenues are recognized when they become measurable and available to finance expenditures of the current period. Expenditures are recorded when the goods or services are received and the liabilities are incurred.

Department directors are responsible, not only to accomplish particular goals within each program, but also to monitor budget allocations consistent to the funding levels adopted by the City Council prior to July 1 of the budget year.

In addition, the City maintains budgetary control through the use of an encumbrance accounting system. As purchase orders are issued, corresponding amounts are encumbered for later payments to ensure that budget amounts are not over-spent.

INTERNAL CONTROLS

The City's management is responsible for developing and establishing an internal control structure to ensure that the assets of the government are protected from loss, theft, misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of the costs and benefits requires estimates and judgments by management.

APPROPRIATION LIMIT

Article XIIIB of the California Constitution (Proposition 4), commonly referred to as the "Gann Initiative" was approved by California voters in 1979, which placed limits on the amount of proceeds of taxes that State and Local agencies can appropriate and spend each fiscal year. The City's limitation is calculated each year and established by a resolution of the City Council as part of the Annual Budget process. Using the population and per capital income data provided by the California Department of Finance, the City's appropriation limits for fiscal year 2018/2019 amounted to \$78,029,451.

CASH MANAGEMENT

The City Treasurer is responsible for investing cash temporarily idle during the year in accordance with the State Government Code and the Investment Policy adopted by the City Council. The City diversified its investment portfolio by utilizing several investment instruments. At fiscal year end June 30, 2019, approximately \$123.6 million was invested in Corporate Notes; \$30.7 million in various Agency Securities and Negotiable Certificates of Deposit; \$30 million in the State Treasurer's Local Agency Investment Fund (LAIF); and \$14.6 million in the CalTrust Investment Pool.

The cash management system of the City is designed to monitor revenues and expenditures to ensure the investment of monies to the fullest extent possible. The criteria for selecting investments and the order of priority are (a) safety, (b) liquidity, and (c) yield. The underlying objective of the City's policy is to obtain the highest interest rate yields, and at the same time, ensure that money is available when needed and all deposits are insured by the Federal Deposit Insurance Corporation or collateralized.

CAPITAL ASSETS

In accordance with GASB Statement No. 34, the City has reported all capital assets including infrastructure in the Government-Wide Statement of Net Position. The City elected to use the basic approach for all infrastructures reporting, whereby depreciation expense and accumulated depreciation have been recorded. Capital assets for the fiscal year ended June 30, 2019 have a net ending balance of \$363 million.

LONG-TERM LIABILITIES/BONDED INDEBTEDNESS

As of June 30, 2019, the City has long-term liabilities in the amount of \$39 million. The \$39 million of long-term liabilities includes \$15.7 million for potential claims payable; \$8 million for employee compensated absences (accrued leave); \$11.8 million for the capital leases (Energy Conservation Project, Clean Renewable Energy Bonds and Citywide Street Light Acquisition and Conversion Project); \$2.7 million for notes payable (financing for the improvements to Bud Bender Park and Rialto Senior Center); and \$700 thousand of certificates of participation.

The City provides retirement benefits (pension) by contributing to the California Public Employees Retirement System (CalPERS). The City pays 100% of the Annual Required Contributions (ARC), as calculated by CalPERS, and as of June 30, 2019, the plan is 71% funded.

The City provides postemployment health care benefits through the California Public Employees Retirement System (CalPERS) healthcare program entitled Public Employees' Medical and Hospital Care Act (PEMHCA). The City has elected to join the Public Agency Retirement Systems OPEB Trust (the "Trust") in accordance with GASB No. 43, which provides a means to fund the Annual Required Contribution (ARC) OPEB obligations. The City accounts for this liability, per GASB 75, Other Post-Employment Benefits (OPEB). The actuarial valuation as of June 30, 2018 measurement date shows the OPEB liability is 32% funded.

The Successor Agency has the 2014 Tax Allocation Revenue Refunding Bonds, the 2015 Tax Allocation Refunding Bonds and the 2008 Tax Allocation Bonds outstanding in the amounts of \$14.5 million, \$42.9 million and \$81 million, respectively. The purpose of the 2014 Bonds was to advance refund the Agency's previously issued 2003 Tax Allocation Bonds. The purpose of the 2015 Tax Allocation Refunding Bonds was to advance refund the Agency's previously issued 2005 Tax Allocation Bonds. The purpose of the 2008 bonds were to finance a portion of the costs of implementing the Redevelopment Plan and fund redevelopment activities within the Agency project area.

RISK MANAGEMENT

The City retains the risk of loss for general liability and workers' compensation claims of up to \$350,000 and \$400,000, respectively, per person per occurrence. The City has established the General Liability and Workers' Compensation Internal Service Funds to account for and finance uninsured risks of loss related to general liabilities and workers' compensation claims, respectively.

The City is also a member of the Public Agency Risk Sharing Authority of California (PARSAC) for general liability, a public entity risk pool consisting of a consortium 36 cities in California. PARSAC was established to pool resources, share risks, purchase excess insurance and share costs for professional risk management and claims administration.

The City carries commercial insurance, as well, for all other risks of loss, including employee health, property, fire, water, boiler and machinery insurance.

AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report for the fiscal year ended June 30, 2017. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report meets the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for the certificate.

ACKNOWLEDGEMENT

We would like to express appreciation to all City staff that assisted and contributed to the preparation of this report, particularly to the members of the Finance Department. We would also like to extend our appreciation to the auditors, Teaman, Ramirez & Smith, Inc., Certified Public Accountants for their professional assistance. As in the past, the CAFR is available on the City's website at www.RialtoCa.gov.

Respectfully submitted,		
Rod Foster	Stophon Erlandson

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

The Honorable City Council of the City of Rialto Rialto, California

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Rialto, California (the "City"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Rialto, California, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Change in Accounting Principle

As described in Note 1 to the basic financial statements, the City adopted the provisions of Governmental Accounting Standards Board Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements. Our opinion is not modified with respect to this matter.

As described in Note 1 to the basic financial statements, the City adopted the provisions of Governmental Accounting Standards Board Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information on pages 4 through 15 and 94 through 102 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, supplementary schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

_____, 2020

In accordance with Government Auditing Standards, we have also issued our report dated	, 2020, on our
consideration of the City's internal control over financial reporting and on our tests of its compliance with cer	rtain provisions
of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe	ibe the scope of
our testing of internal control over financial reporting and compliance and the results of that testing, and no	ot to provide an
opinion on the effectiveness of the City's internal control over financial reporting or on compliance. The	nat report is an
integral part of an audit performed in accordance with Government Auditing Standards in considering the	City's internal
control over financial reporting and compliance.	
Riverside, California	

This page intentionally left blank

he management of the City of Rialto has prepared this narrative overview and analysis of the financial activities of the City for the Fiscal Year (FY) ended June 30, 2019. This discussion and analysis is intended to serve as an introduction to the City's basic financial statements and to provide financial comparisons with the previous year. Please read this information in conjunction with the City's financial statements, which follow this section.

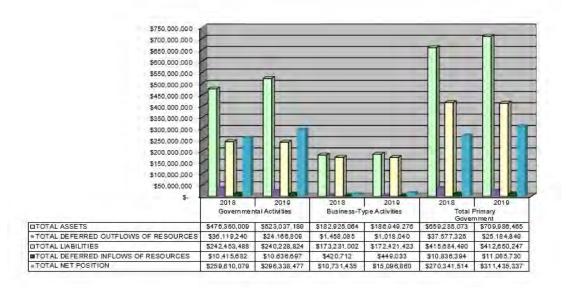

INANCIAL HIGHLIGHTS

- As of June 30, 2019, the City's net position was \$311.4 Total General Fund revenues for the fiscal year 2019 million (see Chart 1). Net position represents the difference between the City's resources (total assets), plus deferred outflows of resources, totaling \$735.1 million, and its obligations (total liabilities), plus deferred inflows of resources totaling \$423.7 million.
- Total assets increased by \$50.7 million. This was due to increases of \$38.1 million in capital assets and \$30.5 million in cash; these increases were offset by \$12.4 million and \$6.6 million reduction in concessionaire receivables and restricted assets, respectively.
- Total liabilities decreased \$3.0 million primarily attributed to a \$10.0 million decrease in Net Pension Liability, offset by a \$5.5 million increase in Unearned Revenue.
- The Statement of Revenues, Expenditures, and Changes in Fund Balances for Governmental Funds reported an increase in fund balance of \$19.8 million. The key contributing factors were an increase of \$8.4 million in the category of Taxes (Sales and Property Taxes), \$3.9 million increase in Use of Money and Property (Interest Income), and a reduction of \$9.1 million in Capital Outlay.

- totaled \$100.1 million, representing a \$12.7 million increase from the prior year. General Fund expenditures increased by \$3.5 million to a total of \$86.4 million.
- As of June 30, 2019, the General Fund fund balance totaled \$82.5 million, of which \$24.2 million is considered non-spendable, as it represents prepaid items, deposits, advances to other funds, inventory and property held for resale; \$14.3 million has been assigned per Council Action to be used for specific projects or purposes, including capital projects and encumbrances; the remaining \$44.0 million is available for contingencies. The City's General Fund reserve policy is to maintain a minimum balance of 50% of the next year's General Fund expenditure budget. As of June 30, 2019, the reserve was \$1.1 million short of the \$45.1 million minimum reserve level, thus meeting the reserve at 49%. This was due to the advance from the General Fund to the Park Development Fund, for the construction of Frisbie Park.

CHART 1-NET POSITION

VERVIEW OF THE FINANCIAL STATEMENTS

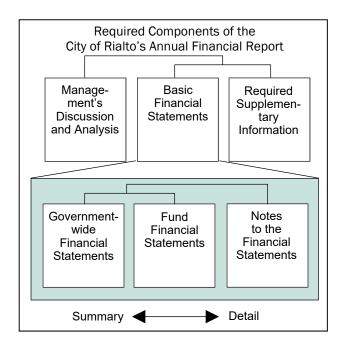

his annual report consists of four parts: Management's Discussion and Analysis (this section), the basic financial statements, required supplementary information, and supplementary information that present combining statements for non-major governmental funds, non-major enterprise funds, and internal service funds and agency funds. The basic financial statements include two kinds of statements that present different views of the City.

- The government-wide financial statements provide both long-term and short-term information about the City's overall financial status in a manner similar to a private-sector business.
- The fund financial statements focus on individual parts of the City government and report the City's operations in a more detailed format than the government-wide statements.

The fund statements can be divided into three categories:

- Governmental fund statements tell how general government services such as police, fire, public works and special revenue funds were financed in the short-term, as well as what remains for future spending.
- Proprietary fund statements offer short-term and longterm financial information about the activities the City operates like businesses, such as utilities services, the airport, the cemetery and the recreation department.
- Fiduciary fund statements provide information about the financial relationships in which the City acts solely as a trustee or agent for the benefit of other governmental units, private organizations, or individuals to whom the resources belong.

The notes to the financial statements provide additional

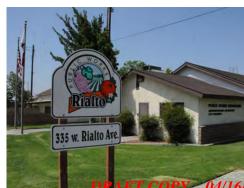

information that is essential to the full understanding of the data provided in the government-wide and fund financial statements. This report also presents certain required supplementary information including budgetary comparison schedules for governmental funds. The notes to the required supplementary information present information concerning the City's budget process.

In addition to these required elements, combining statements and schedules that provide details about non-major governmental funds, and non-major enterprise funds, internal service funds, and agency funds are also presented.

The government-wide financial statements provide long-term and short-term information about the City's overall financial condition. This analysis addresses the financial statements of the City as a whole.

NET POSITION

Net position represents the difference between the City's resources and its obligations. Over time, net position may serve as an indication of a government's financial position. The City's combined net position as of June 30, 2019, as shown in Table 1, was \$311.4 million.

The City utilizes three classifications for net position: net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets: Of the total primary government net position, \$347.7 million net investment in capital assets (i.e., land, buildings, machinery, equipment, and infrastructure). The City uses capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Restricted: An additional portion of the City's net position, which equates to \$141.9 million, represents resources subject to external restrictions on how they may be used, such as transportation, development, grants and debt service reserve requirements for the outstanding bonds.

Unrestricted: The remaining balance represents (\$178.2) million in unrestricted net position. This portion reflects the amount available to meet ongoing obligations to citizens and creditors. Unrestricted net position is (\$64.4) million and (\$113.8) million for governmental and business-type activities, respectively.

CHANGES IN NET POSITION

The combined net position of the primary government increased from \$270.3 million to \$311.4 million at June 30, 2019. The governmental activities' total net position has increased by \$38.7 million while business-type net position increased by \$4.4 million over the prior year.

The most significant change to the primary government's net position was total assets increasing by \$50.7 million, primarily resulting from a \$38.1 million increase in capital

assets due to land acquisition and constructions in progress.

The \$5 million decrease in the primary government's total liabilities was mostly due to a \$5.0 million decrease in Net Pension Liabilities.

OVERNMENT-WIDE FINANCIAL STATEMENTS REPORTING THE CITY AS A WHOLE

he government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The statement of activities reports all of the current year's revenues and expenses regardless of when cash is received or paid.

The two government-wide financial statements report the City's net position and how it has changed during the fiscal year. Over time, increases or decreases in the City's net position is an indicator of whether its financial position is improving.

The two government-wide financial statements of the City are divided as follows:

• Governmental Activities—Most of the City's basic services are included here, such as police, fire, public works, redevelopment, and general government. Governmental activities are financed by taxes, revenues

from other government agencies, state/federal grants, and charges for services.

• Business-type Activities— Certain services provided by the City are funded by customer fees. Among these are the City's water, wastewater, airport, recreation, and cemetery services.

Except for the Successor Agency, the government-wide financial statements include not only the City itself, but also legally separate component units such as: Rialto Non-profit Public Building Authority, the Rialto Public Financing Authority, Rialto Utility Authority and Rialto Housing Authority. These component units, while legally separate from the City, provide services entirely or almost exclusively for the benefit of the City. Therefore, these component units are blended with the City government because of their governance and their financial relationships with the City.

he fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole. A fund is an accounting entity with a self-balancing set of accounts that the City uses to keep track of resources that have been segregated for specific activities or objectives.

The City has three types of funds:

- Governmental funds—Most of the City's basic services are included in governmental funds, which are used to account for (1) short-term inflows and outflows of spendable resources, and (2) the remaining year-end balances available for spending. Due to the fact that this information does not encompass the additional long -term focus of the government-wide statements, a reconciliation that explains the relationship (or differences) between governmental funds and governmental activities follow each of the governmental funds statements.
- Proprietary funds—Services for which customer fees are intended to finance the costs of operations are generally reported in proprietary funds. Proprietary funds and financial statements, like the government-wide statements, provide both long-term and short-term fi-

nancial information.

- ♦ Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements.
- Internal service funds report activities that provide services for the City's other programs and activities, such as the City's Fleet Fund, Worker's Compensation, General Liability, Management Information System, and Engineering and Development Services.
- Fiduciary funds—Fiduciary funds are used to account for resources held for the benefit of parties outside of the City. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the City's government-wide financial statements because the City cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE GOVERNMENT-WIDE STATEMENTS, CONTINUED

REVENUES

Revenues for fiscal year ended June 30, 2019 were \$185.6 million. The largest source of revenue for fiscal year 2019 comes from charges for services which makes up 42.1% of total revenues. The second largest source are tax revenues, which include property taxes, sales tax, utility users tax, and other taxes, account for 38.8% (see Chart 2).

Compared to fiscal year 2018, total revenues increased by \$6.8 million, or 3.8%. This resulted from a \$9.1 million increase in Sales and Property taxes, combined with \$6.3 million increase in Charges for services and Investment income, offset by decreases in Gain on sale of property, Grants and contributions and Other income. Table 2 provides information on the major revenue sources and comparisons between the current and prior fiscal year. Revenue sources that show significant changes are shown in more detail below.

Charges for services represent program revenues from gov-

ernmental activities, including public safety services, inspections, and permits, as well as from business-type activities, including water, wastewater, and recreation services. Total charges for services increased by \$2.3 million or 3% over the prior fiscal year.

Property taxes increased by \$4.1 million or 16.3% due to increased in lieu property tax and a \$1.8 million increase in the residual property tax resulting from the dissolution of the Rialto Redevelopment Agency.

Sales taxes increased by \$5.0 million or 28.5% attributed to new restaurants and retail developments in the Renaissance Marketplace. Investment income grew by \$4.0 million

Gain and loss on sale of property decreased from \$7.2 million last fiscal year to \$1.4 million and makes up less than 1 percent of total revenue.

EXPENSES

Expenses for the City totaled \$142.5 million, a decrease of 0.7% or \$1.1 million from fiscal year 2018 (see Table 3).

Governmental Activities totaled \$102.3 million, or 72% of total expenses. Governmental activities are grouped by functional activity. General Government includes Administration, City Clerk, City Treasurer, Finance, Human Resources and Code Enforcement. Community Development includes Public Works and Special Revenue funds functions. Public Safety includes Police and Fire services. Government Other includes interest on long-term debt.

Business-type activities totaled \$40.2 million, or 28% of total expenses. Business-type activities are also grouped by functional activity. These typically represent activities performed in exchange for a fee. Wastewater and Water utility services are provided to over 20,000 customers. Recreation services are partially paid by those requesting participation in a certain program.

About 77% of the recreation activities were subsidized by general revenues and not supported by charges for services. "Business Other" includes Cemetery services.

General Government expenses increased by \$4.1 million from the prior fiscal year mainly due to payout in legal fees in city's workers compensation liability.

Community Development expenses decreased by \$9.7 million due to the completion of Joe Sampson Park in the prior fiscal year and there were less streets, highway, storm drain capital projects in fiscal year 2019.

Public safety expense increased by \$5.1 million attributed to construction of Fire Station 205 and the purchase of an aerial truck.

FINANCIAL ANALYSIS OF THE GOVERNMENT-WIDE STATEMENTS, CONTINUED

GOVERNMENTAL ACTIVITIES

Most of the City's basic services are classified as Governmental activities, such as police, fire, public works, community development, and general government. Governmental activities are financed by taxes, revenues from other government agencies, state/federal grants, and charges for services.

Chart 4 compares the total cost of each of the City's major functions. In Table 4A, the Governmental Activities net cost deficit of \$45.9 million is funded by general revenues. In Table 4B, program revenues and major revenues show an increase of 6.7% primarily related to a increase in Sales tax and Property tax collections.

FINANCIAL ANALYSIS OF THE GOVERNMENT-WIDE STATEMENTS, CONTINUED

BUSINESS-TYPE ACTIVITIES

Certain services provided by the City are funded by customer fees. Among these are the City's water, wastewater, airport, recreation, and cemetery services.

The increase in net position for business activities was approximately \$4.4 million. The increase is a result of total expenses of business activities of \$40.2 million coming in under program revenue of \$43.6 million and general revenues and transfers totaling \$0.9 million (discussed below).

The \$43.6 million received in program revenues consists of \$43.4 million in charge for services. This is a decrease of \$1.3 million compared to last year, which is primarily attributable to water conservation efforts. These revenues are depicted in Chart 5.

Business-type transfers reported \$0.9 million, decreased by \$0.7 million from the prior fiscal year. The transfers were from land sales proceeds recorded in the Airport Fund in fiscal year 2018 as a result of its closure.

Wastewater revenues exceeded expenses by \$6.0 million. The surplus is primarily a result of an increase in Sewer Collection Fee revenue and Sewer Treatment Fee revenue.

Fiscal year 2019 water revenues of \$13.6 million exceeded expenses of \$13.2 million.

FINANCIAL ANALYSIS OF THE FUND STATEMENTS

he City uses fund accounting to assure and demonstrate compliance with finance-related legal requirements. The fund financial statements focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements. The types of Governmental funds reported by the City include the General Fund, Special Revenue Funds, Capital Project Funds, and Debt Service Funds. The fund statements provide information on near-term inflows, outflows and balances of spendable resources. These funds represent the reporting structure of the budget and interim council reports.

The City's governmental funds reported combined fund balances at June 30, 2019 of \$201.5 million, which is an increase of \$19.8 million from the previous fiscal year, consisting of \$38.1 million increase in total assets and \$17.6 million increase in total liabilities.

In accordance with the Governmental Accounting Standards Board (GASB) Statement No.54, Fund Balance Reporting and Governmental Fund Type Definitions, at June 30, 2019, the City's governmental funds' fund balances include the following classifications and balances based from the extent to which the City is bound to observe constraints imposed upon the use of resources reported in the governmental funds:

Non-spendable fund balance is the portion of net resources that cannot be spent because of their form of being a non-cash asset or a receivable. Non-spendable fund balance totaled \$24.7 million, which represents 12% of total fund balance. This includes Prepaid items (\$0.08 million), De-

GENERAL FUND - FUND BALANCE ANALYSIS

The City's General Fund showed fund balance of \$82.5 million reflected an increase of \$9.5 million. Total assets were \$119.5 million and total liabilities were \$37.0 million as of June 30, 2019.

Revenues

For Fiscal Year 2019, General Fund revenues were \$100.1 million, a growth of \$12.7 million or 14.5% from the prior fiscal year (Table 6).

Taxes which is made up of property tax, sales tax, franchise tax and UUT increased by \$8.4 million and makes up 66.8% of General Funds total revenue. Increases were from residual property tax receipts, and new shopping centers bringing in additional sales tax revenues. Licenses and permits slightly increased by \$0.2 million from the prior fiscal year. Fines and forfeitures had a slight decline of \$0.1 million and comprises less than 1 percent of total General Fund revenue. Use of money and property increased to \$3.3 million due to investment gains in the current fiscal year. Revenue from Other Agencies decreased by \$4.2 million due to a \$1.2 million county reimburse-

posits (\$4.6 million), Advance to Other Funds (\$18.8 million), Inventory (\$0.05 million), and Property Held for Resale (\$1.2 million).

Restricted fund balance is the portion of net resources that has external enforceable limitations on use; restrictions may be changed or lifted only with the consent of resource providers. Restricted fund balance totaled approximately \$119.2 million, which accounts to 60% of total fund balance. Restrictions are in Debt Service (\$0.7 million), Public Safety (\$8.9 million) and Community Development (\$109.5 million).

Assigned fund balance is the portion of net resources that have limitations resulting from intended use by the City Council or officials to which the City Council has delegated authority to assign amounts to be used for specific purposes. Assigned fund balance \$14.3 million which comprises 6% of the total fund balance. Assigned fund balances are attributed to capital projects which require Council action to decrease or remove.

The unassigned fund balance includes all spendable amounts not contained in the other classifications. Unassigned fund balance totaled \$43.4 million, which accounts for 22% of total fund balance. The General Fund unassigned balance of \$44.0 million is available for contingencies, while the offsetting (\$0.6) million deficit from nonmajor funds was attributed to grant reimbursements anticipated in the next fiscal year.

ment from last year and a reduction of \$3.3 million in state local assistance revenue. *Charges for services* increased by \$2.9 million mainly due to increased development agreement revenue, it makes up 11.7% of general fund's total revenue. *Other* revenue increased by \$2.8 million due to a one-time receipt from San Bernardino Valley Municipal Water pertaining to a settlement agreement.

Expenditures

For Fiscal Year 2019, General Fund expenditures were \$86.4 million, an increase of \$3.5 million or 4.2% from the prior fiscal year (Table 7).

General government decreased by \$1.5 million mainly due to OPEB contributions made in the prior fiscal year. Public safety increased by 1.9% or \$0.9 million and makes up 54.2% of General Fund's total expenditures. Community development increased from \$7.9 million to \$9.6 million, mainly attributed to increased contract services expense. Capital outlay increased by 43.5% or \$2.1 million due to property acquired from the County of San Bernardino.

CAPITAL PROJECTS FUND—FUND BALANCE ANALYSIS

The Capital Projects Fund accounts for financial transactions of general capital improvements. It is one of the three major funds included in the City's Comprehensive Annual Financial Report for June 30, 2019. The fund balance of \$17.2 million reflected a decrease of \$1.5 million from the prior fiscal year. Total assets were \$17.3 million and total liabilities were \$0.05 million.

Revenues and Expenditures

For fiscal year 2019, Capital Projects Fund revenues were at \$0.2 million, a decline of \$0.7 million from the prior fiscal year.

For fiscal year 2019, Capital Projects Fund expenditures were at \$5.4 million compared to last year's \$12 million, a \$6.6 million decrease due to the energy conservation project in the prior fiscal year.

PARK DEVELOPMENT FUND—FUND BALANCE ANALYSIS

The Park Development Fund accounts for development fees collected and used for the acquisition of parklands and the construction of new and expansions of park facilities. The fund balance of \$3.8 million reflected an decrease of \$1.1 million from the prior fiscal year. Total assets increased from \$6.0 million to \$21.6 million in fiscal year 2019. Total liabilities also increased in fiscal year 2019 from \$1.1 million to \$17.8 million. Increase in both assets and labilities were due to an advance from the General Fund for the construction of Frisbie Park.

Revenues and Expenditures

For fiscal year 2019, Park Development Fund revenues were at \$0.3 million, a decline of \$0.6 million from the prior fiscal year.

For fiscal year 2019, Park Development Fund expenditures were at \$2.3 million compared to last year's \$7.4 million, a \$5.1 million decrease due to land acquired in fiscal year 2018 for the Baca-Turch Park and construction of Joe Sampson Park.

GENERAL FUND BUDGETARY HIGHLIGHTS

The City's Final Budget differs from the Adopted Budget as a result of carry-forward appropriations from prior year encumbrances, supplemental revenues, and appropriations approved by Council throughout the fiscal year.

Actual expenditures were \$8.3 million lower than the final budget amounts.

Capital outlay expenditures were less than the budgeted appropriations by \$2.2 million due to several capital projects/purchases that were not completed or purchased by the end of fiscal year 2019. These included Public Safety, Public Works, and General budget for vehicles and equipment, City maintenance projects for park improvements, and City owned buildings which were all carried over to fiscal year 2020.

General Government expenditures were less than the budgeted appropriations by \$4.9 million, mostly due to salary savings.

Public Safety expenditures were less than the budgeted appropriations by \$0.7 million and can be attributed to savings in contract services.

Actual revenues received exceeded the budget by \$7.4 million. Taxes were \$5.3 million over appropriations, and Use of money and property were \$2.5 million over appropriations.

CAPITAL ASSETS

As of June 30, 2019, the City had \$363 million in capital assets, including land and land improvements, construction in progress, buildings, vehicles, police and fire equipment, improvements, water and wastewater transmissions and distribution systems, and infrastructure.

Total Capital Assets increased by \$38.1 million. This increase included construction in progress totaling \$55.1 million, infrastructure of \$5.9 million and an increase in "Other Improvements" of \$5 million. The increase in capital assets was offset by a \$10.3 million increase in accumulated depreciation.

Some of the major capital projects from the Capital Improvement Plan that were completed in fiscal year 2019 were:

Street Related Projects

- Miro Way Extension
- McWethy & Sandalwood Street Improvements
- Pilot Median Landscape Improvement

Non-Transportation related projects

- Community Center Rehab
- Bud Bender and Frisbee Park Field Lights
- Digester No. 1 Lid Installation

Some major capital projects under construction at the end of fiscal year 2019 and expected to be completed by the next fiscal year are:

- SR2S Cycle 10 Cedar Improvements
- Riverside Ave / I-10 Interchange Landscape
- Alder Widening

Other major projects that are in Design, Environmental and Right of Way Acquisition Phases are:

- Community Garden Expansion
- Valley Widening at Spruce/Cactus/Pomona
- Frisbie Park
- Riverside & UPRR Bridge Widening

Additional information pertaining to the City's capital assets can be found in Note 7 in the Notes to the Basic Financial Statements.

CAPITAL ASSET & DEBT ADMINISTRATION, CONTINUED

LONG TERM DEBT

At June 30, 2018 and 2019 respectively, the City had \$364.6 million and \$357.8 million in long-term debt outstanding. Net pension liability decreased \$10 million in 2019. The Margin Loan in the amount of \$3.6 million was refinanced in 2019. The City's long-term debt consists of debt with concessionaire, certificates of participation and other equipment financing, notes payable and advances, due to other governments, compensated absences, claims

payable, other post-employment benefits and net pension liability as shown below in Table 10.

Additional information pertaining to the City's long-term liabilities can be found in Note 9, 11 and 12 in the Notes to the Basic Financial Statements.

City of Rialto, California Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

June 30, 2019

Fund Balances of Governmental Funds	\$ 201,537,025
Amounts reported for Governmental Activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds balance sheet:	
Capital Assets Accumulated Depreciation Less: Internal Service Funds Capital Assets	430,007,490 (173,137,820) (249,604)
Internal service funds are used by management to account for goods and services provided by one City department to other City departments. Assets, liabilities, and deferred outflows and inflows of resources of the internal service funds are included in governmental activities in the Statement of Net Position:	338,783
Accrued interest is not due and payable in the current period and, therefore, is not reported in the governmental funds.	(40,744)
Certain revenues in the governmental funds are reported as deferred inflows of resources, unavailable revenues, because they are not collected within the prescribed time period after year-end. However, the revenues are included on the accrual basis used in the government-wide statements.	1,193,538
Deferred losses on refunding, net of accumulated amortization for long-term debt issuance are not reported in the governmental funds.	5,218
Pension and OPEB related debt applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Deferred outflows of resources and deferred inflows of resources related to pensions and OPEB are only reported in the Statement of Net Position as the changes in these amount, effects only the government-wide statements for governmental activities (excludes internal service funds amounts included above):	
Deferred Outflows of Resources - Pension Related	23,307,202
Deferred Inflows of Resources - Pension Related	(8,845,790)
Net Pension Liability Deferred Outflows of Resources - OPEB Related	(114,352,969) 603,862
Deferred Inflows of Resources - OPEB Related Deferred Inflows of Resources - OPEB Related	(1,680,617)
Net OPEB Liability	(39,235,546)
Long-term liabilities applicable to the City governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities.	
Long-term Liabilities	(39,111,967)
Less: Internal Service Funds Long-term Liabilities Included Above	16,000,416
Net Position of Governmental Activities	\$ 296,338,477

City of Rialto, California

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2019

Net Change in Fund Balances - Total Governmental Funds	\$ 19,813,513
Amounts reported for Governmental Activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense. These are the amounts by which capital expense and capital contributions exceeded depreciation in the current period.	
Capital Expenditures (excludes Internal Service Funds amount of \$6,996) Contributed Capital Depreciation expense (excludes Internal Service Funds amount of \$86,492)	27,111,141 2,880,518 (7,222,037)
The issuance of long-term debt provides current financial resources to governmental funds, while repayment of the principal consumes the current financial resources of the governmental funds. Issuance of long-term debt is an other financing source and principal payments are an expenditure in governmental funds, but the issuance increases long-term liabilities and the repayment reduces long-term liabilities in the Statement of Net Position.	
Principal Payments	4,469,655
Loan Proceeds	(2,000,000)
Capital Lease Proceeds	(3,556,613)
Deferred loss on refunding is an expenditure in the governmental funds, but these costs are reported as a deferred outflow of resources on the Statement of Net Position. This is the total amortization of the deferred loss on refunding in the current period.	(2,611)
Pension and OPEB expenses reported in the governmental funds includes the annual required contributions. In the Statement of Activities, pension expense includes the change in the Net Pension Liability and Net OPEB Liability and related changes in pension and OPEB amounts for deferred outflows of resources and deferred inflows of resources.	(2,386,022)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.	
Change in Accrued Interest Payable	(16,272)
Change in Compensated Absences	(532,276)
Revenues in the Statement of Activities that do not meet the "availability" criteria for revenue recognition are reported as deferred inflows of resources, unavailable revenues, in the governmental funds. This is the change in deferred inflows of resources, unavailable revenues, from the prior year.	(478,247)
› K	(, ,)
The net expense of activities of internal service funds is reported within governmental activities.	(1,352,351)
Change in Net Position of Governmental Activities	\$ 36,728,398

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) Description of Reporting Entity

The City of Rialto (the City) was incorporated in 1911 under the General Laws of the State of California. The City operates under a Council-Manager form of government and provides the following services: public safety (police and fire), highways and streets, parks and recreation, public improvements, planning and zoning, and general administrative services.

As required by accounting principles generally accepted in the United States of America, these financial statements include the financial activities of the City and its component units – the Rialto Public Financing Authority (the Financing Authority), the Rialto Utility Authority (the Utility Authority), the Rialto Nonprofit Public Building Authority (Building Authority), and the Rialto Housing Authority (Housing Authority) – for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations and, therefore, data of these units are combined with data of the City.

Blended Components Units

The Rialto Public Financing Authority (Financing Authority) was established in 1988 pursuant to California Government Code Section 6500. Although it is legally separate from the City, the Financing Authority is reported as if it were part of the City because its sole purpose is to finance the City's and the former Redevelopment Agency's public projects. The financial activity for this entity is blended with the governmental funds of the City in the 1997 COP Debt Service Fund.

The Rialto Utility Authority (Utility Authority) was created on May 1, 2001 pursuant to Joint Powers Law Articles 1 through 4 (commencing with Section 6500) of Chapter 5, Division 7, Title 1 of the California Government Code, and the Marks-Roos Local Bond Pooling Act of 1985. The Utility Authority was formed to provide for lease, ownership, operation, maintenance, construction, and financing of the Water and Wastewater Utility systems and any other utility system or service. The City Council acts as the governing board of the Utility Authority and there is a financial benefit/burden relationship between the City and the Utility Authority. The financial activity of the Utility Authority is blended with the City's proprietary funds in the Water and Wastewater Proprietary Funds.

The Rialto Nonprofit Public Building Authority (Building Authority) was established in 1988. Although it is legally separate from the City, the Building Authority is reported as if it were part of the City because is sole purposes is to finance, refinance, acquire, construct, improve, lease, sell, or otherwise convey property of any kind to the City. The financial activity for this entity is blended with the governmental funds of the City in the 1997 COP Debt Service Fund.

The Rialto Housing Authority (Housing Authority) was created on November 4, 2003 in accordance with the Californian Law Health and Safety Code Sections 34200-34606. The Housing Authority enables the City to engage in more aggressive housing market intervention, including the acquisition of property, rehabilitation, and/or development of affordable housing. The Mayor and City Council act as the governing board of the Housing Authority and there is a financial benefit/burden relationship between the City and the Housing Authority. The financial activity for this entity is blended with the governmental funds of the City in the Housing Authority Special Revenue Fund.

June 30, 2019

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

A) Description of Reporting Entity - Continued

Blended Components Units - Continued

The Financing Authority, Utility Authority, Building Authority, and Housing Authority do not issue separate financial statements.

B) Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the non-fiduciary activities of the City and its component units. The effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable to a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirement of a particular function or segment. Taxes and other items not properly classified as program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary funds, the private-purpose trust fund, and the other post-employment benefit trust fund financial statements. Under the *economic resources measurement focus*, all (both current and long-term) economic resources and obligations of the reporting government are reported in the government-wide financial statements. Under the *accrual basis of accounting*, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Property taxes are recognized in the fiscal year for which the taxes have been levied. The Agency funds, however, are unlike all other types of funds, reporting only assets and liabilities. Therefore, the Agency funds cannot be said to have a measurement focus. They do, however, use the *accrual basis* of *accounting* to recognize receivables and payables.

June 30, 2019

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

C) Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Continued

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under the *current financial resources measurement focus* only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are generally included on their balance sheets. Under the *modified accrual basis of accounting*, revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Revenues that are accrued generally include taxes, interest, and state and federal grants and charges for services.

Real property taxes are levied for the period beginning on July 1 to June 30 against property owners of record on January 1. The taxes are due in two installments, on November 1 and February 1, and become delinquent after December 10 and April 10, respectively. Tax liens attach annually as of 12:01 a.m. on the first day of January in the fiscal year for which the taxes are levied. Property tax revenue is recognized in the fiscal year for which the taxes have been levied, provided it is collected within 90 days of the end of the fiscal year in the fund financial statements.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Water, Wastewater, Airport, and Other Enterprise Funds are charges to customers for sales and services. The Wastewater fund also recognizes as operating revenue the portion of connection fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D) Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance/net position, revenues, and expenditures or expenses, as appropriate.

Governmental Funds:

Governmental funds are those funds through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of currently available financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are paid; and the difference between governmental fund assets, deferred outflows of resources, liabilities and deferred inflows of resources, the fund equity, is referred to as "fund balance". The measurement focus is upon determination of changes in fund balance, rather than upon net income determination.

June 30, 2019

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

D) Fund Accounting - Continued

Governmental Funds:

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *Park Development Special Revenue Fund* accounts for development fees collected and used for the acquisition of parklands and the construction of new and expansions of park facilities.

The Capital Projects Capital Projects Fund is used to account for resources restricted or assigned for capital improvements.

The other governmental funds of the City are considered nonmajor.

Additionally, the City reports the following fund types:

The *Special Revenue Funds* are used to account for proceeds of specific revenue sources that are legally restricted or otherwise assigned for specific purposes.

The Capital Projects Funds are used to account for income received to fund expenditures related to City infrastructure and development improvements.

The *Debt Service Fund* is used to account for debt service activity for the 2007 Refunding Certificates of Participation.

Proprietary Funds:

Proprietary funds are used to account for a government's ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is upon income determination, financial position, and cash flows. The City reports the following major proprietary funds:

The Water Fund accounts for the activities of the City's water distribution operations.

The Wastewater Fund accounts for the activities of the City's wastewater systems.

The Airport Fund accounts for the land sales owned by the former airport.

The other proprietary funds of the City are considered nonmajor.

In addition to the major proprietary funds, the City reports internal service funds, which are proprietary funds types, whose purpose is to account for goods and services provided by one City department to other City departments or agencies, or to external organizations. Internal service funds are used to account for workers' compensation, fleet management, information system, general liability, and building maintenance.

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

D) Fund Accounting - Continued

Fiduciary Funds:

Fiduciary funds are accounted for on the accrual basis of accounting as are the proprietary funds explained above. The City reports the following fiduciary funds, which are excluded from the government-wide financial statements:

Successor Agency Private-Purpose Trust Fund accounts for the custodial responsibilities that are assigned to the Successor Agency to the Rialto Redevelopment Agency pursuant to the Dissolution Act.

Other Post-Employments Benefit (OPEB) Trust Fund accounts for the activities of the City's plan for post-retirement medical benefits.

Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, or other governments. The Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City acts in an agency capacity for special deposit activity, confiscated funds due to public safety activities, Community Facilities District (CFD) 87-1, CFD 2006-1 Elm Park, and CFD 2016-1.

E) New Accounting Pronouncements

Current Year Standards:

Governmental Accounting Standard Board Statement No. 83

In November of 2016, GASB issued Statement No. 83, Certain Asset Retirement Obligations. This Statement was issued to address the criteria for the recognition and measurement of the liability and corresponding deferred outflows of resources associated with certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. Statement No. 83 is effective for reporting periods beginning after June 15, 2018. Currently, this Statement has no impact to the City's financial statements.

Governmental Accounting Standard Board Statement No. 88

In March of 2018, GASB issued Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements. This Statement was issued to improve the information that is disclosed in the notes to government financial statements related to debt, including direct borrowings and direct placements. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. Statement No. 88 is effective for fiscal years beginning after June 15, 2018. Management has implemented this Statement and the effects are reflected in the financial statements.

June 30, 2019

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

E) New Accounting Pronouncements - Continued

Current Year Standards: - Continued

Governmental Accounting Standard Board Statement No. 89

In June of 2018, GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. This Statement was issued to (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. Statement No. 89 is effective for fiscal years beginning after December 15, 2019. The City has elected to early implement GASB No. 89 and is reflected in the financial statements.

Pending Accounting Standards:

GASB has issued the following statements, which may impact the City's financial reporting requirements in the future:

- i. GASB 84 "Fiduciary Activities", effective for fiscal years beginning after December 15, 2018.
- ii. GASB 87 "Leases", effective for fiscal years beginning after December 15, 2019.
- iii. GASB 90 "Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61" effective for fiscal years beginning after December 15, 2018.
- iv. GASB 91 "Conduit Debt Obligations" effective for fiscal years beginning after December 15, 2020.

F) Statement of Cash Flows

The City's enterprise and internal service funds participate in the pooling of City-wide cash and investments. As amounts are available to these funds on demand, all cash and investments, including restricted cash and investments, in these funds are considered to be cash and cash equivalents for statement of cash flow purposes. The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

G) Cash, Investments and Other Investments

The City pools cash and investment resources of some of its funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements.

Investments are stated at fair value except for certain investments, which have a remaining life of less than one year when purchased and investment contracts, which are stated at amortized cost. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the investments is generally based on published market prices and quotations from major investment firms. Investment earnings are allocated based on the source of funds.

June 30, 2019

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

H) Restricted Cash and Investments

Certain proceeds of governmental fund certificates of participation and enterprise fund long-term liabilities as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet and statement of net position because their use is limited by applicable bond or debt covenants. The enterprise funds restricted cash and investments includes amounts held in trust for the RWS water and wastewater operations and capital projects. The cemetery (other enterprise fund) restricted cash and investments include amounts held for long-term endowment care required by state law.

I) Unbilled Receivables

Unbilled water and wastewater revenue of the enterprise funds is recognized as earned based on consumption or when service is rendered.

J) Prepaid Items

Payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements and are recorded as expenditures when consumed rather than when purchased.

K) Inventory

Inventory is valued at cost, which approximates fair value, on a first-in, first-out basis. Inventory in the proprietary funds consists of expendable supplies held for consumption. The costs of governmental fund type inventories are recorded as expenditure when consumed rather than when purchased.

L) Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements of the proprietary funds and private-purpose trust fund.

Capital assets, other than infrastructure assets, are defined by the City as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported in the government-wide financial statements with an individual cost of more than \$25,000.

Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Interest incurred during the construction phase of capital assets of business-type activities is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds of tax-exempt debt over the same period.

June 30, 2019

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

L) Capital Assets - Continued

There was no interest capitalized by the City during the current fiscal year. Capital assets, other than land, land easements, and construction in progress, are depreciated using the straight-line method using the following lives:

Land Improvements	200 years
Buildings and Other Structures	25 - 50 years
Improvements Other than Buildings	20 years
Machinery and Equipment	5 - 7 years
Distribution Systems	20 - 50 years
Wastewater Treatment Plant	20 - 50 years
Vehicles	5 - 10 years
Office Furniture, Computers and Equipment	5 - 20 years
Infrastructure	20 - 60 years

M) Unearned Revenue

Unearned revenue in the General Fund of \$32,992,278, consists primarily of funds collected under Measure U, which is a new business license tax on wholesale liquid fuel storage facilities in an amount up to \$1 per year for each cubic foot of liquid fuel storage capacity. The City has escrowed these funds pending current litigation and has offset the amounts collected with unearned revenue.

N) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that time. The City has the following items that qualify for reporting in this category:

- Deferred loss on refunding reported in the government-wide statement of net position and fiduciary funds statement of net position. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the life of the refunding debt.
- Deferred outflows related to pensions and OPEB equal to employer contributions made after the measurement date of the net pension liability.
- Deferred outflows related to pensions resulting from the difference in projected and actual earnings on investments of the pension plans fiduciary net position and changes in actuarially determined assumptions. These amounts are amortized over five years.

June 30, 2019

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

N) Deferred Outflows/Inflows of Resources - Continued

In addition to liabilities, the statement of net position and governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. The City has the following items that qualify for reporting in this category:

- Deferred inflows from unavailable revenues, which is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources, which are grants receivable and franchise fees collections. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- Deferred inflows related to pensions for differences between expected and actual experiences. These amounts are amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the plans.
- Deferred inflows from pensions and OPEB resulting from the difference in projected and actual earnings on
 investments of the pension plans fiduciary net position and changes in assumptions. These amounts are
 amortized over a closed period equal to the average of the expected remaining service lives of all
 employees that are provided with pensions through the plans.

O) Interfund Transactions

Interfund current receivables and payables are classified as either "due to/due from" (i.e., the current portion of interfund loans) or "advance to/from other funds" (i.e., the noncurrent portion of interfund loans). Residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances". Transactions, which constitute the transfer of resources from a fund receiving revenues to a fund through which the revenues are to be expended, are separately reported in the respective funds' operating statements as a transfer.

P) Long-Term Obligations

In the government-wide financial statements, proprietary fund financial statements, and private-purpose trust fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, proprietary fund type statement of net position, or private-purpose trust fund statement of net position. Bond premiums, discounts, and deferred amounts on refunding are deferred and amortized over the life of the bonds using the effective interest method. Amortization of bond premium, discounts, and deferred amounts is included in interest expense. Bonds payable are reported net of the applicable bond premium or discount. The deferred amount on refunding is reported as a deferred outflow or inflow of resources. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

June 30, 2019

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

P) Long-Term Obligations - Continued

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld the actual debt proceeds received, are reported as debt service expenditures.

Q) Compensated Absences

In the governmental funds, compensated absences are recorded as expenditures in the year in which the amount is due and payable due to resignations or retirements. As of year-end, the entire unpaid liability for the governmental funds is recorded as a long-term liability in the government-wide statement of net position. Compensated absences in the proprietary funds are recorded as liabilities in the applicable funds.

R) Net Position and Net Position Flow Assumptions

Net Position:

Net position is the excess of all the City's assets and deferred outflows of resources over all its liabilities and deferred inflows of resources. Net position is divided into three captions. These captions are described below and apply only to net position, which is applicable only to the government-wide statements, proprietary fund statements, private-purpose trust fund statements, and other post-employment benefit trust fund statements.

<u>Net Investment in Capital Assets</u> - describes the portion of net position which is represented by the current net book value of the City's capital assets, less the outstanding balance of any debt issued to finance these assets, unspent bond proceeds from debt, and the deferral on refunding.

<u>Restricted</u> - describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the City cannot unilaterally alter.

Unrestricted - describes the portion of net position which is not restricted as to use.

Net Positions Flow Assumptions:

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied.

It is the City's practice to consider restricted - net position to have been depleted before unrestricted - net position is applied.

June 30, 2019

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

S) Fund Balances

The City's governmental funds' fund balances include the following classifications:

<u>Nonspendable Fund Balance</u> – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact.

<u>Restricted Fund Balance</u> – includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restriction may effectively be changed or lifted only with the consent of resource providers.

<u>Committed Fund Balance</u> – includes amounts that can only be used for the specific purposes determined by a formal action (Ordinance) of the City's highest level of decision-making authority, the City Council. Commitments may be changed or lifted only by the City taking the same formal action that imposed the constraint originally.

<u>Assigned Fund Balance</u> – includes amounts intended to be used by the City for specific purposes that are neither restricted nor committed. Intent is expressed by (a) the City Council or (b) an official to which the City Council has delegated the authority to assign amounts to be used for specific purposes. The City Council approves assignments of fund balance.

<u>Unassigned Fund Balance</u> – is the residual classification and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. The unassigned fund balance classification is where to report negative amounts for all governmental funds, other than the general fund.

When expenditures are incurred, the City's applies the most restrictive funds first; and then the City would use the appropriate funds in the following order: committed, assigned, and lastly unassigned amounts.

The City established encumbrances to record the amount of purchase orders, contracts, and other obligations, which have not yet been fulfilled, cancelled, or discharged. Encumbrances outstanding at year-end are recorded as part of assigned fund balance.

T) Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expenses, information about the fiduciary net positions of the City's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

U) Other Post-Employment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

V) Use of Estimates

The preparation of financial statements requires management to make certain estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources, and disclosure of contingent assets and liabilities, at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2) CASH AND INVESTMENTS

Cash and Investments as of June 30, 2019 are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and Investments	\$ 256,181,320
Restricted Cash and Investments in Trust	22,453,155
Restricted Cash and Investments with Fiscal Agent	10,288,382
Statement of Fiduciary Net Position:	
Cash and Investments	17,049,996
Restricted Cash and Investments with Fiscal Agents	5,323,724
Restricted Cash and Investments Bond Proceeds	1,352,844
Restricted Cash and Investments Held by Trust	 18,859,962
Total Cash and Investments	\$ 331,509,383

Cash and Investments held by the City at June 30, 2019 consist of the following:

Cash on Hand	\$ 33,750
Deposits with Financial Institutions	108,408,922
Cash and Investments with Public Agency Retirement Services	
(PARS) for Other Post-Employment Benefit (OPEB) Trust	18,859,962
Investments	204,206,749
Total Cash and Investments	\$ 331,509,383

Investments Authorized by the California Government Code and the City's Investment Policy

The City maintains a formal Investment Policy, which is adopted annually by the City Council. The Investment Policy states that "the investment of City funds is governed by the California Government Code Section 53600 et seq."

The table below identifies the investment types that are authorized for the City by the California Government Code and the City's investment policy. Also identified are certain provisions that address interest rate risk and concentration of credit risk. Not addressed below are investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the City, rather than the general provisions of the Government Code and Investment Policy and investments of the employer contributions to the other post-employment benefit (OPEB) trust that are governed by the trust agreement.

N/A - Not Applicable

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways the City manages its exposure to interest rates risk is by purchasing a combination of short and long-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

⁽²⁾ Excluding amounts held by bond trustee that are not subject to California Government Code Restrictions.

^{* \$195} million total between City, Utility Authority and Successor Agency.

June 30, 2019

2) CASH AND INVESTMENTS - Continued

Concentration of Credit Risk

Concentration credit risk is the heightened risk of potential loss when investments are concentrated in one issuer.

As of June 30, 2019, the City had no investments concentrated in one issuer which exceeded 5% of total investments. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investments pool, and other pooled investments are excluded from this disclosure requirement.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2019, none of the City's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts.

The City's Investment Policy requires a third-party bank trust department hold all investment securities owned by the City. The City's investments in certificates of deposit are held by banks. Accordingly, the certificates are covered by the same collateral requirements as the City's deposits.

For investments identified herein as held by bond trustee, the bond trustee selects the investment under the terms of the applicable trust agreement, acquires the investment, and holds the investment on behalf of the reporting government.

Investment in Local Agency Investment Fund

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro rata share of the fair values provided by LAIF for the entire LAIF portfolio. The balance available for withdrawal is based on the accounting records maintained by LAIF. LAIF is not rated.

Investment in CalTRUST Investment Pool

CalTRUST is a Joint Powers Agency Authority created by local public agencies to provide a convenient method for local public agencies to pool their assets for investment purposes. CalTRUST is governed by a Board of Trustees made up of experienced local agency treasurers and investment officers. The Board sets overall policies for the program and selects and supervises the activities of the investment manager and other agents. CalTRUST maintains and administers four

June 30, 2019

2) CASH AND INVESTMENTS - Continued

Investment in CalTRUST Investment Pool - Continued

pooled accounts within the program: Money Market, Short-Term, Medium-Term and Long-Term. The Money Market account permits daily transactions, with same-day liquidity (provided redemption requests are received by 1:00 p.m. Pacific time), with no limit on the amount of funds that may be invested. The Short-Term account permits an unlimited number of transactions per month (with prior day notice), with no limit on the amount of funds that may be invested. The Medium-and Long-Term accounts permit investments, withdrawals and transfers once per month, with five days advance notice. All CalTRUST accounts comply with the limits and restrictions placed on local agency investments by the California Government Code. CalTRUST imposes a \$250,000 minimum investment; however, there is no maximum limit. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's percentage interest of the fair value provided by CalTRUST for the CalTRUST accounts (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by CalTRUST.

Cash and Investments - OPEB Trust

The City established a trust account with Public Agency Retirement Services (PARS) to hold assets that are legally restricted for use in administering the City's OPEB health plan. The OPEB Trust's specific cash and investments are managed by a third-party portfolio manager under guidelines approved by the City.

Those guidelines are as follows:

Risk Tolerance: Balanced High Mark Plus

Risk Management: The portfolio is constructed to control risk through four layers of

diversification - asset classes (cash, fixed income, equity), investment styles (large cap, small cap, international, value, growth), managers and securities. Disciplined mutual fund selection and monitoring process helps to drive return potential

while reducing portfolio risk.

Investment Objective: To provide growth of principal and income. It is expected that

dividend and interest income are an important component of the objective's total return, it is expected that capital appreciation will

comprise a larger portion of the total return.

Strategic Ranges: 0% - 20% Cash

30% - 50% Fixed Income 50% - 70% Equity

Cash and Investments with Fiscal Agents

Cash and investments maintained by fiscal agents are considered restricted and are pledged as collateral for payment of principal and interest on bonds.

Provisions of debt agreements, rather than the general provisions of the California Government Code or the City's Investment Policy, govern investments of debt proceeds held by bond fiscal agents. Permitted investments are specified in related trust agreements and include the following:

June 30, 2019

2) CASH AND INVESTMENTS - Continued

Cash and Investments with Fiscal Agents - Continued

- Securities of the U.S. Government and its sponsored agencies
- Bankers' Acceptances rated in the single highest classification
- Commercial Paper rated in the single highest classification
- Investments in money market funds rated in the single highest classification
- Municipal obligations rated Aaa/AAA or general obligations of states with ratings of at least A21A or higher by both Moody's and S&P
- Investment contracts

No maximum percentage of the related debt issue or maximum investment in one issuer is specified.

Cash and Investments Held in Trust

Cash and investments maintained in the trust are considered restricted for water and wastewater functions.

Fair Value Measurements

The City categories its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are quoted prices in active markets for similar assets, and Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2019:

	Quoted		Observable	J	Jnobservable	
	Prices		Inputs		Inputs	
	Level 1		Level 2		Level 3	Total
Federal National Mortgage Association (FNMA)	\$ -	\$	3,987,240	\$	-	\$ 3,987,240
Federal Farm Credit Banks (FFCB)	-		11,936,525		-	11,936,525
Federal Home Loan Mortgage Corporation						
(FHLMC)	-		4,491,255		-	4,491,255

3) ACCOUNTS RECEIVABLE

Accounts receivable as of year-end for the City's individual major funds, nonmajor funds, internal service funds, agency funds and private-purpose trust fund, including the applicable allowances for uncollectible accounts, are as follows:

		Accounts Receivable	-	Less Allowance for Uncollectible	Net Total Accounts Receivable		
Governmental Funds:							
General Fund	\$	5,541,999	\$	(2,085,204)		3,456,795	
Other Governmental Funds		1,142,845		-		1,142,845	
Proprietary Funds:							
Water		1,494,337		(354,466)		1,139,871	
Wastewater		3,728,591		(449,691)		3,278,900	
Airport		159,670		(151,799)		7,871	
Other Enterprise Funds	_	9,812				9,812	
Total Primary Government Fiduciary Funds:	\$	12,077,254	\$	(3,041,160)	\$	9,036,094	
Private-Purpose Trust Fund	\$	6,875	\$	-	\$	6,875	

4) LOANS RECEIVABLE

Loans receivable of \$3,532,875, which is reflected in the City's other governmental Traffic Development Special Revenue Fund, Neighborhood Stabilization Program Special Revenue Fund, Neighborhood Stabilization Program - Program Income Special Revenue Fund, Cal Home Special Revenue Fund, and Housing Authority Special Revenue Fund, is comprised of the following as of June 30, 2019:

The City administers a housing rehabilitation loan program, which provides money to certain homeowners to rehabilitate their homes. There are certain criteria which the homeowner must meet prior to receiving approval of the loan, which are based on household income and the need for rehabilitation. The City enters into loan agreements with the homeowners that require the loans to be repaid only if title of the property changes. Therefore, the City has recorded the outstanding loans as loans receivable and due to other governments in the governmental funds. The amount of outstanding rehabilitation loans in the Cal Home Special Revenue Fund and Housing Authority Special Revenue Fund at June 30, 2019 is \$2,692,360.

The City has provides down payment assistance under the Neighborhood Stabilization Program to eligible middle income households earning not less than eighty percent and not more than one hundred twenty percent of the area median income in San Bernardino County, California, as determined by the U.S. Department of Housing and Urban Development (HUD). If any of the events described in the loan agreement, like sale or rental of all or any interest in the property without City's prior written consent, has not occurred as of the fifteenth anniversary of the maturity date, then the entire loan amount is forgiven. The total outstanding balance in the Neighborhood Stabilization Program Special Revenue Fund and Neighborhood Stabilization Program - Program Income Special Revenue Fund as of June 30, 2019, was \$680,325 (offset by an allowance of \$680,325).

The City established a letter of credit for the beneficiary of the California Department of Fish and Game to obtain a permit for a capital project. Upon the completion of the project, the letter of credit totaling \$160,190 as reported in the Traffic Development Special Revenue Fund will be returned to the City.

June 30, 2019

5) NOTES RECEIVABLE

Notes receivable of \$46,526,850, which is reflected in the City's other governmental Housing Authority Special Revenue Fund (offset by allowance of \$46,526,850) and \$369,259, in the Water Enterprise Fund and the Wastewater Enterprise Fund is comprised of the following as of June 30, 2019:

The Housing Authority provided development funding to Inland Valley Housing Partners L.P. in accordance with an Affordable Housing Agreement by and between the Authority and Southern California Housing Development Corporation for Phase I of the Citrus Grove Project (Project). Pursuant to a promissory note and the Agreement, the advance funding is to be repaid from the residual receipts generated by the Project at 3% interest rate per annum. The residual receipts were defined as 50% of the net income after all operating expenses and superior debt service payments are made. Based upon a financial analysis of the Project performed by a financial consultant, the repayment is expected to be minimal relative to the total principal and accrued interest. The outstanding balance as of June 30, 2019, was \$19,574,167. An allowance of \$19,574,167 has been recorded in the financial statements because there is no estimate of timing of cash collections on the note. Revenue will be recognized on a cash basis.

The Housing Authority provided development funding to Citrus Grove Housing Partners L.P. in accordance with an Affordable Housing Agreement by and between the Authority and National Community Renaissance of California for Phase II of the Project. Pursuant to four separate promissory notes and the Agreement, the Authority has advanced funding at 0% interest rate. The principal and accrued interest is to be repaid from the residual receipts generated by the Project. The residual receipts were defined as 50% of the net income after all operating expenses and superior debt service payments are made. Based upon a financial analysis of the Project performed by a financial consultant, the repayment is expected to be minimal relative to the total principal and accrued interest. The total outstanding balance as of June 30, 2019, was \$8,626,713. An allowance of \$8,626,713 has been recorded in the financial statements because there is no estimate for timing of cash collections on the note. Revenue will be recognized on a cash basis.

The Housing Authority provided development funding to TELACU in accordance with an Affordable Housing Agreement by and between the Authority and TELACU HOUSING-RIALTO, INC., in connection with the development of a 70-unit affordable senior housing rental complex project on a 2.3 acre site on the north side of Merrill Avenue, just westerly of Riverside, referred to TELACU I La Paz Community project. Pursuant to a promissory note and the Agreement, the advance funding in the amount of \$751,408 is to be repaid from the residual receipts generated by the Project as a 0% interest rate. The residual receipts were defined as 50% of the net income after all operating expenses and superior debt service payments are made. Based upon a financial analysis of the Project performed by a financial consultant, the repayment is expected to be minimal relative to the total principal and accrued interest. Provided the developer is in compliance with all of its obligations under the Affordable Housing Agreement, the Regulatory Agreement, and all other documents executed pursuant thereto, any remaining balance of the Housing Authority loan shall be forgiven upon the fifty-fifth (55th) anniversary of the date of the City's issuance of a certificate of occupancy. The outstanding balance as of June 30, 2019, was \$751,408. An allowance of \$751,408 has been recorded in the financial statements because there is no estimate for timing of cash collections on the note. Revenue will be recognized on a cash basis.

The Housing Authority provided development funding to TELACU in accordance with an Affordable Housing Agreement by and between the Authority and TELACU HOUSING-RIALTO II, INC., in connection with the development of a 75-unit affordable senior housing rental complex project on the south side of Foothill Boulevard and just west of Cactus Avenue ("TELACU 2") project. Pursuant to a promissory note and the Agreement, the advance funding in the amount of \$1,824,155 is to be repaid from the residual receipts generated by the Project at a 0% interest rate. The residual receipts were defined as 50% of the net income after all operating expenses and superior debt service payments are made. Based upon a financial analysis of the Project performed by a financial consultant, the repayment is

June 30, 2019

5) NOTES RECEIVABLE - Continued

expected to be minimal relative to the total principal and accrued interest. The outstanding balance as of June 30, 2019, was \$1,707,241. An allowance of \$1,707,241 has been recorded in the financial statements because there is no estimate for timing of cash collection on the note. Revenue will be recognized on a cash basis.

The Housing Authority provided development funding to TELACU in accordance with an Affordable Housing Agreement by and between the Authority and TELACU HOUSING-RIALTO III, INC., in connection with the development of an affordable housing complex project. Pursuant to a promissory note and the Agreement, the advance funding in the amount of \$3,805,000 is to be repaid from the residual receipts generated by the Project at a 0% interest rate. The residual receipts were defined as 50% of the net income after all operating expenses and superior debt service payments are made. Based upon a financial analysis of the Project performed by a financial consultant, the repayment is expected to be minimal relative to the total principal and accrued interest. The outstanding balance as of June 30, 2019, was \$3,060,010. An allowance of \$3,060,010 has been recorded in the financial statements because there is no estimate for timing of cash collection on the note. Revenue will be recognized on a cash basis.

The Housing Authority provided development funding to RIALTO FAMILY HOUSING PARTNERS, L.P. in accordance with an Affordable Housing Agreement by and between the Authority and RIALTO FAMILY HOUSING PARTNERS L.P. in connection with the development of an affordable housing complex project. Pursuant to a promissory note and the Agreement, the advance funding in the amount of \$7,385,974 is to be repaid from the residual receipts generated by the Project. The residual receipts were defined as 50% of the net income after all operating expenses and superior debt service payments are made. Based upon a financial analysis of the Project performed by a financial consultant, the repayment is expected to be minimal relative to the total principal and accrued interest. The outstanding balance including unpaid accrued interest as of June 30, 2019, was \$9,057,368. An allowance of \$9,057,368 has been recorded in the financial statements because there is no estimate for timing of cash collection on the note. Revenue will be recognized on a cash basis.

The Housing Authority provided development funding to RIALTO FAMILY HOUSING PARTNERS II, L.P. in accordance with an Affordable Housing Agreement by and between the Authority and RIALTO FAMILY HOUSING PARTNERS L.P. in connection with the development of an affordable housing complex project. Pursuant to a promissory note and the Agreement, the advance funding in the amount of \$1,959,400 is to be repaid from the residual receipts generated by the Project. The residual receipts were defined as 50% of the net income after all operating expenses and superior debt service payments are made. Based upon a financial analysis of the Project performed by a financial consultant, the repayment is expected to be minimal relative to the total principal and accrued interest. The outstanding balance including unpaid accrued interest as of June 30, 2019, was \$2,387,510. An allowance of \$2,387,510 has been recorded in the financial statements because there is no estimate for timing of cash collection on the note. Revenue will be recognized on a cash basis.

The Housing Authority provided development funding to RIALTO FAMILY HOUSING PARTNERS II, L.P. in accordance with an Affordable Housing Agreement by and between the Authority and RIALTO FAMILY HOUSING PARTNERS L.P. in connection with the development of an affordable housing complex project. Pursuant to a promissory note and the Agreement, the advance funding in the amount of \$1,144,711 is to be repaid from the residual receipts generated by the Project. The residual receipts were defined as 50% of the net income after all operating expenses and superior debt service payments are made. Based upon a financial analysis of the Project performed by a financial consultant, the repayment is expected to be minimal relative to the total principal and accrued interest. The outstanding balance including unpaid accrued interest as of June 30, 2019, was \$1,362,433. An allowance of \$1,362,433 has been recorded in the financial statements because there is no estimate for timing of cash collection on the note. Revenue will be recognized on a cash basis.

June 30, 2019

5) NOTES RECEIVABLE - Continued

The Rialto Utility Authority entered into a concessionaire agreement on March 27, 2012 with Rialto Water Services, L.P. (the Concessionaire) to provide services with respect to the Utility Facilities for a term of 30 years. As part of the agreement, the Rialto Utility Authority provided inventory and assets on hand to the Concessionaire for use in providing such utility services. At the end of the 30-year agreement, the Concessionaire must return assets in an equivalent amount of \$292,598 for water utilities and \$365,764 for wastewater utilities. See Note 13 for additional information.

The Rialto Utility Authority entered into an agreement in February 2014 with a business owner to allow the deferral of a development impact fee over a period of 5.5 years. Monthly payments will be \$150 consisting of principal and interest. The outstanding balance reported in the Wastewater Proprietary Fund as of June 30, 2019 was \$3,495.

6) INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivable and payable balances at June 30, 2019 were as follows:

Due From/To Other Funds

Due to Funds (Receivable)	Due From Funds (Payable)	 Amount
Governmental Funds:		
General Fund	Other Governmental Funds	\$ 527,522
	Water Enterprise Fund	204,789
	Wastewater Enterprise Fund	693,270
Proprietary Funds:	•	
Water Enterprise Fund	General Fund	56,568
Wastewater Enterprise Fund	General Fund	173,796
Internal Service Funds	Water Enterprise Fund	70,338
	Wastewater Enterprise Fund	 4,782
		\$ 1,731,065

These balances represent short-term borrowings resulting from expenditures incurred prior to receipt of the related revenue source.

Advances From/To Other Funds

The following table shows amounts advanced to and from funds within the City at June 30, 2019:

Advances to Other Funds	Advances From Funds	 Amount			
General Fund	Water Enterprise Fund	\$ 1,300,000			
	Park Development Special Revenue				
	Fund	17,499,195			
Wastewater Enterprise Fund	Water Enterprise Fund	 3,000,000			
		\$ 21,799,195			

Advances to and from other funds, result primarily from long-term borrowings used to fund capital projects in advance of related financing/assessments.

June 30, 2019

6) INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS - Continued

Advances From/To Other Funds - Continued

The original loan of \$5,000,000 from the General Fund to the Water Enterprise Fund was made to cover Perchlorate lawsuit related costs with an interest rate of 5%. The City has waived charging interest on this advance. The Perchlorate lawsuit was settled in fiscal year 2012-13 and \$3,700,000 of the loan has been repaid as of June 30, 2019. Repayment of the remaining loan balance of \$1,300,000 will be paid through future revenues in the Water Enterprise Fund.

The original loan of \$4,000,000 from the Wastewater Enterprise Fund to the Water Enterprise Fund was made to cover Perchlorate litigation related costs. The City has waived charging interest on this advance. The Perchlorate lawsuit was settled in fiscal year 2012-2013 and \$1,000,000 of the loan has been repaid as of June 30, 2019. Repayment of the remaining loan balance of \$3,000,000 will be paid through future revenues in the Water Enterprise Fund.

On February 12, 2019, the General Fund loaned the Park Development Special Revenue Fund \$17,499,195 to fund the expected cost of the Frisbie Park Expansion Project. The City has waived charging interest on this advance. Repayment of the remaining loan balance of \$17,499,195 will be paid through future revenues in the Park Development Special Revenue Fund.

Transfers From/To Other Funds

Interfund transfers in and out at June 30, 2019 were as follows:

Transfers In From Other Funds	Transfers Out to Other Funds	Amount
Governmental Funds: General Fund	Other Governmental Funds Airport Enterprise Fund	\$ 63,705,525 2,386,648
Park Development Special Revenue Fund	General Fund	931,695
Capital Projects Fund	General Fund	3,644,705
Other Government Funds	General Fund Other Enterprise Funds	62,475,130 13,131
Proprietary Funds: Other Enterprise Funds	General Fund Other Governmental Funds	2,751,220 50,448
Internal Service Funds	General Fund	475,000
		\$ 136,433,502

Transfers are either used to (1) move resources between funds based on Federal or State statute or City budget requirements, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, or (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in the funds in accordance with budgetary authorizations. Airport Enterprise Fund transfers include property sales during the year that were transferred to the General Fund. Other Governmental Funds includes transfers between the General Fund as part of recording investment related activity for the margin loan investment accounts.

7) CAPITAL ASSETS

8) JOINT POWERS AUTHORITY

Agua Mansa Industrial Growth Association (AMIGA) Joint Powers Authority

On October 21, 1985, the Agua Mansa Industrial Growth Association Joint Powers Authority (the AMIGA Joint Powers Authority) was created under a joint exercise of powers agreement. It was formed to undertake projects to stimulate private investment in business and industrial growth in economically depressed areas within the boundaries of the association. The AMIGA Joint Powers Authority shall manage, coordinate, market and administer economic development programs and projects in the Agua Mansa area. The governing board consists of one member appointed from each participating Agency, which include the County of San Bernardino, the County of Riverside, the City of Colton, the City of Rialto and the City of Riverside. The approval of budgets and assumption of financial obligations must be approved by all members.

On February 27, 1992, the AMIGA Joint Powers Authority issued \$16,365,000 of special tax bonds, which is secured by a special tax lien on property in the District under the Community Facilities District No. 1992-1.

On July 10, 2003, the AMIGA Joint Powers Authority refunded the 1992 bonds with the 2003 Special Tax Bonds, which is secured by a special tax lien on property in the District under the Community Facilities District No. 2002-1.

The City has no equity interest in the AMIGA Joint Powers Authority and does not receive a share of operating results. Accordingly, neither assets nor liabilities of the AMIGA Joint Powers Authority are recorded in the City's financial statements.

Copies of the AMIGA Joint Powers Authority's audited financial statements can be obtained from the Agua Mansa Industrial Growth Association at 157 West Fifth Street, Second Floor, San Bernardino, California 92415.

9) LONG-TERM OBLIGATIONS - Continued

Governmental Activities

Long-term debt of the governmental activities at June 30, 2019 is comprised of the following:

Certificates of Participation

2007 Refunding Certificates of Participation: On December 19, 2007, the City of Rialto issued \$3,500,000 serial and term certificates of participation bearing interest at a rate of 3.98%. The term certificates mature through January 20, 2022 in amounts ranging from \$185,000 to \$335,000. Proceeds of the certificates of participation were split between governmental funds (87%) and proprietary funds (13%). Each fund type's respective share of the liability is reflected in its long-term debt and is payable from those funds.

The refunding was undertaken to remove restrictive bond covenants associated with the 1997 Certificates of Participation and to reduce total future debt service payments. The reacquisition price exceeded the net carrying amount of the old debt by \$36,550. This amount is reported as a deferred outflow of resources and is amortized over the refunded debt's life, which is the same as the new debt. The balance of the deferral on refunding is \$5,218 as of June 30, 2019.

674,250

\$

Reported with Internal Service Funds

2007 Refunding Certificates of Participation: On December 19, 2007, the City of Rialto issued \$3,500,000 serial and term certificates of participation bearing interest at a rate of 3.98%. The term certificates mature through January 20, 2022 in amounts ranging from \$185,000 to \$335,000. 775,000

Capital Leases

On May 31, 2017, the City entered into an equipment lease-purchase agreement in the amount of \$2,455,000 to acquire energy efficient equipment including HVAC, lighting retrofits and controls to be repaid over 15 years. The lease bears interest at a rate of 3.6% multiplied by the margin rate factor provided that the resulting interest rate shall not exceed 4%. The margin rate factor is the greater of (i) 1.0 and (ii) one minus the maximum federal corporate tax rate newly in effect multiplied by (b) one divided by the sum of one minus the maximum federal corporate tax rates as of the commencement date. The effective date of any change in the margin rate factor shall be effective date of the decrease or increase in the maximum federal corporate tax rate resulting in such change. The obligation is secured by a first priority and perfected lien and security interest on the equipment. In the event of default, any amount outstanding could be declared immediately due and the equipment required to be returned to the lessor.

Governmental Activities - Continued

Capital Leases - Continued

On November 30, 2017, the City entered into an equipment lease-purchase agreement by issuance of Clean Renewable Energy Bonds (CREBS) in the amount of \$6,353,963 to acquire solar panels to be repaid over 20 years. The lease bears interest at a rate of 3.42% multiplied by the margin rate factor provided that the resulting interest rate shall not exceed 6.25%. The margin rate factor is the greater of (i) 1.0 and (ii) one minus the maximum federal corporate tax rate newly in effect multiplied by (b) one divided by the sum of one minus the maximum federal corporate tax rates as of the commencement date. The effective date of any change in the margin rate factor shall be effective date of the decrease or increase in the maximum federal corporate tax rate resulting in such change. The obligation is secured by a first priority and perfected lien and security interest on the equipment. In the event of default, any amount outstanding could be declared immediately due and the equipment required to be returned to the lessor.

6,107,779

On October 31, 2018, the City entered into an equipment lease-purchase agreement in the amount of \$3,556,613 to finance the Citywide Street Light Acquisition and Conversion Project. The lease bears interest at a rate of 3.60% multiplied by the margin rate factor provided that the resulting interest rate shall not exceed 8.00%. The margin rate factor is the greater of (i) 1.0 and (ii) one minus the maximum federal corporate tax rate newly in effect multiplied by (b) one divided by the sum of one minus the maximum federal corporate tax rates as of the commencement date. The effective date of any change in the margin rate factor shall be effective date of the decrease or increase in the maximum federal corporate tax rate resulting in such change. The obligation is secured by a first priority and perfected lien and security interest on the equipment. In the event of default, any amount outstanding could be declared immediately due and retake possession of the property.

Notes Payable

On August 8, 2002, the City entered into a Section 108 loan agreement with U.S. Department of Housing and Urban Development in the amount of \$3,060,000, bearing 6.12% interest to finance the development of the Rialto Senior Center. In May 2015, the City refinanced this loan. The principal amount of the refinanced Section 108 loan was used to repay the entire loan balance of \$1,702,000. Annual principal payments through August 1, 2022, range from \$168,000 to \$257,000. Interest of 1.75% is paid semi-annually. Payments on the loan are made from interest earned on the restricted loan investments and from Community Development Block Grant funds. In the event of default, the loan will continue to be paid through grant funds and no assets have been collateralized against the loan

Governmental Activities - Continued

Notes Payable (2019A)

On March 28, 2019, the City's Public Financing Authority entered into a Section 108 loan agreement with the U.S. Department of Housing and Urban Development in the amount of \$2,000,000, bearing 2.54% interest to finance improvements to Bud Bender Park. Annual principal payments through August 1, 2038 range from \$81,000 to \$132,000, paid semi-annually. Payments on the loan are made from interest earned on the restricted loan investments and from Community Development Block Grant funds. In the event of default, the loan will continue to be paid through Grant funds and no assets have been collateralized against the loan.

5 2,000,000

\$ 2,732,000

Margin Loan

On February 28, 2018, the City entered into a Margin Loan financing arrangement for the purpose of the Citywide Street Light Acquisition and Conversion Project. The Margin Loan allows the City borrow funds using the City's existing cash and investment portfolio as security. Interest of 3.5% is paid semi-annually. Principal payments on the loan, ranging from \$168,204 to \$110,920 are paid semi-annually over a 13 year term through February 28, 2031. During the fiscal year, this loan was refinanced to a capital lease obligation.

9) LONG-TERM OBLIGATIONS - Continued

Business-type Activities

Long-term debt of the business-type activities at June 30, 2019 is comprised of the following:

Collateralized Debt - Concessionaire Agreement

The Rialto Utility Authority has entered into an agreement on March 27, 2012 with Rialto Water Services, LP (the Concessionaire) to provide services with respect to the Utility Facilities for a term of 30 years. As part of the agreement, the Concessionaire provided \$41,037,000 of funds restricted to water and wastewater utility capital projects, \$35,000,000 of back-due rent to the City General Fund and defeased the previous debt of the Utility Authority. The City contributed \$5,093,528 to the Concessionaire for the agreement. This resulted in a borrowing totaling \$38,249,443 in the Water Enterprise Fund and \$130,472,604 in the Wastewater Enterprise Fund with interest rates of 6.293% and 8.969%, respectively. Revenue earned in the Water and Wastewater Enterprise Funds is pledged to repay the collateralized debt with the Concessionaire. See Note 13 for further information regarding the agreement.

\$ 156,498,210

The City has pledged future water customer revenues, net of specified operating expenses, to repay \$38,249,443 in collateralized debt issued in November 2012. Proceeds from the collateralized debt provided financing as shown in the table on the next page. The bonds are payable solely from water customer net revenues and are payable through November 2042. The total principal and interest remaining to be paid on the bonds is \$65,000,388 as of June 30, 2019. Principal and interest paid for the current year and total customer net revenues (expenses) (operating income plus depreciation) available to pay the principal and interest were \$694,993 and \$2,205,007, respectively.

The City has pledged future wastewater customer revenues, net of specified operating expenses, to repay \$130,472,604 in wastewater collateralized debt issued in November 2012. Proceeds from the collateralized debt provided financing as shown in the table on the next page. The bonds are payable solely from wastewater customer net revenues and are payable through November 2042. The total principal and interest remaining to be paid on the bonds is \$296,884,938 as of June 30, 2019. Principal and interest paid for the current year and total customer net revenues (operating income less depreciation) available to pay the principal and interest were \$1,548,183 and \$11,133,817, respectively.

9) LONG-TERM OBLIGATIONS - Continued

Business-type Activities

Collateralized Debt - Concessionaire Agreement - Continued

As part of the concession agreement, the Concessionaire provided funds to the Authority for the following purposes:

Funds	Wastewater	Water	Application of Funds
Cost estimate for the Utility Facilities improvements	\$ 28,066,000 * \$	12,971,000 *	Construction account
Defeased obligations	23,648,443	2,893,669	Defease or repay existing obligations
Initial funding of rate stabilization accounts	22,962,201	8,952,242	Rate stabilization account
Initial working capital deposits to Authority expenses accounts	468,034	509,871	Provide operating funds for expenses
Initial funding of operating routine repair accounts	1,000,000	1,000,000	Provide funds for routine repairs
Initial funding of reserve accounts	5,503,530	2,971,001	Fund reserve accounts
Provide funding to repay General Fund	32,000,000	3,000,000	Pay General Fund lease payments
Cost for financing	16,824,396	5,951,660	
	\$ 130,472,604 \$	38,249,443	

^{* -} The City has received \$3,235,154 of these proceeds from the Concessionaire. The remaining funds are maintained in an investment account in the name of the Concessionaire for the benefit of the City and are recorded as a concessionaire receivable in the Wastewater and Water Enterprise Fund.

In addition, the City contributed \$5,093,528 in fiscal year 2012-2013 to the Concessionaire for the agreement.

The agreement allows the Concessionaire the right to pledge the user fees to obtain the financing. The Authority is to establish user fees in an amount sufficient to pay all expenses of the utility including the payments to the Concessionaire for services, reimbursements and capital charges.

June 30, 2019

9) LONG-TERM OBLIGATIONS - Continued

Business-type Activities

Collateralized Debt - Concessionaire Agreement - Continued

The capital charges to be paid by the Concessionaire are effectively debt service payments for providing the financing. The Authority received proceeds in exchange for pledging specific future revenues from the Utilities. The Authority maintains active involvement in the utilities as the Authority is responsible for setting user fees and will approve and oversee improvements to the facilities.

The annual requirements to amortize outstanding long-term debt other than compensated absences are as follows:

Due to Other Governments

County reimbursement agreement: Non-interest bearing agreement to reimburse the County of San Bernardino for certain construction costs for the Valley Boulevard wastewater line extension project, not to exceed \$500,000. There are no provisions in the event of default and no assets were held as collateral. Sewer connection fees and treatment plant expansion fees paid by property owners connecting to the sewer line will reimburse the County for the construction costs commencing January 31, 1998 and is expected to be repaid within 20 years.

\$ 383,555

Compensated Absences

The City accounts for compensated absences (unpaid vacation, holiday, compensated time off, and sick leave) for all City employees in the governmental activities and business-type activities. The balance for accrued compensated absences at June 30, 2019 for the governmental activities is \$8,031,322, for the business-type activities is \$100,524, and for Successor Agency private-purpose trust fund is \$89,494. Funding for the liability is expensed to come primarily from the General Fund for governmental and business-type activities and from the Private-Purpose Trust Fund for the Successor Agency, respectively.

June 30, 2019

10) NO COMMITMENT DEBT

1996 Community Facilities District 87-1 Bonds: On October 1, 1996, the City issued Special Tax Refunding Bonds totaling \$8,880,000 to refund the 1988 Limited Tax Obligation Bonds issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended. Proceeds of the refunded bonds provided for the construction and acquisition of certain public facilities to serve property located within the Community Facilities District No. 87-1. The refunding bonds are limited obligations of the District, payable solely from the Special Taxes and certain funds described in the Bond Resolution. Neither the credit nor taxing power of the City is pledged to the payment of the bonds. The City accounts for collection of taxes and the payment of debt service in a fiduciary capacity in its Agency Funds. At June 30, 2019, the bonds made its final payment and has been paid in full during the fiscal year.

2006 Community Facilities District 2006-1 Bonds: On August 8, 2006, the City issued Special Tax Bonds totaling \$5,035,000 pursuant to the Mello-Roos Community Facilities Act of 1982, as amended. Proceeds of the bonds provided for the construction and acquisition of certain public facilities to serve property located within the Community Facilities District No. 2006-1. On December 12, 2016, these bonds were advance refunded the 2016 Bonds with a principal amount totaling \$4,905,000. The 2016 Bond proceeds were used to fully repay the 2006-1 Bonds. The bonds are limited obligations of the District, payable solely from the Special Taxes and certain funds described in the Bond Resolution. Neither the credit nor taxing power of the City is pledged to the payment of the bonds. The City accounts for collection of the taxes and the payment of debt service in a fiduciary capacity in its Agency Funds. At June 30, 2019, bonds outstanding totaled \$4,625,000 and the unamortized bond premium is \$29,625.

11) PENSION PLANS

A. General Information about the Pension Plans

Plan Description - All qualified permanent and probationary employees are eligible to participate in the City's separate Safety (police and fire) and Miscellaneous (all other) Plans, agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of fulltime employment. Members with five years of total service are eligible to retire at age 50 to 62 with statutorily reduced benefits. For employees hired into a plan with the 1.5% at 65 formula, eligibility for service retirement is age 55 with at least 5 years of services. PEPRA miscellaneous members become eligible for service retirement upon attainment of age 52 with at least 5 years of service. All members are eligible for non-duty disability benefits after 5 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. Safety members can receive a special death benefit if the member dies while actively employed and the death is job-related. Fire members may receive the alternate death benefit in lieu of the Basic Death Benefit or the 1957 Survivor Benefit if the member dies while actively employed and has at least 20 years of total CalPERS service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

June 30, 2019

11) PENSION PLANS - Continued

A. General Information about the Pension Plans - Continued

The Plans' provisions and benefits in effect at June 30, 2019, are summarized as follows:

		Miscellaneous	
	Prior to	Prior to	On or After
Hire Date	November 21, 2010	January 1, 2013	January 1, 2013
Benefit Formulas	2% at 55	2.7% at 55	2.0% at 62
Benefit Vesting Schedule	5 Years Service	5 Years Service	5 Years Service
Benefit Payments	Monthly for Life	Monthly for Life	Monthly for Life
Retirement Age	50 - 63	50 - 55	52 - 67
Monthly Benefits, as a % of Eligible			
Compensation	1.426% - 2.418%	2.0% - 2.7%	1.0% - 2.5%
Required Employee Contribution Rates	8%	8%	6.75%
Required Employer Contribution Rates	34.726%	34.726%	10.902%

	Safety				
	Prior to	On or After			
Hire Date	January 1, 2013	January 1, 2013			
Benefit Formulas	3.0% at 50	2.7% at 57			
Benefit Vesting Schedule	5 Years Service	5 Years Service			
Benefit Payments	Monthly for Life	Monthly for Life			
Retirement Age	50	50 - 57			
Monthly Benefits, as a % of Eligible	3.00%	2.0% - 2.7%			
Compensation					
Required Employee Contribution Rates	9%	13%			
Required Employer Contribution Rates	23.140%	13%			

Employees Covered - At June 30, 2019, the following employees were covered by the benefit terms for each Plan:

	Miscellaneous	Safety
Inactive Employees or Beneficiaries		
Currently Receiving Benefits	524	335
Inactive Employees entitled to but not		
Yet Receiving Benefits	74	31
Active Employees	166	154
		_
Total	764	520

Contributions - Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. City contribution rates may change if plan contracts are amended. Payments made by the employer to satisfy contribution requirements that are identified by the pension plan terms as plan member contributions requirements are classified as plan member contributions.

June 30, 2019

11) PENSION PLANS - Continued

B. Net Pension Liability

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2017, using an annual actuarial valuation as of June 30, 2016 rolled forward to June 30, 2017 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

Actuarial Assumptions - The total pension liabilities in the June 30, 2017 actuarial valuations were determined using the following actuarial assumptions:

	Miscellaneous	Safety
Valuation Date	June 30, 2017	June 30, 2017
Measurement Date	June 30, 2018	June 30, 2018
Actuarial Cost Method	Entry-Age Normal Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:		
Discount Rate	7.15%	7.15%
Inflation	2.75%	2.75%
Projected Salary Increase	Varies ⁽¹⁾	Varies ⁽¹⁾
Mortality Rate Table	CalPERS Membership Data ⁽²⁾	CalPERS Membership Data ⁽²⁾
Post Retirement Benefit Income	See Footnote ⁽³⁾	See Footnote ⁽³⁾

- (1) Depending on age, service and type of employment.
- (2) The mortality table used was developed based on CalPERS-specific data. The table includes 15 years of mortality improvements using the Society of Actuaries Scale 90% of scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERs website.
- (3) Contract COLA up to 2% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.50% thereafter.

All other actuarial assumptions used in the valuations were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report may be accessed on the CalPERS website at www.calpers.ca.gov under Forms and Publications.

Discount Rate - The discount rate used to measure the total pension liability at June 30, 2018 and 2017 measurement dates was 7.15% for the Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. The tests revealed the assets would not run out. Therefore, the 7.15% discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long term expected discount rate of 7.15% is applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report called "GASB 68 Crossover Testing Report" that can be obtained from the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

June 30, 2019

11) PENSION PLANS - Continued

B. Net Pension Liability - Continued

Discount Rate - Continued

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund (PERF) cash flows. Taking into account historical returns of all the Public Employee Retirement Funds' asset classes (which includes the agent plan and two cost sharing plans or PERF A, B, and C funds), expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each PERF fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above the rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class.

Asset Class ^(a)	Assumed Asset Allocation	Real Return Years 1 - 10 ^(b)	Real Return Years 11+ ^(c)
Global Equity	50.0%	4.80%	5.98%
Global Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	-	0.77%	1.80%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	-	-0.92%
Total	100%		

⁽a) In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

- (b) An expected inflation of 2.00% used for this period.
- (c) An expected inflation of 2.92% used for this period.

Subsequent Events

In December 2016, CalPERS' Board of Directors voted to lower the discount rate used in its actuarial valuations from 7.5% to 7.0% over the three fiscal years, beginning in fiscal year 2018. The change in the discount rate will affect the contribution rates for employers beginning in fiscal year 2019, and result in increases to employers' normal costs and unfunded actuarial liabilities.

Net Pension Liability	\$ 23,755,621	\$	47,446,272	\$ 71,201,893	

Pension Plan Fiduciary Net Position - Detailed information about the Pension Plan's fiduciary net position is available in the separately issued CalPERS financial reports.

D. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2019, the City recognized pension expense of \$6,193,411 and \$7,461,108 for the Miscellaneous and Safety Plans, respectively. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources for each Plan:

	Miscellaneous			
	Deferred Outflows of Resources			Deferred
			Inflows of Resources	
Pension Contributions Made Subsequent to Measurement Date	\$	4,450,956	\$	_

E. Payable to the Pension Plans

At June 30, 2019, the City has no outstanding amount of contributions to the pension plans required for the year ended June 30, 2019.

June 30, 2019

12) OTHER POST EMPLOYMENT BENEFITS (OPEB)

Plan Description

The City provides postemployment healthcare benefits through the California Public Employees' Retirement System (CalPERS) healthcare program entitled Public Employees' Medical and Hospital Care Act (PEMHCA) to eligible employees and any qualified family members under the authority of a Memorandum of Understanding with the employee bargaining units. The City contributes toward the health premium based on the Memorandum of Understanding. The City does not provide a retiree contribution for dental, vision, or life insurance benefits.

The City no longer administers the plan as single-employer. Effective May 28, 2009, the City adopted the Public Agencies Post-Retirement Health Care Plan Trust, for which Union Bank serves as Trustee of the plan. Public Agency Retirement Services (PARS) is now the third party Trust Administrator of the plan. The Trust is a multiple employer trust established to provide economies of scale and efficient administration to public agencies that adopt it to hold the assets used to fund its OPEB obligation. The Trust is divided into agency accounts to hold the assets of each employer.

The assets shall be held in trust for the exclusive purpose of providing post-employment health care and welfare benefits to the eligible employees of the employer. Copies of PARS' annual financial report may be obtained from its executive office at 4350 Von Karman Avenue, Suite 100, Newport Beach, California 92660.

Upon attainment of a minimum age of 50 (or age 52, if a new miscellaneous employee was hired on or after January 1, 2013) and completion of a minimum State or public agency service requirement of five years, an employee may retire and remain covered at the City's expense for period depending on employment classification. The City is obligated to contribute toward the cost of retiree medical coverage for the retiree's lifetime or until coverage is discontinued. Benefits continue to dependents so long as they remain eligible for coverage. The City contributes 100% of medical premiums for the retiree and his or her covered dependents, but not more than the maximum monthly premiums as follows: \$279.25 for single, \$558.49 for two-party, and \$726.04 for family. In addition, the City will not contribute less than the PEMHCA minimum employer contribution of \$136 for 2019 and \$133 for 2018. Insurance provided by the City will be supplemental to Medicare upon the retiree reaching the age of 65.

Funding Policy

The City generally makes an annual contribution to the Trust and currently pays benefits either directly to retirees or through PEMHCA during the year as pay-as-you-go expenses. The plan does not issue a publicly available financial report. The plan and Trust are reported as a fiduciary fund other post-employment benefit trust. The City did not make a contribution for the year ending June 30, 2019.

Employees Covered

As of June 30, 2019 actuarial valuation, the following current and former employees were covered by the benefit terms under the Plan:

Active employees	305
Inactive employees or beneficiaries currently receiving benefits	119
Inactive employees entitled to, but not yet receiving benefits	114
Total	538

June 30, 2019

12) OTHER POST EMPLOYMENT BENEFITS (OPEB) - Continued

Contributions

The annual contribution is based on the actuarially determined contribution. For the fiscal year ended June 30, 2019, the City made contributions of \$0 and \$635,898 implied subsidy benefit payments.

Net OPEB Liability

The City's net OPEB liability was measured as of June 30, 2018 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2018 based on the following actuarial methods and assumptions:

Actuarial Assumptions

Discount Rate	3.38%
Inflation	2.75%

Salary Increases 3.25% plus merit

Investment Rate of Return 6.55%

Mortality Rate⁽¹⁾ Derived using CalPERS Membership Data for all funds Pre-Retirement Turnover⁽²⁾ Derived using CalPERS Membership Data for all funds

Healthcare Trend Rate 8.00%

4.50% (PEMHCA)

Notes:

- (1) Pre-retirement mortality information was derived from data collected during 1997 to 2011 CalPERS Experience Study dated January 2014 and post-retirement mortality information was derived from the 2007 to 2011 CalPERS Experience Study. The Experience Study Reports may be access on the CalPERS website www.calpers.ca.gov under Forms and Publications.
- (2) The pre-retirement turnover information was developed based on CalPERS specific data. For more details, please refer to the 2007 to 2011 Experience Study Report. The Experience Study Report may be accessed on the CalPERS website www.calpers.ca.gov under Forms and Publications.

The long-term expected rate of return on OPEB plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Global Equity	57.0%	5.5%
Global Fixed Income	27.0%	2.35%
TIPS	5.0%	1.50%
REITS	8.0%	3.65%
Commodities	3.0%	1.75%
Total	100%	

June 30, 2019

12) OTHER POST EMPLOYMENT BENEFITS (OPEB) - Continued

Discount Rate

The discount rate used to measure the total OPEB liability was 6.55 percent. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projects benefit payments to determine the total OPEB liability.

Changes in the OPEB Liability

The changes in the net OPEB liability for the Plan are as follows:

	Increase (Decrease)				
	Total OPEB	Plan Fiduciary	Net OPEB		
	Liability	Net Position	Liability/(Asset)		
	(a)	(b)	(c) = (a)-(b)		
Balance at June 30, 2018					
(Valuation Date June 30, 2018)	\$ 56,669,193	\$ 16,691,774	\$ 39,977,419		
Changes in the Year:

Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the net OPEB liability of the City if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2018:

	1% Decrease	Current Trend	1% Increase
Net OPEB Liability	\$ 32,328,946	\$ 41,317,131	\$ 54,657,164

OPEB Plan Fiduciary Net Position

CERBT issues a publicly available financial report that may be obtained from the California Public Employees Retirement System Executive Office, 400 P Street, Sacramento, California 95814.

Recognition of Deferred Outflows and Deferred Inflows of Resources

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time.

Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense.

The recognition period differs depending on the source of the gain or loss:

Net difference between projected and actual
earnings on OPEB plan investments

5 years

All other amounts

Expected average remaining service lifetime (EARSL)

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2019, the City recognized OPEB expense of \$2,382,877. As of fiscal year ended June 30, 2019, the City reported deferred outflows and inflows of resources related to OPEB from the following services:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
OPEB contributions subsequent to measurement date Changes in assumptions Net differences between projected and actual earnings	\$	635,898	\$	(1,166,619)
on OPEB plan investments		-		(604,021)
Total	\$	635,898	\$	(1,770,640)

June 30, 2019

12) OTHER POST EMPLOYMENT BENEFITS (OPEB) - Continued

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB - Continued

The \$635,898 reported as deferred outflows of resources related to contributions subsequent to the June 30, 2018 measurement date as the valuation was for the same reporting period. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized as expense as follows:

Year Ended June 30,	Deferred Outflow/(Inflows) of Resources		
2020	\$ (514,179)		
2021	(514,179)		
2022	(514,181)		
2023	(342,118)		
2024	(27,038)		
Thereafter	141,055		

13) CONCESSIONAIRE AGREEMENT

The City of Rialto (City) owns certain revenue producing water and wastewater enterprise facilities (Utility Facilities) which the City leases to the Rialto Utility Authority (Authority) for a term of 55 years ending in 2056. The Authority entered into an agreement dated March 27, 2012 with Rialto Water Services, LP (the Concessionaire) to provide services with respect to the Utility Facilities for a term of 30 years and the City approved such selection as set forth in City Resolution 6095 and Authority Resolution 05-12. The Concessionaire was formed for the sole purpose for arranging for the Authority to engineer, design, construct, operate and maintain the Utility Facilities, provide billing and collection services, and to provide financing for the Utility Facilities subject to the terms of the agreement.

Wastewater Facility

The City continues to own the Wastewater Facility and the Authority continues to hold the long-term facility lease under the agreement. The Concessionaire has been afforded long-term nonexclusive access and use of the facilities to perform the services required under the agreement. Section 5.1 of the agreement specifies the services to be performed by the Concessionaire which include operating and performing maintenance of the wastewater facility, wastewater facility improvements, staffing the wastewater facility, monitoring of the influent and effluent, preparing and certifying discharge monitoring reports required under the WDR permit, purchasing supplies for the facilities, billing and collection of fees and other services to operate the facility. The City on behalf of the Authority is responsible for selection of location and facilities for the off-site disposal of the sewage sludge delivered by the Concessionaire to a staging are located at the wastewater facility site. The Authority is responsible for the selection of facilities for the treatment or disposal of solid waste.

The Concessionaire is to bill and collect all user fees related to the Wastewater Facility which include (a) sewer service fees, charges and assessments, (b) wastewater connection charges, wastewater user connection deposits, assessments and fees, (c) wastewater treatment charges, assessments and fees and (d) other revenue or income derived from use and operation of the Wastewater Facility. All Wastewater Facility User Fees are to be deposited in a Lockbox Account in accordance with the trust agreement.

June 30, 2019

13) CONCESSIONAIRE AGREEMENT - Continued

Wastewater Facility - Continued

The Authority and the City are to establish all rates with respect to the Wastewater Facility User Fees in an amount sufficient to pay all compensation to the Concessionaire including capital charges (see Note 9) to pay for concessionaire financing and all other costs to operate and maintain the Wastewater Facility.

The Concessionaire is entitled to be reimbursed from an account that is not subject to the trust agreement with respect to the design and construction of the Wastewater Facility Improvements, in an amount that is equal to the actual costs incurred.

The Concessionaire is also to be paid Wastewater Service Fee which is the sum of (a) Wastewater Fixed Component (b) Wastewater Routine R&R Component (c) Wastewater Chemical Component and (d) Wastewater Labor Component. The Wastewater Fixed Component is to pay for the services of the Concessionaire to operate the Wastewater Facility (excluding, however, the services and compensation that are otherwise expressly provided elsewhere in the agreement) and the costs for maintenance consumables. The Wastewater Fixed Component is adjusted each contract year by a Wastewater Adjustment Escalator. The Wastewater Routine R&R Component is for services related to the routine repair and replacement of the Wastewater Facility which is also adjusted each contract year by a Wastewater Adjustment Escalator.

The Wastewater Chemical Component is to reimburse the Concessionaire for chemicals used in the operation of the Wastewater Facility. Following each contract year, the chemical component is subject to a reconciliation and adjustment process to reimburse the Concessionaire to pay only for actual costs. The Wastewater Labor Component is to pay the Concessionaire for labor costs. After the first year, this amount is adjusted by the Wastewater Labor Adjustment Escalator.

The amount paid in fiscal year 2018-19 for the Wastewater Fixed Fee, which is included in the cost of sales and services expense in the Wastewater Fund, totaled \$6,350,537 detailed as follows:

	Actual	
Wastewater Fixed Component	\$	2,180,252
Wastewater Routine R&R Component		223,832
Wastewater Chemical Component		729,932
Wastewater Labor Component		3,216,521
Total Wastewater Fixed Fee	\$	6,350,537

The Wastewater Fixed Fee is required annually through November 2042 and will require the above payments annually through November 2018.

The Wastewater Fixed Fee from December 2018 through November 2042 will be based on the above amounts, but may be adjusted for unexpected utility activity and inflation.

June 30, 2019

13) CONCESSIONAIRE AGREEMENT - Continued

Wastewater Facility - Continued

The Concessionaire is entitled to a Wastewater Reimbursable Payment in an amount equal to the cost and expense incurred by the Concessionaire plus a mark up to operate the wastewater plant. The Wastewater Reimbursable Payment consists of (a) Wastewater Miscellaneous Expense Reimbursement (b) Wastewater Operating R&R Reimbursement and (c) Wastewater Excess Routine R&R Reimbursement. Section 8.3 of the concession agreement provides additional information of the various components of these reimbursable amounts.

The Authority is required to pay a capital charge of \$12,682,000 annually for a period of 30 years to pay for the financing provided by the Concessionaire (see Note 9). The capital charges for the period are set for a specific amount through June 30, 2043. The capital charge is not adjusted by the Wastewater Adjustment Escalator. However, the capital charges related to the Wastewater Facility may be adjusted in accordance with Section 2.5 or increased as provided in Section 8.8 of the concession agreement.

The Concessionaire is also to be compensated for a specific amount for a specific period for providing services related to the construction of the Wastewater Facility Improvements.

Water Facility

The City continues to own the Utility Facility and the Authority continues to hold the long-term facility lease under the agreement. The Concessionaire has been afforded long-term nonexclusive access and use of the facility to perform the services required under the agreement. Section 11.1 of the agreement specifies the services to be performed by the Concessionaire which include operating and performing maintenance of the water facility, water facility improvements, staffing the water facility, monitoring of the quality of the water, purchasing supplies for the facility, billing and collection fees and other services to operate the facility.

The Concessionaire is to bill and collect all user fees related to the Water Facility which include: (a) water service fees, charges and assessments, (b) water connection charges, water user connection deposits, and assessments and fees, (c) water delivery charges, assessments and fees and (d) other revenue or income derived from use and operation of the Water Facility. All Water Facility user fees are to be deposited in a Lockbox Account in accordance with the trust agreement.

The Authority and the City are to establish all rates with respect to the Water Facility User Fees in an amount sufficient to pay all compensation to the Concessionaire including capital charges to pay for Concessionaire financing and all other costs to operate and maintain the Water Facility.

The Concessionaire is entitled to be reimbursed from an account that is not subject to the trust agreement with respect to the design and construction of the Water Facility Improvements, in an amount that is equal to the actual costs incurred.

The Concessionaire is also to be paid a Water Service Fee which is the sum of (a) Water Fixed Component (b) Water Routine R&R Component (c) Water Chemical Component and (d) Water Labor Component. The Water Fixed Component is to pay for the services of the Concessionaire to operate the Water facility (excluding, however, the services and compensation that are otherwise expressly provided elsewhere in the agreement) and the costs for maintenance consumables. The Water Fixed Component is adjusted each contract year by a Water Adjustment Escalator. The Water Routine R&R Component is for services related to the routine repair and replacement of the Water

June 30, 2019

13) CONCESSIONAIRE AGREEMENT - Continued

Water Facility - Continued

Facility which is also adjusted each contract year by a Wastewater Adjustment Escalator. The Water Chemical Component is to reimburse the Concessionaire for chemicals used in the operation of the Water Facility. Following each contract year, the chemical component is subject to a reconciliation and adjustment process to reimburse the Concessionaire to pay only for actual costs. The Water Labor Component is to pay the Concessionaire for labor costs. After the first year, this amount is adjusted by the Water Labor Adjustment Escalator.

The amount paid in fiscal year 2018-19 for the Water Fixed Fee, which is included in the cost of sales and services expense in the Water Fund, totaled \$5,552,300 detailed as follows:

	Actual	
Water Fixed Component	\$	2,262,602
Water Routine R&R Component		223,832
Water Chemical Component		63,094
Water Labor Component		3,002,772
Total Water Fixed Fee	\$	5,552,300

The Water Fixed Fee is required annually through November 2042 and will require the above payments annually through November 2018.

The Water Fixed Fee from December 2018 through November 2042 will be based on the above amounts, but may be adjusted for unexpected utility activity and inflation.

The Concessionaire is entitled to a Water Reimbursable Payment in an amount equal to the cost and expenses incurred by the Concessionaire plus a mark up to operate the Water Facility. The Water Reimbursable Payment consists of (a) Water Miscellaneous Expense Reimbursement (b) Water Operating R&R Reimbursement and (c) Water Excess Routine R&R Reimbursement. Section 4.3 of the concession agreement provides additional information of the various components of these reimbursable amounts.

The Authority is required to pay a capital charge of \$2,900,000 annually for a period of 30 years to pay for the financing provided by the Concessionaire. The capital charges for the period are set for a specific amount through June 30, 2042. The capital charge is not adjusted by the Water Adjustment Escalator. However, the capital charges related to the Water Facility may be adjusted in accordance with Section 2.5 or increased as provided in Section 14.8 of the concession agreement.

The Concessionaire is also to be compensated for a specific amount for a specific period for providing services related to the construction of the Water Facility Improvements.

June 30, 2019

14) OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Accumulated Fund Deficits and Net Position

The following funds reported deficits in their respective fund balance and net position at June 30, 2019:

	Fund Deficit/ Net Position	
Other Governmental Special Revenue Funds:		
Local Transportation Development	\$	(2,010)
Transportation Enhancement Activities		(11,400)
Police Grants		(41,583)
Community Service Grants		(98,080)
CDBG Housing		(218,808)
Neighborhood Stabilization Program		(2,326)
Transportation Development Act (TDA)		(250,000)
Other Enterprise Funds:		
Recreation and Community Service		(3,946,785)
Internal Service Funds:		
Workers' Compensation		(3,194,785)
Fleet Management		(1,141,940)

These deficits are expected to be relieved from future revenues or transfers from other funds.

15) RELATED PARTY AGREEMENTS

On May 1, 2001, the Utility Authority entered into an agreement with the City to lease the Waste and Wastewater Utilities. Payments are to be paid by the Utility Authority to the City from the Water and Wastewater Utility Fund funded by surplus utility revenues. All of the surplus revenues have been irrevocably pledged for these purposes. The annual lease payments are reflected as expenses and income among the respective funds.

16) OTHER INFORMATION

Litigation

At June 30, 2019, the City was a defendant in a number of lawsuits arising in the ordinary course of operations, which allege liability on the part of the City in connection with workers' compensation and general liability matters. Management believes that potential losses related to these lawsuits will not materially affect the financial position of the City.

Contingent Sale

On April 1, 2008, the City entered into an Escrow Agreement with the Federal Aviation Administration (FAA), the San Bernardino International Airport Authority (SBIAA), and First American Title Insurance Company. On September 25, 2012, the City of Rialto approved the Amended and Restated Contract of Sale with Lewis-Hillwood Rialto LLC (LHR).

June 30, 2019

16) OTHER INFORMATION

Contingent Sale - Continued

On July 23, 2013 the City and LHR entered into the Protocol Agreement referring Contingent Liability. On February 4, 2014 the City entered into an Amended and Restated Agreement Regarding Transfer of Certain Aviation Assets with the San Bernardino International Airport Authority. On December 13, 2016, the City Council adopted Ordinance 1584 approving a Development Agreement with Lewis-Hillwood Rialto LLC, adopted Resolution No. 7050 approving the First Implementation Agreement referring the Second Amended and Restated Contract of Sale for Areas B, C and D, and adopted other related resolutions. These arrangements grant LHR an option to purchase the Airport Property subject to satisfaction of conditions, with the land sales proceeds distributed between the City, SBIAA, and LHR.

The City conveyed the Airport Property to the former Redevelopment Agency in June 2007. Upon dissolution of redevelopment by the state in 2012, the City rescinded the Purchase and Sale Agreement and demanded title back from the Agency. A quitclaim deed was recorded on September 12, 2012. The Department of Finance originally contested the transfer, but by letter dated October 18, 2013 concurred that the Airport Property could be retained by the City as a governmental use in accordance with Health and Safety Code Section 34181(a).

The Airport has received substantial support from the FAA in the form of grants and awards for land acquisition, runways and other capital improvements. Consequently, upon sale, the FAA and its designee, the San Bernardino International Airport Authority (SBIAA), will be entitled to a share of the proceeds, a closure obligation. The agreement entered into on February 4, 2014 between the City and SBIAA provides for a total release payment of up to \$34.8 million.

In June 2007, the City submitted its closure plan to the FAA and the state government officials notifying them of the pending closure and describing the orderly cessation of aviation operations. In 2014, the City relocated the aviation tenants and closed the Airport to fixed wing aviation activities on September 18, 2014. On April 1, 2015, the City filed Form 7480-1 with the FAA and closed the Airport to all general aviation activities.

Finally, the City negotiated an early release of profit participation. In March 2017, the City and SBIAA each received a payment of \$3,000,000 from LHR as a portion of the Contingent Purchase Price.

Upon closure, the City will be required to repay the FAA for certain grants received that are not considered fully amortized. At June 30, 2019, all FAA grants have been fully amortized.

17) RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The City retains the risk of loss for general liability and workers' compensation claims of up to \$350,000 and \$400,000, respectively, per person per occurrence. The City has established the General Liability and Workers' Compensation Internal Service Funds to account for and finance uninsured risks of loss related to general liabilities and workers' compensation claims, respectively. Liabilities are accrued when incurred, whether or not reported.

June 30, 2019

17) RISK MANAGEMENT - Continued

The City is also a member of the Public Agency Risk Sharing Authority of California (PARSAC) for general liability, a public entity risk pool consisting of a consortium of 36 cities in California. PARSAC was established to pool resources, share risks, purchase excess insurance and share costs for professional risk management and claims administration. General Liability claims exceeding the self-insured retention (SIR) of \$350,000 are covered by PARSAC up to a maximum of \$1,000,000 on an annual aggregate basis. Claims in excess of the \$1,000,000 annual limit are covered by CSAC-EIA up to \$34,000,000 on an annual aggregate basis. The City is not a member of a pool for workers' compensation. Claims exceeding City's \$400,000 SIR are covered by CSAC-EIA up to \$5,000,000 on an annual aggregate basis.

The City continues to carry commercial insurance for all other risks of loss, including employee health, property, fire, water, boiler and machinery insurance. Settled claims resulting from these risks have not exceeded commercial insurance covered in any of the past three fiscal years. In addition, there has not been a significant reduction in insurance coverage during the year.

All Funds of the City participate in the risk management program and make payments to the respective Internal Service Fund based on estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. Claims liabilities are reported when it is probable that a loss has occurred and the amount can be reasonably estimated. Claims liabilities are calculated considering the effects of inflation and recent claim settlement awards, including the frequency and amount of payouts.

Changes in the Workers' Compensation and the General Liability Internal Service Funds' claims liability amounts in fiscal years 2019 and 2018 were as follows:

	Workers' Compensation Internal Service Fund				General Liability Internal Service Fund			
		2019 20		2018	2019			2018
Claims Payable, Beginning of Year Current Year Claims and Changes	\$	10,110,351	\$	10,139,000	\$	3,178,856	\$	3,494,000
in Estimates		5,099,860		3,221,398		254,064		1,091,950
Claim Payments		(2,379,293)		(3,250,047)		(485,884)		(1,407,094)
Claims Payable, End of Year	\$	12,830,918	\$	10,110,351	\$	2,947,036	\$	3,178,856

18) SUCCESSOR AGENCY DISCLOSURES

On June 29, 2011, Assembly Bills x1 26 (the Dissolution Act) and x1 27 were enacted as part of the fiscal year 2011-12 State budget package.

On June 27, 2012, as part of the fiscal year 2012-13 State budget package, the Legislature passed and the Governor signed AB 1484, which made technical and substantive amendments to the Dissolution Act based on experience to date at the State and local level in implementing the Dissolution Act.

In September 2015, the Legislature passed and the Governor signed SB 107, which made additional changes to the Dissolution Act.

June 30, 2019

18) SUCCESSOR AGENCY DISCLOSURES - Continued

Under the Dissolution Act, each California redevelopment agency (each Dissolved RDA) was dissolved as of February 1, 2012, and the sponsoring community that formed the Dissolved RDA, together with other designated entities, have initiated the process under the Dissolution Act to unwind the affairs of the Dissolved RDA. A Successor Agency was created for each Dissolved RDA which is the sponsoring community of the Dissolved RDA unless it elected not to service as the Successor Agency. On September 27, 2011, the City elected to serve as the Successor Agency of the Rialto Redevelopment Agency.

The Dissolution Act also created oversight boards which monitor the activities of the Successor Agencies. The roles of the Successor Agencies and oversight boards is to administer the wind down of each Dissolved RDA which includes making payments due on enforceable obligations, disposing of the assets (other than housing assets) and remitting the unencumbered balances of the Dissolved RDAs to the County Auditor-Controller for distribution to the affected taxing entities.

The Dissolution Act allowed the sponsoring community that formed the Dissolved RDA to elect to assume the housing functions and take over the certain housing assets of the Dissolved RDA. If the sponsoring community does not elect to become the Successor Housing Agency and assume the Dissolved RDA's housing functions, such housing functions and all related housing assets will be transferred to the local housing authority in the jurisdiction. AB 1484 modified and provided some clarifications on the treatment of housing assets under the Dissolution Act. The Housing Authority elected on January 24, 2012 to serve as the Housing Successor Agency.

After the date of dissolution, the housing assets, obligations and activities of the Dissolved RDA have been transferred and are reported in the Housing Authority Special Revenue Fund in the financial statements of the City. All other assets, obligations, and activities of the Dissolved RDA have been transferred and are reported in a fiduciary fund (private-purpose trust fund) in the financial statements of the City.

In the current and future fiscal years, the Successor Agency will only be allocated revenue from the County of San Bernardino in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the Dissolved RDA until all enforceable obligations of the Dissolved RDA have been paid in full and all assets have liquidated.

The assets and liabilities of the former Redevelopment Agency (Agency), except for assets related to the low and moderate income housing fund, were transferred to the Successor Agency of the City of Rialto Redevelopment Agency on February 1, 2012 as a result of the dissolution of the former Redevelopment Agency. The City is acting in a fiduciary capacity for the assets and liabilities. Disclosure related to assets and liabilities are as follows:

Notes Receivable

Effective June 1, 2005, the Agency and the Rialto Unified School District (the District) entered into a Cooperative Agreement whereby the Agency made a portion of the proceeds of the 2005 Series A Tax Allocation Bonds available to the District to assist the District in financing a portion of the cost of the Rialto Unified School District Facilities. These proceeds totaled \$2,717,131. Under the Cooperative Agreement, the District will forego tax increment revenues that otherwise would have been transferred to it by the Agency pursuant to two pass-through agreements by and between the District and the Agency, and pursuant to the statutory requirements for payments to affected taxing agencies.

June 30, 2019

18) SUCCESSOR AGENCY DISCLOSURES - Continued

Notes Receivable - Continued

The amount of pass-through payments that was retained by the Agency were calculated to be sufficient to cover the portion of debt service on the 2005 Series A Tax Allocation Bonds allocated to the \$2,717,131 transferred to the District, plus a coverage factor. Upon the dissolution of the former redevelopment agency at February 1, 2002, the outstanding balance of the receivables was transferred to the Successor Agency Private-Purpose Trust Fund and the amount of pass-through amounts to be retained are administered by the County of San Bernardino. As of June 30, 2019, \$2,166,941 of this receivable remains outstanding, bearing interest at variable rates between 3.6% and 4.9%.

Effective September 1, 2018, the Agency and the Rialto Unified School District (the District) entered into a Cooperative Agreement whereby the Agency made a portion of the proceeds of the 2018 Series A Tax Allocation Bonds available to the District to assist the District in financing a portion of the cost of the Rialto Unified School District Facilities. These proceeds totaled \$2,281,402. Under the Cooperative Agreement, the District will forego tax increment revenues that otherwise would have been transferred to it by the Agency pursuant to two pass-through agreements by and between the District and the Agency, and pursuant to the statutory requirements for payments to affect taxing agencies.

The amount of pass-through payments that was retained by the Agency were calculated to be sufficient to cover the portion of debt service on the 2018 Series A Tax Allocation Bonds allocable to the \$2,281,402 transferred to the District, plus a coverage factor. As of June 30, 2019, \$2,190,883 of this receivable remains outstanding, bearing interest at 5%.

Effective July 1, 1996, the Agency sold the Ramrod Mobile Home Park (the Park) to Ramrod Senior Housing, Inc., a California Nonprofit Benefit Corporation, for a 36-year note receivable in the amount \$3,318,875, bearing interest at approximately 6.19%. Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the receivables was transferred to the Successor Agency Private-Purpose Trust Fund. The balance outstanding on the note receivable is \$2,056,125 at June 30, 2019.

The Agency administered a façade improvement loan program, which provided money to certain business owners at 0% interest to enhance the facade of their building. The Agency entered into loan agreements with the business owners that required the loans to be repaid only if the title of the property changes. Therefore, the Agency had recorded the outstanding loans as notes receivable and deferred revenue in the fund financial statements. Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the receivables was transferred to the Successor Agency Private-Purpose Trust Fund. The amount of façade improvement loans at June 30, 2019 is \$273,134.

Property Held for Resale

Property held for resale was generally acquired in the normal course of the Agency activity and is recorded at the lower of acquisition cost or estimated net realizable value (i.e., estimated selling price less reasonably predicted costs of disposal). Upon the dissolution of the former redevelopment agency at February 1, 2012, the balance of the property held for resale was transferred to the Successor Agency Private-Purpose Trust Fund. As of June 30, 2019, the Successor Agency's property held for resale is valued as follows:

Cost Adjustment to Basis	\$ 26,629,469 (6,154,259)
Net Book Value	\$ 20,475,210

Long-Term Obligations - Continued

Tax Allocation Bonds

\$29,600,000 Rialto Redevelopment Agency Tax Allocation Housing Set-Aside Bonds Merged Project Area 2008 Series B, maturing in serial and term fashion through September 1, 2037. The term portion of the bond is subject to mandatory sinking fund payments beginning on September 1 in each year and commencing September 1, 2019. Annual principal payments on the bonds range from \$275,000 to \$2,920,000. Interest is paid semi-annually on March 1 and September 1 of each year at the rate of 7.50%. The reported amount outstanding includes the unamortized original issue premium of \$290,576 and is payable from redevelopment property tax trust fund revenues received by Successor Agency.

\$ 24,610,000

\$21,965,000 Rialto Redevelopment Agency Tax Allocation Bonds Merged Project Area 2008 Series C, maturing in serial and term fashion through September 1, 2037. The term portion of the bond is subject to mandatory sinking fund payments beginning on September 1 in each year and commencing September 1, 2019. Annual principal payments on the bonds range from \$250,000 to \$1,725,000. Interest is paid semi-annually on March 1 and September 1 of each year at the rate of 7.50%. The reported amount outstanding includes the unamortized original issue premium of \$249,384 and is payable from redevelopment property tax trust fund revenues received by Successor Agency.

18,440,000

\$16,515,000 Successor Agency Tax Allocation Revenue Refunding Bonds 2014 Series A, maturing in serial fashion through September 1, 2027. The 2014 Series A Bonds were used to defease the outstanding Tax Allocation Revenue Refunding Bonds 2003 Series A. The principal amounts of the 2014 Series A Refunding Bonds of \$16,515,000 plus the premium of \$2,465,434 plus the 2003A refunded bonds available funds of \$2,247,219 were used to refund the bonds in the amount of \$20,805,499 and pay for the cost of issuance totaling \$422,154. Annual principal payments on the bonds range from \$985,000 to \$1,675,000. Interest is paid semi-annually on March 1 and September 1 of each year at the rate of 3% to 5%. The reported amount outstanding includes the unamortized original issue premium of \$1,185,792 and is payable from redevelopment property tax trust fund revenues received by Successor Agency.

12,460,000

On July 30, 2015, the Successor Agency issued \$20,640,000 in Tax Allocation Revenue Refunding Bonds, 2015 Series A for the purpose of defeasing \$23,885,000 of outstanding Tax Allocation Bonds 2005 Series A. The principal amount of the 2015 Series A refunding bonds of \$20,640,000 plus the original premium of \$1,113,852 plus the 2005 Series A refunded bonds available funds of \$3,178,113 will be used to refund the bonds in the amount of \$23,885,000, pay for the interest payment due as of September 1, 2015 of \$545,465, and pay for the cost of issuance totaling \$501,500. The advance refunding fully repaid the 2005 Series A bonds. Annual principal payments on the bonds range from \$2,065,000 to \$3,220,000. Interest is paid semi-annually on March 1 and September 1 of each year at the rate of 4% to 5%. The reported amount outstanding includes the unamortized original issue premium of \$880,130 and is payable from redevelopment property tax trust fund revenues received by the Successor Agency.

20,640,000

June 30, 2019

18) SUCCESSOR AGENCY DISCLOSURES - Continued

Long-Term Obligations - Continued

Tax Allocation Bonds - Continued

On July 30, 2015, the Successor Agency issued \$15,290,000 in Tax Allocation Revenue Refunding Bonds, 2015 Series B for the purpose of defeasing \$16,635,000 of outstanding Tax Allocation Bonds 2005 Series C. The principal amount of the 2015 Series B refunding bonds of \$15,290,000 less the original discount of \$199,176 plus the 2005 Series C refunded bonds available funds of \$2,250,882 will be used to refund the bonds in the amount of \$16,635,000, pay for the interest payment due as of September 1, 2015 of \$420,680, and pay for the cost of issuance totaling \$286,026. The advance refunding fully repaid the 2005 Series C bonds. Annual principal payments on the bonds range from \$755,000 to \$1,420,000. Interest is paid semi-annually on March 1 and September 1 of each year at the rate of 1.484% to 4%. The reported amount outstanding includes the unamortized original issue discount of \$122,468 and is payable from redevelopment property tax trust fund revenues received by the Successor Agency.

\$ 12,555,000

On July 30, 2015, the Successor Agency issued \$8,205,000 in Tax Allocation Revenue Refunding Bonds, 2015 Series C for the purpose of defeasing \$9,045,000 of outstanding Tax Allocation Bonds 2005 Series B. The principal amount of the 2015 Series C refunding bonds of \$8,205,000 less the original discount of \$100,864 plus the 2005 Series B refunded bonds available funds of \$1,334,703 will be used to refund the bonds in the amount of \$9,045,000, pay for the interest payment due as of September 1, 2015 of \$227,774, and pay for the cost of issuance totaling \$166,065. The advance refunding fully repaid the 2005 Series B bonds. Annual principal payments on the bonds range from \$340,000 to \$670,000. Interest is paid semi-annually on March 1 and September 1 of each year at the rate of 1.484% to 4.724%. The reported amount outstanding includes the unamortized original issue discount of \$69,469 and is payable from redevelopment property tax trust fund revenues received by the Successor Agency.

7,110,000

On January 24, 2018, the Successor Agency issued \$28,480,000 in Tax Allocation Revenue Refunding Bonds, 2018 Series A for the purpose of defeasing \$35,810,000 of outstanding Tax Allocation Bonds 2008 Series A. The principal amount of the 2018 Series A refunding bonds of \$28,480,000 less the original premium of \$4,479,119 plus the 2008 Series A refunded bonds available funds of \$4,235,283 will be used to refund the bonds in the amount of \$38,810,000, pay for the interest payment due as of September 1, 2018 of \$1,076,454, and pay for the cost of issuance totaling \$451,661. The advance refunding fully repaid the 2008 Series A bonds. Annual principal payments on the bonds range from \$420,000 to \$5,055,000. Interest is paid semi-annually on March 1 and September 1 of each year at the rate of 1.570% to 3.200%. The reported amount outstanding includes the unamortized original issue premium of \$4,479,119 and is payable from redevelopment property tax trust fund revenues received by the Successor Agency.

Compensated Absences

Accrued vacation (\$89,494) represents total vested vacation benefits for Successor Agency Private-Purpose Trust Fund. See Note 9 for additional information.

Owner Participation Agreements

The Agency had entered into various Owner Participation Agreements, Disposition and Development Agreements, City Cooperation Agreements, and land acquisition agreements for the benefit of business/developers to further economic development and affordable housing within the City. These agreements require the Agency to contribute land and/or reimburse, subject to limitation, the businesses/developers for the cost of site improvements and other eligible costs. In addition, three agreements require the Agency to remit site-generated sales tax subject to an annual limit. As of June 30, 2019, all payment obligations under these agreements have been discharged.

Other Commitment

The Agency had entered into two Cooperative Agreements with the Rialto Unified School District (RUSD) under which the Agency advanced funds from the 2005 and 2008 tax allocation bond issues to pay for school improvements. The RUSD pledged its pass through payment entitlements under various agreements with the Agency to repay its share of the debt service on the tax allocation bonds. In accordance with the terms of the 2005 Cooperative Agreement, the Agency retained 120% of the upcoming bond year debt service (September 1, 2008 to August 31, 2009) as a debt service reserve and released the balance to the RUSD. Under the terms of the 2008 Cooperative Agreements, which took effect on March 1, 2008, the Agency will retain a lesser amount equaling the District's share of the September 1, 2008 and March 1, 2009 debt service payment on the 2005 and 2008 tax allocation bonds. In 2015, the Successor Agency refinanced the

Other Commitment - Continued

2005 bonds reducing interest rate and payments. The refinance bonds are known as the 2015 bonds. At June 30, 2019, the amount committed under these agreements totaled \$241,251. The amount includes the 2008 and 2015 bonds. On February 1, 2012, the Successor Agency assumed all responsibilities under the agreements. Future payments, if any, will be requested through the semi-annual Redevelopment Property Tax Trust Fund (FPTTF) distribution process.

19) TAX ABATEMENT AGREEMENTS

The City of Rialto negotiates tax abatement agreements on an individual basis. The City of Rialto has tax abatement agreements with two entities as of June 30, 2019.

		Percentage of Taxes	Amount of Taxes
	Type of	Abated During the	Abated During the
	Tax Abated	Fiscal Year	Fiscal Year
Distribution Center - Construct Center and			
Establish "Point of Sale" in Rialto (1)	Sales Tax	50%	\$ 2,599,059

(1) The City entered into a twenty-year sales tax reimbursement agreement. There is no up to amount and the Distribution Center has the sole option to extend the agreement.

20) SUBSEQUENT EVENTS

In February 2020, the City refunded the funds collected under Measure U to the tank operators that were held in escrow (See Note 1M).

On March 19, 2020, the Governor of the State of California issued a Stay at Home Order for all California residences and nonessential services until further notice. This order was in response to the COVID-19 outbreak which the World Health Organization has characterized as pandemic. The impact of COVID-19 on the Organization's operational and financial performance is uncertain at this time.

Other events occurring after June 30, 2019 have been evaluated for possible adjustments to the financial statements or disclosure as of ________, 2019, which is the date these financial statements were available to be issued.

Benefit Changes. In 2019, there was no benefit terms modified.

<u>Changes in Assumptions</u>. Fiscal year June 30, 2015 to June 30, 2016 - GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50% used for the June 2014 measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

In 2016 and 2017 there were no changes in assumptions. In 2018, the accounting discount reduced from 7.65% to 7.15%.

^{*-} Fiscal year 2015 was the 1st year of implementation, therefore only five years are shown.

City of Rialto, California Notes to Required Supplementary Information

Year Ended June 30, 2019

1. BUDGETARY DATA

The City establishes accounting control through formal adoption of an annual operating budget for all governmental funds. The City Council's policy is to adopt a formal operating budget by June 30 of each year. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America, except for the Capital Project Funds, which adopt project-length budgets. The legal level of budgetary control, that is, the level at which expenditures cannot exceed appropriations, is the fund level for all General, Special Revenue and Debt Service Funds, and by project in the Capital Project Funds. The City does not adopt a budget for the Traffic Safety Prop 1B Special Revenue Fund, the Brownfield Clean up Grant Special Revenue Fund, and the Street Medians Development Special Revenue Fund. Department heads are authorized to transfer budget amounts between object codes within the same expense category, except for salaries and capital outlay, which require the approval of the City Administrator/Executive Director and Chief Financial Officer. The City Manager, Finance Director, and the department head approval are required to transfer appropriations transfer appropriations from one program to another, and object codes within difference expense category within the same fund within the same fund. However, all increases at the overall fund level must be approved by the City Council. All unencumbered budget appropriations, except for capital projects budgets, lapse at the end of each fiscal year. Throughout the fiscal year, the budget is amended to add supplemental appropriations. All changes to the budget require Council approval and all increases in appropriations must be accompanied by a funding source.

2. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Expenditures did not exceed appropriations in the General Fund and Park Development Fund.

This page intentionally left blank

SUPPLEMENTARY SCHEDULES

OTHER GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS:

Special revenues funds account for the proceeds of specific revenue sources that are legally restricted or otherwise assigned for specific purposes.

<u>Gas Tax Fund</u> - accounts for revenues and expenditures of money received from State Gas Tax allocation. These funds are used for maintenance and construction of City streets.

<u>Local Transportation Development Fund</u> - accounts for revenues and expenditures of money received from San Bernardino County Transportation Authority (SBCTA) of a voter approved sales tax override allocated to cities within the County on a population basis. These funds are used for maintenance and construction of City streets.

<u>Transportation Enhancement Activities Fund</u> - accounts for monies received and expended in accordance with the Transportation Enhancement Grant.

<u>Street Lighting and Landscape Maintenance Fund</u> - accounts for the revenues and expenditures associated with the maintenance of City-owned street lights, parkways, and medians. Benefiting property owners are assessed their proportional share of costs for maintaining these facilities, parkways and medians.

<u>Landscape and Lighting District No. 2 Fund</u> - accounts for revenues and expenditures associated with the maintenance of City-owned street lights, parkways and medians. Benefiting property owners are assessed their proportional share of costs for maintaining these facilities, parkways and medians.

<u>Traffic Development Fund</u> - accounts for development fees collected and used for street and traffic control improvements.

Office of Traffic Safety Fund - accounts for revenues received under the office of traffic safety. The funds are used to reduce the number of fatal injury and DUI related collisions occurring in the community.

<u>Retirement Tax Fund</u> - accounts for a voter approved property tax levy used to pay the City's employee retirement costs. Council has set to 0% as of June 3, 2003. Revenues currently consist of delinquency collections.

<u>Local Drainage Fund</u> - accounts for development fees collected and used for the installation of storm drains and flood control facilities.

Open Space Development Fund - accounts for development fees collected and used for the acquisition of land and the turfing of new parks to provide open space for the City.

<u>General Facilities Development Fund</u> - accounts for development fees collected and used for general municipal buildings and equipment needed to serve new development within the City.

<u>Library Facilities Development Fund</u> - accounts for development fees collected and used for general library facilities and equipment needed to serve new development within the City.

<u>Major Grant Funding Fund</u> - accounts for monies received and expected by the City as a participate in Federal and State and other grants for City infrastructure and capital improvements.

<u>Police Development Fund</u> - accounts for development fees collected and used for police equipment facilities and the hiring and training of new police officers needed to serve new development.

SPECIAL REVENUES FUNDS - Continued

<u>Fire Development Fund</u> - accounts for development fees collected and used to acquire fire safety equipment and build new facilities.

<u>Waste Management Fund</u> - accounts for monies received and expended by the City to meet the State mandate to reduce solid waste generated within the City.

South Coast Air Quality Management District (SCAQMD) Fund - accounts for the revenues and expenditures associated with the City's employee trip reduction (ride share) plan and incentive program. The revenues source fort his fund is a special allocation of motor vehicle registration fees in accordance with AB 2766.

<u>Asset Forfeiture Fund</u> - accounts for revenues and expenditures associated with law enforcement drug and gang prevention. Revenues for the fund are derived from the assets seized by law enforcement and determined to be forfeited by the courts.

Police Grants Fund - accounts for monies received and expended by the Police Department for various grants.

<u>Community Services Grant Fund</u> - accounts for monies received and expended by the City that are for specific community services activities.

<u>Citizens Option for Public Safety Fund</u> - accounts for revenues and expenditures associated with the City's front line municipal police services and to include juvenile justice programs. The revenue source for this fund is a special allocation of grant monies from the State of California in accordance with AB3229 and AB1913.

<u>Local Law Enforcement Block Grant Fund</u> - accounts for monies received and expended by the City as a participant in the Federal Local Law Enforcement Block Grant program.

<u>CDBG Housing Fund</u> - accounts for monies received and expended by the City as a participant in the Federal Community Development Block Grant Housing Program.

<u>Traffic Safety Prop 1B Fund</u> - accounts for revenues received under the Traffic Safety Proposition 1B. These funds are used for improvements to City streets.

<u>Neighborhood Stabilization Program Fund</u> - accounts for monies received and expended by the City as a participant in the Housing and Economic Recovery Act of 2008.

<u>Neighborhood Stabilization Program - Program Income Fund</u> - accounts for monies received and expended by the City as a participant in the Housing and Recovery Act of 2008.

<u>Measure I Fund</u> - accounts for revenues and expenditures of money received from San Bernardino County Transportation Authority (SBCTA) of a voter approved sales tax override allocated to cities within the County on a population basis. These funds are used for maintenance and construction of City streets.

<u>Brownfield Clean Up Grant Fund</u> - is used to conduct environment cleanup of a portion of the WDJL site, which is located at 1485 S. Willow Street.

Fire Grant Fund - accounts for monies received and expended by the Fire Department for various grants.

SPECIAL REVENUES FUNDS - Continued

<u>Fire Ground Emergency Transportation Fund</u> - accounts for Ground Emergency Medical Transportation revenues and expenditures used to support the Fire Department Emergency Medical Services program capital needs.

<u>Cal Home Fund</u> - accounts for the City's housing improvement or ownership programs for low and moderate income households. The funds may include grants or funding resources received from other government agencies to implement such programs.

<u>Housing Authority Fund</u> - accounts for monies received and expended for rehabilitation and development of affordable housing. In addition, this fund also services as the Housing Successor fund to account for the receipts and expenditures relating to housing activities in accordance with the California Health and Safety Code.

<u>Public, Educational, and Governmental (PEG) Fees Fund</u> - accounts for Public, Educational, or Governmental access franchise fee activity.

<u>Transportation Development Act (TDA) Fund</u> - accounts for revenues received under the Transportation Development Act. These funds are used for improvements to City streets.

Street Medians Development Fund - accounts for development fees collected and used for street medians improvements.

CAPITAL PROJECTS FUNDS:

<u>Fair Share Agreement Fund</u> - accounts for income received to fund expenditures related to City infrastructure and development improvements.

<u>2005 TABs Fund</u> - accounts for the proceeds of the 2005 TABs and the expenditure of such funds for improvement, reconstruction and redevelopment projects within the specified boundaries of the Former Rialto Redevelopment Agency as a result of the Bond Proceeds Expenditure Agreement between the City and the Successor Agency.

<u>2008 TABs Fund</u> - accounts for the proceeds of the 2008 TABs and the expenditure of such funds for improvement, reconstruction and redevelopment projects within the specified boundaries of the Former Rialto Redevelopment Agency as a result of the Bond Proceeds Expenditure Agreement between the City and the Successor Agency.

DEBT SERVICE FUND:

<u>1997 COP Fund</u> - accounts for the accumulation of funds for the payment of principal and interest on the 1997 Refunding Certificates of Participation.

OTHER ENTERPRISE FUNDS

Proprietary funds are used to account for a government's ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is upon income determination, financial position, and cash flows.

<u>Cemetery Fund</u> - accounts for all activities necessary to provide for the operations and maintenance of the City's cemetery; including administration, operations, maintenance, capital improvements and depreciation.

<u>Recreation and Community Service Fund</u> - accounts for all activities necessary to provide for the operations of the sports center, swimming pool, fitness center, senior center and other recreation facilities and programs; including neighborhood services, child development programs, administration, operations, maintenance, capital improvements and depreciation.

INTERNAL SERVICE FUNDS

Internal Service Funds finance and account for goods and services provided by one City department to other City departments, or to other governments, on a cost-reimbursement basis, including depreciation. The City used the following Internal Service Funds:

Workers' Compensation Fund - accounts for the City's self-insured workers' compensation claims program.

<u>Fleet Management Fund</u> - accounts for the maintenance of the vehicular fleet and equipment utilized by all departments within the City.

<u>Management Information System Fund</u> - accounts for the City's information technology including hardware, software and related infrastructure within the City.

General Liability Fund - accounts for the City's self-insured general liability program.

<u>Building Maintenance Fund</u> - accounts for general maintenance for City owned buildings including historical landmarks, while maintaining the telephone and voice mail systems of these buildings and specialty lights located in the downtown area.

AGENCY FUNDS

Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, or other governments. The Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Special Deposits Fund - accounts for all special deposits held by the City in its fiduciary capacity.

<u>Confiscated Funds Fund</u> - accounts for seized assets obtained by the Police Department in conjunction with the prosecution of alleged criminal activity that are awaiting dispensation by the court system.

<u>Community Facilities District (CFD) 87-1 Fund</u> - accounts for the City's fiduciary capacity as custodian for the collection of special taxes for the CFD 87-1 and the retirement of limited tax obligation bonds.

Community Facilities District (CFD) 2006-1 Elm Park Fund - The City acts as a custodian for collection of special taxes for the CFD 2006-1. The special tax is used for retirement of limited obligation bonds. The City acts in a fiduciary capacity as custodian for any monies available in this fund.

<u>Community Facilities District (CFD) 2016-1</u> - The City acts as a custodian for collection of special taxes for the CFD 2016-1. The special tax is used for retirement of limited obligation bonds. The City acts in a fiduciary capacity as custodian for any monies available in this fund.

Revenue Capacity

These schedules contain information to help readers assess the City's most significant local revenue source.

	Fiscal Year								
	2010	2011	2012	2013	2014				
Residential property	\$ 3,354,381,017	\$ 3,162,107,777	\$ 3,195,189,715	\$ 3,255,372,602	\$ 3,460,403,021				
Industrial property	1,150,842,386	1,151,101,897	1,126,462,532	1,115,863,666	1,101,972,851				
Unsecured	500,170,416	484,337,069	422,947,049	529,395,064	517,585,920				
Commercial property	407,678,215	417,633,125	408,012,403	402,250,052	418,964,698				
Vacant land	407,323,714	371,996,335	316,971,340	312,032,595	362,960,175				
Other property	41,514,663	32,099,280	76,446,218	83,542,480	56,873,342				
Less: Tax-exempt property	-	-	-	-	-				
Total taxable assessed value	\$ 5,861,910,411	\$ 5,619,275,483	\$ 5,546,029,257	\$ 5,698,456,459	\$ 5,918,760,007				
Total direct tax tate	1%	1%	1%	1%	1%				
Estimated actual taxable value	\$ 5,861,910,411	\$ 5,619,275,483	\$ 5,546,029,257	\$ 5,698,456,459	\$ 5,918,760,007				

NOTE 1: In 1978 the voters of the State of California passed Proposition 13 which limited taxes to a total maximum rate of 1%, based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum of 2%). With few exceptions, property is only reassessed as a result of new construction activity or at the time it is sold to a new owner. At that point, the property is reassessed based upon the added value of the construction or at the purchase price (market value) or economic value of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

NOTE 2: Other property includes recreational, institutional, government owned, SBE nonunitary, irrigated, dry farm and miscellaneous property

2019		_ 4		775,000		156,498,210		157,273,210	1.72%	1,466.13

NOTES: Details regarding the City's outstanding debt can be found in the notes to the financial statements. General bonded debt is debt that is backed, in whole or in part, by resources of the general government.

¹ See the assessed value and estimated actual value of taxable property schedule (schedule 5) for property value data. Assessed Value has been used because the actual value of taxable property is not readily available in the State of California.

² See the Demographic and Economic Statistiscs Schedule (schedule 15) for population data.

³ Debt per capita for fiscal year 2019 was calculated using population for the prior calendar year.

⁴ No longer considered general bonded debt as the result of the dissolution of the former City of Rialto Redevelopment Agency as of February 1, 2012.

Total net debt applicable to the limit	1.19%	1.15%	1.08%	0.96%	0.85%
as a percentage of debt limit	1.19%	1.15%	1.08%	0.96%	0.85%

NOTES: Under State Finance Law, the City's outstanding general obligation debt should not exceed 15 percent of the total assessed property value. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the state.

TOTAL DIRECT DEBT			\$12,570,691
TOTAL OVERLAPPING DEBT			\$319,217,368
COMBINED TOTAL DEBT			\$331,788,059 (2)

⁽¹⁾ The percentage of overlapping debt applicable to the city is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the city divided by the district's total taxable assessed value..

Ratios to 2018-19 Assessed Valuation:

Total Overlapping Tax and Assessment Debt	1.700%
Total Direct Debt (\$12,570,601)	0.140%
Combined Total Debt	3.630%

Ratios to Redevelopment Successor Agency Incremental Valuation (\$4,341,557,125)

Total Overlapping Tax Increment Debt 2.840%

NOTES: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Colton. This process recognizes that, when considering the city's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident—and therefore responsible for repaying the debt—of each overlapping government.

Source: California Municipal Statistics, Inc.

⁽²⁾ Excludes tax and revenue anticipation notes, revenue, mortgage revenue and non-bonded capital lease obligations.
