

# City of Rialto

## Legislation Text

---

**File #:** WS-21-0865, **Version:** 1

---

For Water Subcommittee Meeting [November 17, 2021]

TO: Honorable Chairperson and Commission

FROM: Thomas J. Crowley, P.E., Utilities Manager

Septic Systems in the City of Rialto

### **BACKGROUND**

Staff has been looking into the issue of septic systems in the City of Rialto. Where are they located, possible costs, and how to implement a program to convert the septic systems to the sewer system.

### **ANALYSIS/DISCUSSION**

Staff has prepared a presentation, **Attachment 1**, on the location of the septic systems and how they can be broken down into different project configurations and associated costs. Also, would like to discuss different funding options: WIFIA, Assessment Districts, State Revolving Funds, Grants, etc.

### **RECOMMENDATION**

Discussion on septic systems and potential project configurations in the City of Rialto.
