For City Council Meeting [July 27, 2021]

TO: Honorable Mayor and City Council

APPROVAL: Marcus Fuller, City Manager

FROM: Michael Tahan, Interim Public Works

Request City Council to Adopt **Resolution No.7759** Approving the 2022/2023 through 2026/2027 Measure I Five-Year Capital Project Needs Analysis (CPNA) for the Major Street-Arterial Subprogram.

BACKGROUND

The San Bernardino County Transportation Authority (SBCTA) requires that each local jurisdiction receiving Measure I Funding through the Major Streets-Arterial Subprogram, annually adopt a Five-Year Capital Project Needs Analysis (CPNA) indicating anticipated funding reimbursement requests through the program. The adopted Measure I implementation plan provides a comprehensive set of policies that govern the use of Measure I funds, and the CPNA identifies Arterial Subprogram projects by fiscal year and includes funding sources, funding amounts, and project phasing where appropriate. SBCTA requires this information to manage the Major Street-Arterial Subprogram cash flow and regional project funding.

Local jurisdictions are encouraged to forward the adopted plan to SBCTA by September 30, 2021. SBCTA uses the CPNA from each jurisdiction to determine the anticipated funding needs of the Arterial Subprogram in the upcoming budget for fiscal year 2021/2022. SBCTA's Strategic Plan also requires that local jurisdictions match a certain percentage of the total project cost as a fair share from new development with the remainder allocated by SBCTA (59.10 percent); the City of Rialto's local share is 40.90 percent. The local fair share match from new development is a requirement of Measure I and the match amount is in accordance with the regional SBCTA Nexus Study, which identified the proportion of new development expected through the life of Measure I, assuming full build out of the General Plan. The intent is for local agencies to collect a regional impact fee from new development to fund the local fair share match.

ANALYSIS/DISCUSSION

In fiscal year 2020/2021, SBCTA approved the Arterial Subprogram under the Major Streets Program with the following funding allocation, shown in **Table 1**, for each jurisdiction. Allocations for the City of Rialto from FY2010/2011 thru FY2021/2022 are \$7,057,028. As of May 31, 2021 the City of Rialto has received \$4,411,246 in reimbursements and has an allocation balance of \$2,645,782 which includes the FY2020/2021 allocation of \$903,469, supplemental allocation for FY2020/2021 of \$718,223 and the FY2021/2022 allocation in the amount of \$1,024,090.
